The Sword of the Archangel Peter Ioanid, 1990 **Antisemitism, Christian Ambivalence, and the Holocaust** Kevin P. Spicer, 2007-05-31 Thirteen essays exploring the role of antisemitism in the political and intellectual life of Europe In recent years the mask of tolerant secular multicultural Europe has been shattered by new forms of antisemitic crime Though many of the perpetrators do not profess Christianity antisemitism has flourished in Christian Europe In this book thirteen scholars of European history Jewish studies and Christian theology examine antisemitism's insidious role in Europe's intellectual and political life The essays reveal that annihilative antisemitic thought was not limited to Germany but could be found in the theology and liturgical practice of most of Europe's Christian churches They dismantle the claim of a distinction between Christian anti Judaism and neo pagan antisemitism and show that at the heart of Christianity hatred for Jews overwhelmingly formed the milieu of twentieth century Europe This volume's inclusion of essays on several different Christian traditions as well as the Jewish perspective on Christian antisemitism make it especially valuable for understanding varieties of Christian antisemitism and ultimately the practice and consequences of exclusionary thinking in general In bringing a range of theological and historical perspectives to bear on the question of Christian and Nazi antisemitism the book broadens our view on the question and is of great value to historians and theologians alike Maria Mazzenga Catholic University of America H Catholic February 2009 Sheds light on and offers steps to overcome the locked in conflict between Jews and Christians along the antisemitic path from Calvary to Auschwitz and beyond Zev Garber Los Angeles Valley College and American Jewish University Shofar An Interdisciplinary Journal of Jewish Studies Vol 27 No 1 Fall 2008 The Fascist Faith of the Legion "Archangel Michael" in Romania, 1927-1941 Constantin Iordachi, 2022-12-30 The Fascist Faith of the Legion Archangel Michael in Romania 1927 1941 engages critically with recent works on fascism totalitarianism and religion and advances an original theoretical and methodological approach to fascism as a political faith On this basis the book constructs an innovative comparative research framework for reconceptualizing the history of the Legion Archangel Michael

in Romania 1927 1941 It contends that the Legion put forward a palingenetic political faith of a theological type called Legionarism To provide a comprehensive analysis of the origins main features mechanisms of institutionalization and demise of this self proclaimed salvific political faith the book documents the palingenetic foundations of the Legionary faith the syncretism between fascist and Christian rites and rituals and the intricate relationship between the Legion and the Orthodox Church and its dogma The book documents three main sacrificial strategies employed by the Legion to re evangelize the people in the new faith 1 the appropriation of the cult of the fallen soldiers 2 terrorist missions meant to create fascist heroes through violent sacrifice and 3 sanctification through heroic fight for Christianity in the Spanish Civil War in an attempt to link Legionarism with the transnational crusade against Judeo Bolshevism As well as providing a detailed historical and interpretive account of the Legion the book makes a significant contribution to debates about defining fascism and its relation to religion It also provides novel comparative perspectives for studying other attempts at constructing fascist faiths in interwar Europe most notably in Fascist Italy and Nazi Germany but also in Central and Eastern Europe This book will be of interest to students and scholars of fascism Romanian studies politics and religion political theory totalitarianism youth radicalization violence and the emergence of terrorism Fascism: The 'fascist epoch' Roger Griffin, Matthew Feldman, 2004

The nature of fascism has been hotly contested by scholars since the term was first coined by Mussolini in 1919 However for the first time since Italian fascism appeared there is now a significant degree of consensus amongst scholars about how to approach the generic term namely as a revolutionary form of ultra nationalism Seen from this perspective all forms of fascism have three common features anticonservatism a myth of ethnic or national renewal and a conception of a nation in crisis This collection includes articles that show this new consensus which is inevitably contested as well as making available material which relates to aspects of fascism independently of any sort of consensus and also covering fascism of the inter and post war periods This is a comprehensive selection of texts reflecting both the extreme multi faceted nature of fascism as a phenomenon and the extraordinary divergence of interpretations of fascism Intellectuals and Fascism in Interwar Romania Cristina A. Bejan, 2019-08-23 In 1930s Bucharest some of the country's most brilliant young intellectuals converged to form the Criterion Association Bound by friendship and the dream of a new modern Romania their members included historian Mircea Eliade critic Petru Comarnescu Jewish playwright Mihail Sebastian and a host of other philosophers and artists Together they built a vibrant cultural scene that flourished for a few short years before fascism and scandal splintered their ranks Cristina A Bejan asks how the far right Iron Guard came to eclipse the appeal of liberalism for so many of Romania's intellectual elite drawing on diaries memoirs and other writings to examine the collision of culture and extremism in the interwar years The first English language study of Criterion and the most thorough to date in any language this book grapples with the complexities of Romanian intellectual life in the moments before collapse **The Holocaust in the Romanian Borderlands** Mihai Poliec, 2019-06-14 This volume examines the changing role which ordinary members of

society played in the state sponsored persecution of the Jews in Bukovina and Bessarabia both during the summer of 1941 when Romania joined the Nazi invasion of the Soviet Union and beyond It establishes different patterns of civilian complicity and discusses the significance of the phenomenon in the context of the exterminatory campaign pursued by the Romanian military authorities against the Jews living in the borderlands *Beyond the Fascist Century* Constantin Iordachi, Aristotle Kallis, 2020-11-11 This book evaluates the current and future state of fascism studies reflecting on the first hundred years of fascism and looking ahead to a new era in which fascism studies increasingly faces fresh questions concerning its relevance and the potential reappearance of fascism This wide ranging work celebrates Roger Griffin s contributions to fascism studies in conceptual and definitional terms but also in advancing our understanding of fascism which have informed related research in a number of fields and directions since the 1990s Bringing together three generations of fascism scholars the book offers a combination of broad conceptual essays and contributions focusing on particular themes and facets of fascism The book features chapters which although diverse in their approaches explore Griffin s work while also engaging critically with other schools of thought As such it identifies new avenues of research in fascism studies placing Griffin s work within the context of new and emerging voices in the field *Analysing Fascist Discourse* Ruth Wodak, John E. Onset of the Romanian Holocaust Henry Eaton, 2013-05-15 The first mass killings of the Romanian Holocaust in late June to early July 1941 brutally claimed thousands of victims and marked the beginning of the government's plan to cleanse the land of Jews. Moreover, of all the Third Reich's allies, only Romania undertook its genocide campaign without the intervention of Himmler's SS. In *The Origins and Onset of the Romanian Holocaust*, author Henry Eaton traces the historical path to this tragedy by examining both Romania's antisemitic history and looking at the initial mass killings in detail. First, Eaton traces the roots of the Romanian government's decision to exterminate Jews in Romania and in its annexed areas through its long and often violent antisemitic past. While the decision to target the Jews might have been ordered by dictator Ion Antonescu and his top civil and military officials, Eaton argues that it found its basis in an entrenched cultural abuse of Jews dating back to the nineteenth century. In the second section, Eaton analyzes the Romanian government's first killing operations: the execution of 311 Jewish men, women, and children at St. Na Rosnovanu by men of the Romanian 6th Cavalry Regiment; the great pogrom in the city of Iasi triggered by agents of the government's intelligence service; and the two death trains in which some 2,700 pogrom survivors perished in freight cars turned into ovens by the summer heat. In the final chapters, Eaton examines the victims and perpetrators in detail and addresses the possible German connections to the killings. *The Origins and Onset of the Romanian Holocaust* persuasively challenges the idea that Romania's adoption of murder as state policy was due to outside pressure. Eaton's volume will be illuminating reading for Holocaust studies scholars and readers interested in World War II history.

The Study of Religion Under the Impact of Fascism Horst Junginger, 2008 Addressing the European study of religion in the interwar period, these proceedings tackle one of the most problematic epochs of its history. The commonplace that understanding the present requires learning from the past is particularly true as this case well illustrates.

Fate Unknown Dan Stone, 2023-06-06 Dan Stone tells the story of the last great unknown archive of Nazism: the International Tracing Service. Set up by the Allies at the end of World War II, the ITS has worked until today to find missing persons and to aid survivors with restitution claims or to reunite them with loved ones. From retracing the steps of the death marches with the aim of discovering the burial sites of those murdered across the towns and villages of Central Europe to knocking on doors of German foster homes to find the children of forced labourers, *Fate Unknown* uncovers the history of this remarkable archive and its more than 30 million documents. Under the leadership of the International Committee of the Red Cross, the tracing service became one of the most secretive of postwar institutions, unknown even to historians of the period. Delving deeply into the archival material, Stone examines the little-known sub camps and, after the war, survivors' experience of displaced persons camps, bringing to life remarkable stories of tracing. *Fate Unknown* combs the archives to reveal the real horror of the Holocaust by following survivors' horrific journeys through the Nazi camp system and its aftermath. The postwar period was an age of shortage of resources, bitterness, and revenge. Yet the ITS tells a different story of international collaboration, of commitment to justice, and of helping survivors and their relatives in the context of

Cold War suspicion These stories speak to a remarkable attempt by the ITS before the Holocaust was a matter of worldwide interest to carry out a programme of ethical repair and to counteract some of the worst effects of the Nazis crimes

Fascism without Borders Arnd Bauerkämper, Grzegorz Rossoliński-Liebe, 2017-05-01 It is one of the great ironies of the history of fascism that despite their fascination with ultra nationalism its adherents understood themselves as members of a transnational political movement While a true Fascist International has never been established European fascists shared common goals and sentiments as well as similar worldviews They also drew on each other for support and motivation even though relations among them were not free from misunderstandings and conflicts Through a series of fascinating case studies this expansive collection examines fascism's transnational dimension from the movements inspired by the early example of Fascist Italy to the international antifascist organizations that emerged in subsequent years *Salute to the Romanian Jews in America and Canada, 1850-2010* Vladimir F.
