

Terminating and Repeating Decimals

Terminating Decimal: a decimal that stops or terminates.

Repeating Decimal: a decimal that repeats the same digits without end.

Directions: Divide each of the problems. Express your answer as a decimal. If the problem doesn't divide evenly, add a decimal and a zero until the problem comes out evenly, or you can find a repeating pattern. If the decimal is repeating, place a line over the repeating portion. Show ALL of your work.
