The Sorrows Of Young Werther Dover Thrift Editions:

The Sorrows of Young Werther Johann Wolfgang von Goethe, 2012-03-27 Goethe addresses issues of love death and redemption in an influential portrayal of a character who struggles to reconcile his artistic sensibilities with the demands of the objective world

Paracosm Andrew Spano, 2025-07-22 Paracosmos Misadventures in Unreality is a psycholinguistic and social analysis of the phenomenon of the paracosm a detailed imaginary world which manifests itself in public discourse and experience as an inversion of the real for the unreal and the unreal for the real In particular this book uses two particular events in 2015 as examples of various characteristics of this phenomenon the mysterious case of Ellen Brody parking her car on train tracks in front of an on coming commuter rail train in New York and Andreas Lubitz deliberately crashing his Germanwings passenger plane into a mountainside in Switzerland This book is an attempt to answer what these events might represent in the emerging ethical aesthetic of public consciousness driven by the manufacture of a paracosm in mass media and consumer culture The matter is examined from the perspectives of psychology psychiatry neurology linguistics politics sociology phenomenology and ethics in an attempt to understand the problem holistically Peer reviewed papers as well as classical works are analysed in an attempt to provide the reader with a comprehensive resource to understand what is described by the text as the paracosm of an imaginary world at odds with the fundamental mechanics of the analog physical world

Psychoanalytic Approaches to Loss Timothy Keogh, Cynthia Gregory-Roberts, 2018-09-18 Psychoanalytic Approaches to Loss Mourning Melancholia and Couples applies psychoanalytic ideas to the clinically complex issue of loss in couples and families and outlines a new model for the treatment of associated unresolved grief In line with contemporary approaches to couple and family psychoanalysis this integrated object relations and link theory model provides a clear framework and approach for assessing and treating this clinical presentation The book brings together contributions from internationally known and respected clinicians and authors who focus on loss including repeated pregnancy loss the loss of a child or parent and the loss of a relationship itself These psychoanalytic couple therapists take the reader inside their consulting rooms enabling observation of their approaches to the treatment of couples experiencing loss and associated unresolved grief Psychoanalytic Approaches to Loss Mourning Melancholia and Couples will make an important contribution to the literature on grief and mourning and the application of psychoanalytic thinking to couples presenting with difficulties linked to unresolved grief following loss It represents an essential resource to psychotherapists counsellors family therapists mental health professionals and many others supporting those experiencing loss

Scientific Collaboration Jeanne M. Fair, 2023-10-31 A narrative guide to help scientists improve their collaboration techniques and build trusting relationships with their research teams The days of scientists conducting solitary inquiries in isolated labs are effectively over with most researchers instead collaborating in cross functional teams In addition to mastering the technical skills necessary in their respective fields scientists must now learn strategies for better communication and relationship building to succeed in

reaching their research goals In Scientific Collaboration biosecurity researcher and animal disease ecologist Jeanne M Fair shares exciting and occasionally cringeworthy true stories of scientists working together These examples provide an approachable way to introduce the principles crucial to effective scientific collaboration From the global community of scientists measuring sea ice decline to cooperative private public sector investigations of harrowing virus outbreaks the experiences described demonstrate how scientists can rise to meet challenges together Fair explains how to foster the principles of community integrity loyalty communication and compassion among teams Scientists adopting and applying these principles will improve communication and trust among team members while they work toward the common goal of discovery Highlighting multidisciplinary research teams that have achieved transformational breakthroughs as well as stories of tough lessons learned Scientific Collaboration provides a foundation for increasing research productivity while bringing more fun into the collaborative process This book will appeal to all scientists and team leaders in this new scientific world wherein the most important breakthroughs happen through cooperation combined effort and mutual trust
