100 Ideas for Primary Teachers: Questioning Peter Worley, 2019-01-10 No matter what you teach there is a 100 Ideas title for you The 100 Ideas series offers teachers practical easy to implement strategies and activities for the classroom Each author is an expert in their field and is passionate about sharing best practice with their peers Each title includes at least ten additional extra creative Bonus Ideas that won't fail to inspire and engage all learners Questioning is key to effective teaching and learning yet practical questioning strategies that are immediately useable in the classroom can be hard to come by 100 Ideas for Primary Teachers Questioning presents practical strategies games and activities not only to help teachers improve their own questioning in the classroom but also to allow pupils to develop an understanding of how they too can ask effective questions to develop their learning Using philosophical approaches including ownership authenticity balance and Socratic principles Peter Worley co founder of The Philosophy Foundation provides guidance and ideas on how questioning can help pupils reach the next step and activate their own thinking He also encourages teachers to reflect on their practice and the effect of questioning on children's progress The ideas in this book are applicable to all subjects in a primary teacher's curriculum and are ideal for establishing good questioning strategies and a solid understanding of this core element of teaching

Teaching Ethics in Schools Philip Cam, 2012-09-01 *Teaching Ethics in Schools* provides a fresh approach to moral education Rather than conveying a set of mandated values codes of conduct behaviour management plans or religious instruction moral education is presented as an essential aspect of study throughout the school curriculum Ethical concepts from the history of philosophy are introduced which in turn link to ways of thinking about conduct and character The book illuminates all kinds of moral dilemmas and contemporary challenges faced by teachers today Responsibilities of parents vis a vis schools and religious versus secular paradigms are discussed The principles of social diversity and inclusion and the need to find a balance between moralising and permissive social constructs are explored *Teaching Ethics in Schools* shows how an ethical framework forms a natural fit with recent educational trends that emphasise collaboration and inquiry based learning

Philosophy for Children Through the Secondary Curriculum Lizzy Lewis, Nick Chandley, 2012-05-31 *Philosophy for Children P4C* is an approach to learning and teaching that aims to develop reasoning and judgement Students learn to listen to and respect their peers opinions think creatively and work together to develop a deeper understanding of concepts central to their own lives and the subjects they are studying With the teacher adopting the role of facilitator a true community develops in which rich and meaningful

dialogue results in enquiry of the highest order Each chapter is written by a leading P4C expert and provides an introduction to the relationship between P4C and the subject area lesson stimuli and activities for extending and deepening students thinking The book includes guidance on how to embed P4C in curriculum subjects in a crowded and demanding secondary curriculum timetable troubleshooting advice for the teacher turned facilitator a companion website containing useful links downloadable resources and material to display on your interactive whiteboard Edited and collated by the UK s leading P4C organisation this book introduces a rationale for using and adapting P4C in the secondary curriculum Values Education in Schools Mark Freakley, Gilbert Burgh, Lyne Tilt-MacSporran, 2008-07-01 Values Education in Schools is an important resource for teachers involved in values and ethics education It provides a range of practical philosophy resources for secondary school teachers that can be used in English religious education citizenship personal development and social science subjects The materials include narratives to engage students in philosophical inquiry encouraging doing ethics through the activity of philosophy not simply just learning about it **Talk, Thinking and Philosophy in the Primary Classroom** John Smith, 2010-06-01 Talk thinking and philosophy are crucial components of children s learning This book is a practical and readable guide to the ways in which teachers can provide children with the opportunities to develop and use these skills to their greatest effect It begins by asking why talking and thinking should be taught and examines current approaches in this area It goes on to look at how teachers can develop talking and thinking skills across the six Areas of Learning to help children gain confidence and deepen understanding *Philosophical Inquiry with Children* Gilbert Burgh, Simone Thornton, 2018-12-07 Philosophy in schools in Australia dates back to the 1980s and is rooted in the Philosophy for Children curriculum and pedagogy Seeing potential for educational change Australian advocates were quick to develop new classroom resources and innovative programs that have proved influential in educational practice throughout Australia and internationally Behind their contributions lie key philosophical and educational discussions and controversies which have shaped attempts to introduce philosophy in schools and embed it in state and national curricula Drawing together a wide range of eminent scholars and practitioners in the field of educational philosophy this anthology the first of its kind provides not only a historical narrative but an opportunity to reflect on the insights and experiences of the authors that have made history The collection is divided into three parts The overarching theme of Part I is the early years of Philosophy for Children in Australia and how they informed the course that the philosophy in schools movement would take Part II focuses on the events and debates surrounding the development and production of new materials including arguments for and against the suitability of the original Philosophy for Children curriculum In Part III key developments relating to teaching philosophy in schools are analysed This collection of diverse views critical appraisals and different perspectives of historical currents is intended to stimulate thought provoking questions about theory and practice and to increase general awareness both nationally and internationally of the maturation of philosophy in schools in Australia It is also intended to encourage readers

to identify emerging ideas and develop strategies for their implementation History, Theory and Practice of Philosophy for Children Saeed Naji, Rosnani Hashim, 2017-04-21 This book on Philosophy for Children P4C is a compilation of articles written by its founders and the movement's leaders worldwide. It comprises four parts: 1. history, philosophy and theoretical foundations; 2. specialized uses of philosophical dialogues; 3. theoretical concerns; and 4. the issues and challenges in the implementation of P4C worldwide. The book concludes with a notable review of the progress of P4C, the obstacles, and its international spread to over 60 countries. These penetrating insights make the book an incredibly rich resource for anyone interested in or involved with implementing a P4C programme. *Abitare la domanda* Claudio Calliero, Alberto Galvagno, 2010 Popular Science, 2004-12 Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.
