Twentieth Century Interpretations Of The Trial A Collection Of Critical Essays

Brendan Moran, Carlo Salzani

Twentieth Century Interpretations Of The Trial A Collection Of Critical Essays:

Twentieth Century Interpretations of The Trial James Rolleston,1976 Twentieth Century Interpretations of The Trial James Rolleston,1976 *Franz Kafka* Neil Heins,Portia Williams Weiskel,Neil Helms,2009 Provides a biography of Franz Kafka along with critical views of his work

Kafka's The Trial Espen Hammer,2018-03-23 Kafka's novel *The Trial* written from 1914 to 1915 and published in 1925 is a multi faceted notoriously difficult manifestation of European literary modernism and one of the most emblematic books of the 20th Century It tells the story of Josef K a man accused of a crime he has no recollection of committing and whose nature is never revealed to him The novel is often interpreted theologically as an expression of radical nihilism and a world abandoned by God It is also read as a parable of the cold inhumane rationality of modern bureaucratization Like many other novels of this turbulent period it offers a tragic quest narrative in which the hero searches for truth and clarity whether about himself or the anonymous system he is facing only to fall into greater and greater confusion This collection of nine new essays and an editor's introduction brings together Kafka experts intellectual historians literary scholars and philosophers in order to explore the novel's philosophical and theological significance Authors pursue the novel's central concerns of justice law resistance ethics alienation and subjectivity Few novels display human uncertainty and skepticism in the face of rapid modernization or the metaphysical as it intersects with the most mundane aspects of everyday life more insistently than *The Trial* Ultimately the essays in this collection focus on how Kafka's text is in fact philosophical in the ways in which it achieves its literary aims Rather than considering ideas as externally related to the text the text is considered philosophical at the very level of literary form and technique **The British Library General Catalogue of Printed Books 1976 to 1982** British Library,1983

Philosophy and Kafka Brendan Moran,Carlo Salzani,2013-04-19 The relationship of philosophy with Kafka's oeuvre is complex It has been argued that Kafka's novels and stories defy philosophic extrapolation conversely it has also been suggested that precisely the tendency of Kafka's writings to elude discursive solution is itself a philosophical tendency one that is somehow contributing to a wiser relationship of human beings with language These matters are the focus of the proposed volume on *Philosophy and Kafka* The proposed collection brings together essays that interrogate the relationship of philosophy and Kafka and offer new and original interpretations The volume obviously cannot claim completeness but it partially does justice to the multiplicity of philosophical issues and philosophical interpretations at stake This variety informs the composition of the volume itself A number of essays focus on specific philosophical commentaries on Kafka's work from Adorno's to Agamben's from Arendt's to Benjamin's from Deleuze and Guattari's to Derrida's A number of essays consider the possible relevance of certain philosophical outlooks for examining Kafka's writings here Kafka's name goes alongside those of Socrates Kant Kierkegaard Nietzsche Wittgenstein Buber Heidegger Blanchot and Levinas Finally a number of essays consider Kafka's writings in terms of a specific philosophical theme such as communication and subjectivity language

and meaning knowledge and truth the human animal divide justice and freedom In all contributions to the volume such themes motifs and interpretations arise To varying degrees all essays are concerned with the relationship of literature and philosophy and thus with the philosophical significance of Kafka s writings
