Ancient Syracuse Richard Evans,2016-03-22 Syracuse possesses a unique place in the history of the ancient Mediterranean because of its contribution to Greek culture and political thought and practice Even in the first century BC Cicero could still declare You have often heard that of all the Greek cities Syracuse is the greatest and most beautiful Sicily's strategic location in the Mediterranean brought the city prosperity and power placing it in the first rank of states in the ancient world The history and governance of the city were recorded from the fifth century BC and the volume of literary sources comes close to matching the records of Athens or Rome Combining literary and material evidence this monograph

traces the history of Syracuse offering new arguments about the date of the city's foundation and continues through the fifth century when as a democracy Syracuse's military strength grew to equal that of Athens or Sparta surpassing them in the early fourth century under the tyrant Dionysius I. From ca 350 BC however the city's fortunes declined as the state was wracked with civil strife as the tyranny lost control. The result was a collapse so serious that the city faced complete and imminent destruction.

Transformation: A Personal Journey Through the British Transformers Comic Volume 2: 1987-1989 Stuart Webb, 2017-07-11 By 1987 the British Transformers was at the peak of its powers. Alternating between US reprints showing the struggle for leadership within the Autobot and Decepticon forces and UK material dealing with the insane future Decepticon Galvatron's attempts to rule yesterday what had started as a toy advert had become a sprawling space opera seared into the minds of an entire generation. Stuart Webb was one such reader and in 2012 he began a journey looking through every single issue of the series commenting on its highs and lows. He became the first person to look at every backup strip and editorial and how they worked together to create the most thorough exploration of a publishing phenomenon ever undertaken. It's also highly personal full of humour and silliness and even the occasionally thoughtful moment. The final result is an essential read not just for Transformers fans but also for those interested in the history of Marvel UK and the impact this simple little comic had on an entire generation.
