Latini, 2011 Contemporary society is in crisis its structures broken and fragmented and its people overstimulated overstressed and thirsty for true communion with the sacred and with one another Yet although more than eighty five percent of congregations in the United States conduct small group ministry too many of these groups begin with no clear sense of purpose structure or spiritual focus and end by veering away from Christian tradition and unknowingly settling for shallow versions of popular Christianity In The Church and the Crisis of Community Theresa Latini lays out both a theoretical groundwork and a practical guideline for successful small group ministry Examining the latest sociological research and the real life practices of small groups in six congregations she shows how well developed groups those with mission statements

leadership training and solid organizational structure can be a truly effective tool in the church's work of transforming broken and shallow forms of community into life giving life sustaining relationships with God and others **Transforming Congregational Culture** Anthony B. Robinson, 2003-01-21 Argues in behalf of transforming main line congregations into missional communities which will give hope to declining churches in the twenty first century Entering Wonderland Robert A. Harris, 2014-10-08 The first year or so of a pastor's tenure in a new congregation is precarious many pastors stay at a new congregation for fewer than five years This handbook helps coach both experienced and new pastors to enter a new congregation effectively Drawing from organizational systems leadership material in religious and secular worlds it offers nearly fifty tips and tools designed to help new pastors analyze their congregation's system and then to lead leaders within the congregation to affect positive change Using imagery from Alice in Wonderland to clarify various archetypal roles within the church community Harris provides concrete suggestions for facilitating communication and dealing with difficult behaviors within the congregation He provides a coaching approach to ministry in which the pastor reframes issues and asks provocative questions a powerful strategy to maximize a new pastor's chances for success Readers will find tools to help them uncover critical information about their new congregation regarding congregational norms particularly regarding the office of pastor conflict and holy objects their history and sense of God's call the true leaders among the congregation mutual accountability *The Disciple Making Church* Glenn McDonald, 2004 Newly expanded and revised edition of bestseller about changing from a program based church to a church making disciples **Becoming a Blessed Church** N. Graham Standish, 2016-05-08 Pastor and author N Graham Standish describes how a church that is open to God's purpose presence and power can claim God's blessing Standish shares the story of Calvin Presbyterian Church in Zelienople Pennsylvania and its journey to become a spiritually deep congregation one that is inwardly and outwardly healthy spiritually psychologically physically and relationally Becoming a Blessed Church will help you discern God's purpose and the path God is calling your congregation to walk This book will help you find Christ in your midst and become aware of the many ways the blessings of God's Spirit flow through your congregation This second edition includes three new practical chapters that answer the questions the author is most frequently asked how to effectively run a group discernment practice how to create an effective small group program and how to set a church vision in a new direction that actually works *Mentoring for Ministry* Craig Thomas Kocher, Jason Byassee, James C. Howell, 2017-05-19 The art of mentoring like all great arts is a grace to be received a gift to be given and a skill that can be learned and practiced This book explores the practice and grace of that art The pastors in these pages share their hard won experience of mentoring and being mentored their wobbles and successes insights and wisdom harvested from years in the vineyard *Responding Faithfully to Generation X* Rev. Dr. Christopher Doyle, 2022-07-12 The research writing and analysis in the pages of this work show the story of how Generation X grew up during one of the greatest periods of technological social political economic and educational change in US history Included in

that story is how the greater percentage of them grew up in the church but then walked away en masse Today Generation X is the smallest percentage of Main Line and Catholic Church membership while the overwhelming majority of church membership is made up of an aging population of Baby Boomers and Silent Generation folk In ten year s time what will be the state of the church when many of the current membership has passed on to eternal life or are no longer able to do what it is that they re doing today Generation X could well be the answer to much of the solution Generation X is generally at a more comfortable place in their lives and are asking the questions about the meaning of their lives while considering issues of mortality Yet at the same time they re having now to care for parents grandchildren and for many Gen Xers their own children still They re busy and committed but they re also spiritually hungry Having had a relationship at one point in their lives they re not completely foreign to what the church can be but the ball is really in the church s court How the church chooses to respond to Generation X could mean life or church closure It s a conversation that needs to take place and that conversation begins here
