Words Made Flesh Words Made Flesh:

Words Made Flesh Justine Bakker, David Kline, 2025-06-03 The first sustained treatment of religion and religions in the scholarship of a prominent Caribbean thinker Sylvia Wynter is a profoundly transdisciplinary scholar whose works span an impressive array of theory literature science anthropology philosophy and religious studies as well as different forms including essays plays a novel and a 935 page unpublished manuscript entitled *Black Metamorphosis New Natives in a New World* Whatever the medium Wynter frequently engages religion as a relevant category of analysis from reflections on Christianity Islam and Rastafarianism to the category and role of religion as a universal aspect of human social production Wynter's writings have received enthusiastic attention by scholars in Black studies Caribbean theory critical race theory literature and philosophy But until recently little scholarly writing exists that directly engages the topic of religion in her corpus *Words Made Flesh* seeks to fill this gap by focusing exclusively on religion religions and religiosity in her work Bringing together scholars that provide a wide variety of theoretical perspectives on religion political theology social theory and science studies this book offers an in depth engagement with one of the most innovative and important thinkers of the last forty years and illustrates how Wynter's writing has significant implications for the study of religion and religion's relationship to colonialism race humanism science and political theology **Words Made Flesh** Patricia Lynn Reilly, 2004

The Word Made Flesh Anthony J. Marinelli, 1993 A summary of the essentials of Catholic Christian faith for those without any sophisticated background in theology Ideal for use in adult education classes as well as high school classes **The Sacrament of the Word Made Flesh** Robert J. Stamps, 2013-08-01 Robert Stamps offers us a compelling case for the significance of the theology of Thomas Torrance to current discussions about Trinitarian doctrine and worship He shows that Torrance's Christology and Eucharistic thought validates the Reformed confession of a profound real spiritual presence in the Eucharist This book serves as a helpful introduction to Torrance especially his framing of revelation Moreover it invigorates our understanding of the theological meaning of sacramental devotion Its readers will be stimulated provoked and dare I say inspired by its insights into and critiques of one of the most important and recent Reformed thinkers In sum this is a timely and exciting book It will well serve pastors theologians and thoughtful Christians of many theological perspectives MARK VALERI E T Thompson Professor of Church History Union Theological Seminary Virginia One of the values of this work is that it has deliberately sought not so much to discuss a particular problem or a collection of issues as to identify Torrance as an example of an archetypal Reformed theology of the Eucharist To say that Dr Stamps has been industrious is patently an understatement the truth is that he has been indefatigable in his search for the least morsel that Torrance offers Yet it is not so much as a study of Torrance that this book is to be commended its great value is that it offers a contextualization of Torrance's thinking on the Eucharist in ecclesiology the more general dimension of an incarnational theology as well as his understanding of cosmology and epistemology I hope that Dr Stamps book will not only find grateful readers but will be

repaid by profound reflection on this symbol of the heart of faith JOHN HEYWOOD THOMAS Emeritus Professor of Theology University of Nottingham *The Word Made Flesh* Eugene Peterson, 2010-03-18 THE WORD MADE FLESH is Eugene Peterson at his best writing about words and the way we are called to use them Continuing Peterson's evaluation of contemporary Christian Spirituality THE WORD MADE FLESH is an extended meditation on language and the way it should be used in Christian community As with the first three books in the series THE WORD MADE FLESH is written for both lay and academic audiences Challenging but deeply rewarding it combines scholarship with the human experience and lightness of touch for which Peterson is known Also available in the Spiritual Theology series Christ Plays in Ten Thousand Places Eat This Book The Jesus Way and Practise Resurrection Word Made Global Mark R. Gornik, 2011-07-22 A groundbreaking work of ethnography urban studies and theology Mark Gornik's Word Made Global explores the recent development of African Christianity in New York City Drawing especially on ten years of intensive research into three very different African immigrant churches Gornik sheds light on the pastoral spiritual and missional dynamics of this exciting global transnational Christian movement *Within the Love of God* Anthony Clarke, Andrew Moore, 2014-11-27 The doctrine of God is central to theology for it determines the way in which other regions of Christian doctrine are articulated yet work on this topic in its own right has been occluded recently by treatments of the Trinity or divine passibility This collection of specially commissioned essays presents major treatments of key themes in the doctrine of God motivated by but not restricted to the work of Professor Paul S Fiddes to whom it is offered as a Festschrift It includes invigorating discussions of the biblical and non biblical sources for the doctrine of God and the section on Metaphysics and the Doctrine of God examines some of the most important conceptual questions arising in contemporary theological debate about the being and nature of God and God's relations to the world The final section of the book on God and Humanity will be highly relevant to scholars working in the fields of theological anthropology moral and political theology on inter faith relations on theology and literature or who are interested in the impact of contemporary science on the doctrine of God The introduction relates the essays in the book to the work of Professor Fiddes and to wider debates in Christian doctrine This volume brings together a team of internationally distinguished scholars from a wide range of theological philosophical and religious perspectives and it will stimulate fresh thinking and new debate about this most central of topics in Christian theology **An investigation of "Unitarian remarks on a compliance with the inquirer's request", &c., addressed to Mr. J. Ashworth, etc** Thomas PILKINGTON (of Haslingden.), 1824 **The Christian Science Journal** , 1923 Newman on the Bible John Henry Newman, 2006 This book presents a variety of selected commentaries on the Bible by Saint John Henry Newman These are pulled from articles and sermons which abound with extensive comments on various Scriptural passages as well as on problems of interpretation His character studies of the Old Testament including those of Joshua Saul and David provide great psychological insight And his meditations on beloved or difficult New Testament passages bring greater depth and light to their meaning
