The Tain Penguin Classics:

The Tain, 2009-02-24 A brilliant and altogether engaging new translation Los Angeles Times of the greatest epic in Irish literature The Tain Bo Cualinge centrepiece of the eighth century Ulster cycle of heroic tales is Ireland's great epic on par with Beowulf and The Aeneid The story of the emergence of a hero a paean to the Irish landscape and a bawdy and contentious marital farce The Tain tells of a great cattle raid the invasion of Ulster by the armies of Medb and Ailill Queen and King of Connacht and their allies seeking to carry off the great Brown Bull of Cualige The hero of the tale is Cuchulainn the Hound of Ulster who resists the invaders single handed while Ulster's warriors lie sick In its first translation in forty years Ciaran Carson brings this seminal work of Irish literature fully to life capturing all of its visceral power in what acclaimed poets Seamus Heaney and Paul Muldoon individually called one of the best books of the year For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators **The Penguin**

John T. Koch, Antone Minard, 2012-08-08 This succinct accessible two volume set covers all aspects of Celtic historical life from prehistory to the present day The study of Celtic history has a wide international appeal but unfortunately many of the available books on the subject are out of date narrowly specialized or contain incorrect information Online information on the Celts is similarly unreliable This two volume set provides a well written up to date and densely informative reference on Celtic history that is ideal for high school or college aged students as well as general readers The Celts History Life and Culture uses a cross disciplinary approach to explore all facets of this ancient society The book introduces the archaeology art history folklore history linguistics literature music and mythology of the Celts and examines the global influence of their legacy Written entirely by acknowledged experts the content is accessible without being simplistic Unlike other texts in the field The Celts History Life and Culture celebrates all of the cultures associated with Celtic languages at all periods providing for a richer and more comprehensive examination of the topic **Blood of the Celts** Jean Manco, 2015-09-22 From prehistory to the present day an unrivaled look deep into the contentious origins of the Celts Blood of the Celts brings together genetic archaeological and linguistic evidence to address the often debated question who were the Celts What

peoples or cultural identities should that term describe And did they in fact inhabit the British Isles before the Romans arrived Author Jean Manco challenges existing accounts of the origins of the Celts providing a new analysis that draws on the latest discoveries as well as ancient history In a novel approach the book opens with a discussion of early medieval Irish and British texts allowing the Celts to speak in their own words and voices It then traces their story back in time into prehistory to their deepest origins and their ancestors before bringing the narrative forward to the present day Each chapter also has a useful summary in bullet points to aid the reader and highlight the key facts in the story *The God who Deconstructs Himself* Nick Mansfield,2010 A rich and provocative reading the focus of which contributes a new perspective to the literature on Derrida and deconstruction Veronique Foti Pennsylvania State University *The Middle Ages in the Modern World* Bettina Bildhauer,Chris Jones,2017-09-28 This book provides many fresh perspectives on why and how the Middle Ages continue to matter so much in the 21st century It is therefore as much about recent cultural and political history as it is about medieval history and medieval literature The introduction provides a long overview of medievalism from the 14th to the 21st centuries *The Táin* ,2002-09-26 The T in B Cuailnge centre piece of the eighth century Ulster cycle of heroic tales is Ireland s greatest epic It tells the story of a great cattle raid the invasion of Ulster by the armies of Medb and Ailill queen and king of Connacht and their allies seeking to carry off the great Brown Bull of Cuailnge The hero of the tale is Cuchulainn the Hound of Ulster who resists the invaders single handed while Ulster s warriors lie sick Thomas Kinsella presents a complete and living version of the story His translation is based on the partial texts in two medieval manuscripts with elements from other versions and adds a group of related stories which prepare for the action of the T in Illustrated with brush drawings by Louis le Brocquy this edition provides a combination of medieval epic and modern art Called Beyond Our Selves Erin VanLaningham,2024 Higher education today faces challenges from all sides but college can provide young people with an opportunity to explore what it means to live a meaningful life Increasingly undergraduate education encourages students to reflect on their many callings in life but this does not need to be a purely individual pursuit This volume provides an argument for helping students to think about the interconnectedness of individual and communal life as they reflect on their various vocations **The Cold of May Day Monday** Robert Anthony Welch,2014-05-22 The Cold of May Day Monday offers an individual view of the history of Irish literature from its very earliest phases up to the present day more or less with discussions of major writers such as Friel Heaney Derek Mahon McGahern and John Banville Robert Welch traces the roots of Irish literature in myth and legend and explores ancient and pre Celtic deposits and remembrances saga literature as well as devotional writing the bardic heritage and the cycles of tales of early Ireland the importance and survival of folklore and the later phases of Irish literature from the seventeenth century onwards Welch frames his study around themes and clusters rather than chronology seeking to retain coherence by means of a sustained attention to the thematic strains Substantial attention is paid to the figure of the Hag in Irish literary culture The often deeply troubled relations

between Ireland and England inevitably call for treatment as well most notably in chapters examining the Great Famine and its consequences for literature and cultural expression Yeats is one of the key figures as are O Casey and Synge but the focus is on their literary output not their political experiences though these are not overlooked Robert Welch offers a readable account of a fascinating literary history providing insights into the connections between Irish legend and literature and accounts of some of the best Irish writers of the twentieth century Beeley Far The North Bruce Rimell, 2023-11-01 In summer 2022 poet and artist Bruce Rimell visited the Coasts of Antrim Northern Ireland After a lifetime reading Irish mythology and wandering that ancient landscape in his mind for years this was the first time he had set foot on the physical island itself Unsurprisingly his imagination caught fire and Beeley far The North is the result Framed as a picaresque jaunt around the region of Ballycastle taking in notable legends and landmarks from around the town as well as Rathlin Island this eccentric narrative poem takes as its primary inspiration the Middle Irish tale Buile Suibhne or in Seamus Heaney's translation Sweeney Astray Rather than retell this tragic story of this frenzied and cursed figure half wildman half broken bird through a different perspective however Bruce chose to take poor Suibhne's madness as a character to inhabit eyes through which to experience this part of Ireland in a madcap way which mirrored the rapid seven days eight nights of his sojourn there In doing this he has also tentatively begun to forge something of a new unconventional and hopefully unique approach to psychogeography which he has playfully termed the beeley Oddly unorthodox but always vibrant in tone Beeley Far The North is an experiment in trying to speak of the human dynamics of landscape in a fresh and hyperactive way

Gods, Heroes, & Kings Christopher R. Fee, 2004-03-18 The islands of Britain have been a crossroads of gods heroes and kings those of flesh as well as those of myth for thousands of years Successive waves of invasion brought distinctive legends rites and beliefs The ancient Celts displaced earlier indigenous peoples only to find themselves displaced in turn by the Romans who then abandoned the islands to Germanic tribes a people themselves nearly overcome in time by an influx of Scandinavians With each wave of invaders came a battle for the mythic mind of the Isles as the newcomer's belief system met with the existing systems of gods legends and myths In *Gods Heroes and Kings* medievalist Christopher Fee and veteran myth scholar David Leeming unearth the layers of the British Isles' unique folkloric tradition to discover how this body of seemingly disparate tales developed The authors find a virtual battlefield of myths in which pagan and Judeo-Christian beliefs fought for dominance and classical Anglo-Saxon Germanic and Celtic narrative threads became tangled together The resulting body of legends became a strange but coherent hybrid so that by the time Chaucer wrote *The Wife of Bath's Tale* in the fourteenth century a Christian theme of redemption fought for prominence with a tripartite Celtic goddess and the Arthurian legends of Sir Gawain itself a hybrid mythology Without a guide the corpus of British mythology can seem impenetrable Taking advantage of the latest research Fee and Leeming employ a unique comparative approach to map the origins and development of one of the richest folkloric traditions Copiously illustrated with excerpts in translation from the

original sources Gods Heroes and Kings provides a fascinating and accessible new perspective on the history of British mythology

Myths and Legends of the Medieval World Paul Watts,2025-02-05 No one can deny the enduring power of medieval myths and legends Tales of King Arthur Merlin Robin Hood Sir Lancelot magic dragons giants demons and the Holy Grail are as fascinating for us today as they have ever been However the stories we have inherited from our medieval forebears have often been transformed by the embellishments and additions of later generations In every century since the Middle Ages stories have been re imagined re told and sometimes radically changed to suit the audience of the day This book aims to transport the reader back to the age of the Plantagenets and re tell these stories as they would have been understood at the time It explores the stories in detail and looks at what they meant to people living then how they were told and why they were important Myths and Legends of the Medieval World provides a detailed account of medieval mythology in its original context It offers a window into a medieval mind set in which such things as angels demons visions magic holy relics and other supernatural entities were an accepted reality Explore some of the most puzzling and captivating mysteries of the Middle Ages What lay behind the legend of the Holy Grail How did people regard the perilous world of the medieval fairy How did the medieval world view witchcraft And what happened during the infamous trial of the Templars These are all questions that Myths and Legends of the Medieval World sets out to answer

The Little Book of the Wild Atlantic Way Helen Lee,2021-06-25 Did you know that the inventor of the submarine was born along the west coast of Ireland that ships from the Spanish Armada floundered off the Irish Atlantic seaboard and that guns for the 1916 Easter Rising were to be landed at Barna Strand in Co Kerry but the ship The Aud was intercepted by the British Navy Did you know that there was a plan to smuggle Marie Antoinette from France and away from Madame Guillotine to Dingle that the Fasnet Rock off the south coast is known as the tear drop of Ireland and that Maureen O Hara s husband was a flying boat pilot who regularly flew into the flying boat station at Foynes And did you know that Martello towers were built along the western seaboard during the Napoleonic Wars in case Napoleon tried to invade Great Britain via the back door This fact packed little book is full of all sorts of information that will surprise even those who think they know the towns and villages along the Wild Atlantic Way
