The Tale Of The Unicorn:

The Tale of a Unicorn Florence R. S. Kaye,1998-03-01 *The Tale of the Unicorn* Otfried Preussler,1992-11-17 Three brothers set out to hunt for the unicorn whose horn is made of ivory and whose hooves are pure gold **Children's Books and Their Creators** Anita Silvey,1995 Unique in its coverage of contemporary American children's literature this timely single volume reference covers the books our children are or should be reading now from board books to young adult novels Enriched with dozens of color illustrations and the voices of authors and illustrators themselves it is a cornucopia of delight 23 color 153 b w illustrations *The Transnational Beat Generation* N. Grace,2012-03-15 This collection maps the Beat Generation movement exploring American Beat writers alongside parallel movements in other countries that shared a critique of global capitalism Ranging from the immediate post World War II period and continuing into the 1990s the essays illustrate Beat participation in the global circulation of a poetics of dissent *Journey To Osm - The Blue Unicorn's Tale* Sybrina Durant,2018-12-16 Facing extinction the Metal Horned Unicorns of MarBryn are desperate for hope Any hope So when the Oracle reveals the prophecy promising just that the remaining members of the tribe pin their future on the birth of a young foal Hope becomes despair when the baby unicorn is born without metal because without metal there is no magic And without magic this little blue newborn has no chance to defeat the evil sorcerer that has imprisoned all of MarBryn Magh's rule proves both harsh and brutal and by the time Blue comes of age there are only twelve metal horns left in all of MarBryn Eleven can claim some form of metal based magic but one must get by on sheer grit will and the desire to avenge his parents untimely deaths Like most of the metal horns Blue disregards the prophecy as nonsense but driven by his insecurities he covertly trains for a fight he's ill equipped to win And then hope comes back around For Blue For the Metal Horn Unicorns of MarBryn But can a unicorn with no metal no magic answer the call of fate The Blue Unicorn's Journey To Osm Illustrated book was a feast for the eyes but the story was short This novel is the expanded version of that story **His Abducted Bride** Ruth Ann Nordin,2013-07-30 All Sandy Davis wants is to forget about romance Romance is for other people not for her She's been rejected too many times and doesn't want anything else to do with it To escape she writes an epic fantasy picturing herself as the queen who rises against the threat of King Blackheart who is determined to conquer her kingdom Just as she's going to write the ending where she kills him he arranges it so that he takes her into the story But he doesn't abduct her so she'll be his prisoner His plan is to make her his wife and prove that he's not the villain she's made him out to be **The Search for Wholeness and Diaspora Literacy in Contemporary African American Literature** Silvia Castro-Borrego,2011-05-25 This volume has as a cohesive argument the exploration of the different manifestations of the search for wholeness and spirituality in the writings of contemporary African American women writers covering different literary genres such as fiction both novels and short stories drama and poetry Together with the issue of spirituality the African American search for wholeness is analyzed as a source of creativity and agency As expressed in the contemporary

literature of black women writers starting in the 1980s the search for wholeness reflects a beauty realized through the healing of the spirit and the body and is a process that takes on dimensions of reconciling the past and the present the mythical and the real the spiritual and the physical all in the context of an emerging world view that welcomes synthesis and expects both synthesis and generative contradictions The book will be a valuable collection for scholars of African American literature comparative American Ethnic literature American literature and spirituality as well as women s studies In addition it will be an important text for both undergraduate and graduate students in those fields As Professor Johnnella Butler 2006 points out the African American search for wholeness is tightly linked to the search for freedom and agency Ever since the 19th century African American writers have given expression to an African American self which functions in Western civilization simultaneously as a colonized other and an assertive self Due to the continuous ordeal of the African Diaspora this self is caught in between the binaries proposed by the material and the spiritual world seeking a balance where the person can become whole The search for wholeness feeds from cultural roots that imply the presence of ancestral spiritualism rememory and double consciousness Contemporary black women writers reflect the metaphor of building spiritual bridges seeking the possibilities of building a bridge to the archetypal African past that is carried in their memories as a presence that offers sustenance via spiritual reconnection Their works seek to bridge the gap between the myths and traditions of the past and contemporary African American culture The texts included in this collection are examples of writing as an exercise of what V v Clark calls Diaspora literacy The texts written by contemporary African American women writers explicitly show how to recognize and read the cultural signs left scattered along the road of progress In this way material acquisition is achieved along with cultural dispossession becoming a metaphor for the history of the African in America The powerful message is that one should not exclude the other
