Bruno Schulz Benjamin Balint, 2023-04-11 Winner of the 73rd National Jewish Book Award for Biography A New York Times Book Review Editors Choice A fresh portrait of the Polish Jewish writer and artist and a gripping account of the secret operation to rescue his last artworks The twentieth century artist Bruno Schulz was born an Austrian lived as a Pole and died a Jew First a citizen of the Habsburg monarchy he would without moving become the subject of the West Ukrainian People's Republic the Second Polish Republic the USSR and finally the Third Reich Yet to use his own metaphor Schulz remained throughout a citizen of the Republic of Dreams He was a master of twentieth century imaginative fiction who mapped the anxious perplexities of his time Isaac Bashevis Singer called him one of the most remarkable writers who ever lived Schulz was also a talented illustrator and graphic artist whose masochistic drawings would catch the eye of a sadistic Nazi officer Schulz's art became the currency in which he bought life Drawing on extensive new reporting and archival research Benjamin Balint chases the inventive murals Schulz painted on the walls of an SS villa the last traces of his vanished world into multiple dimensions of the artist's life and afterlife Sixty years after Schulz was

murdered those murals were miraculously rediscovered only to be secretly smuggled by Israeli agents to Jerusalem The ensuing international furor summoned broader perplexities not just about who has the right to curate orphaned artworks and to construe their meanings but about who can claim to stand guard over the legacy of Jews killed in the Nazi slaughter By re-creating the artist's milieu at a crossroads not just of Jewish and Polish culture but of art, sex and violence Bruno Schulz itself stands as an act of belated restitution offering a kaleidoscopic portrait of a life with all its paradoxes and curtailed possibilities

also astonishing always as the enormously insightful readings in *The Art of Astonishment* show Brittan reveals the concept's breadth as sacred and secular ancient and recent lived and literary And in so doing she shows us how the act of reading is like grace social but personal pleasurable and essential

Objects in Air Margareta Ingrid Christian, 2021-06-07 Margareta Ingrid Christian unpacks the ways in which around 1900 art scholars critics and choreographers wrote about the artwork as an actual object in real time and space surrounded and fluently connected to the viewer through the very air we breathe Theorists such as Aby Warburg Alois Riegl Rainer Maria Rilke and the choreographer Rudolf Laban drew on the science of their time to examine air as the material space surrounding an artwork establishing its milieu atmosphere or environment Christian explores how the artwork's external space was seen to work as an aesthetic category in its own right beginning with Rainer Maria Rilke's observation that Rodin's sculpture exhales an atmosphere and that Cezanne's colors create a calm silken air that pervades the empty rooms where the paintings are exhibited Writers created an early theory of unbounded form that described what Christian calls an artwork's ecstasis or its ability to stray outside its limits and engender its own space Objects viewed in this perspective complicate the now fashionable discourse of empathy aesthetics the attention to self-projecting subjects and the idea of the modernist self-contained artwork For example Christian invites us to historicize the immersive spatial installations and environments that have arisen since the 1960s and to consider their origins in turn of the twentieth century aesthetics Throughout this beautifully written work Christian offers ways for us to rethink entrenched narratives of aesthetics and modernism and to revisit alternatives

The Soul of the Marionette John Gray, 2015-05-19 Compared with that of humans the life of the marionette looks more like an enviable state of freedom In his brilliantly enjoyable and freewheeling new book John Gray draws together the religious philosophic and fantastical traditions that question the very idea of human freedom We flatter ourselves about the nature of free will and yet the most enormous forces logical physical metaphysical constrain our every action Many writers and intellectuals have always understood this but instead of embracing our condition we battle against it with everyone from world conquerors to
