picture of ancient Egypt that we have today recovered the Egyptian past while inventing it anew and made a lost civilization comprehensible to generations of enchanted readers and viewers thousands of years later This the third of a three volume history of Egyptology follows the progress of the discipline from the trauma of the First World War through the vicissitudes of the twentieth century and into Egyptology's new horizons at the beginning of the twenty first century Wonderful Things affirms that the history of ancient Egypt has proved continually fascinating but it also demonstrates that the history of Egyptology is no less so Only by understanding how Egyptology has developed can we truly understand the Egyptian past

Tutankhamun's Footwear André J. Veldmeijer, 2011 The discovery of Tutankhamun's tomb by Howard Carter in 1922 is one of the most significant archaeological discoveries of all time It took Carter and his team 10 years to clear the contents of the tomb and among the objects found was a large collection of shoes and sandals The footwear is analysed here in detail for the first time since the discovery using Carter's records and Harry Burton's excellent photographs along with the author's analyses of the objects all of which are housed in the Egyptian Museum Cairo and the Luxor Museum Several specialists contributed to the volume discussing the different materials gold vegetable fibre birch bark glass and faience leather gemstones that were used in the footwear Tutankhamun's footwear is compared with other finds in order to be able to put it in a broader context The footwear from the tomb of Yuya and Tjuiu the King's great grandparents are therefore analysed as well In addition to the analysis footwear in texts and two and three dimensional art is considered *Pharaohs of the Sun* Guy de la Bédoyère, 2023-01-03 A vivid story of an astonishing period in ancient Egypt's history 1550 BC to 1295 BC that tears away the gold and glamour to reveal how these great pharaohs ruthlessly ruled Egypt for two hundred and fifty years For more than two centuries Egypt was ruled by the most powerful successful and richest dynasty of kings in its long and epic history They included the female king Hatshepsut the warrior kings Thutmose III and Amenhotep II the religious radical Akhenaten and his queen Nefertiti and most famously of all for the wealth found in his tomb the short lived boy king Tutankhamun The power and riches of the Pharaohs of the 18th Dynasty came at enormous cost to Egypt's enemies and to most of its people This was an age of ruthless absolutism exploitation extravagance brutality and oppression in a culture where not only did Egypt plunder its neighbors but Egyptian kings and their people robbed one another 3 500 years ago ancient Egypt began two centuries of growth where it became richer and more powerful than any other nation in the world ruled by the kings of the 18th Dynasty They presided over a system built on war oppression and ruthlessness pouring Egypt's wealth into grandiose monuments temples and extravagant tombs Tutankhamun was one of the last of the line and one of the most obscure Among his predecessors were some of the most notorious and enigmatic figures of all of Egypt's history *Pharaohs of the Sun* is the story of these famed rulers showing how their glamour and gold became tainted by selfishness ostentation and the systematic exploitation of Egypt's people and enemies **Tutankhamun's Funeral** Herbert E. Winlock, Metropolitan Museum of Art (New York, N.Y.), 2010 In 1907 more than a decade before the discovery of
