Understanding Paul West Understanding Contemporary British Literature:

Understanding Graham Swift David Malcolm, 2003 Malcolm discusses the novelist's use of major twentieth century historical events to shape and deform the lives of his characters his focus on the distortions and evasions that characterize the discussion of personal local and national histories and his fascination with the complexities sufferings and joys that mark individual lives Malcolm suggests that despite Swift's dark vision of human suffering he tempers his writing with an intermittent focus on that which can redeem our failures our losses and our cruelties BOOK JACKET *Understanding Iris Murdoch* Cheryl Browning Bove, 1993 Describes Murdoch as preoccupied with love art the possibility difficulty of doing good avoiding evil

Understanding John Le Carré John L. Cobbs, 1998 John Cobbs establishes that contemporary English novelist John le Carré's fiction transcends the genre of espionage and that le Carré is preeminently a social commentator who writes novels of manners Cobbs analyzes each of le Carré's novels and offers a biographical sketch describing le Carré's often overlooked academic success and reputation as a once member of British Intelligence **Understanding Tim Parks**

Gillian Fenwick, 2003 Fenwick reckons with Parks's full literary range from his novels and nonfiction books to his translations and journalism and sheds light on the work of a versatile English writer whose international recognition is steadily growing

Understanding Anthony Powell Nicholas Birns, 2004 Nicholas Birns provides a fresh examination of the British writer's career and growing reputation in this introduction to his work Birns takes a global view of Powell's corpus situating his works in context and explaining his place among Evelyn Waugh Graham Greene and Henry Green in the second generation of British modernists Birns explains how Powell and his compatriots pioneered a next wave modernism in which

experimentation and traditional narrative combined in a sustainable mode **Understanding Penelope Fitzgerald** Peter Wolfe, 2004 With readings of a broad range of her published works including her final novel *The Blue Flower* Wolfe describes the unfolding of Fitzgerald's writing as a subtle ongoing process He maintains that the novels though plain and rambling at first glance grow fuller stranger and more stirring the more we invest in them He details Fitzgerald's skill at sequencing events so as to unsettle readers and her ability to enhance motifs by not leaning too hard on them Wolfe suggests that Fitzgerald's refusal to overplay effects and emotions while at first puzzling in its disdain for drama turns out to be one of her chief virtues for she enables larger associations to emerge as she keeps big dramatic scenes from interfering with wider patterns BOOK JACKET **Understanding Will Self** M. Hunter Hayes, 2007 *Understanding Will Self* introduces readers to

the satire and expressive ingenuity of a British writer who has garnered an array of awards since the 1991 publication of his first short story collection *The Quantity Theory of Sanity*. In this guide to the well received but largely unstudied writer M Hunter Hayes examines the key themes narrative strategies and cultural commentaries that characterize Self's work. Through close textual analyses Hayes guides readers through the alternative universe of Self's writing and maps the interplay between his forays into journalism and fiction. Marked by their combination of seemingly improbable events and quotidian details Self's novels novellas and short stories examine contemporary English life through a mode of writing that he has aptly termed dirty magical realism. Hayes shows how recurring characters have evolved through successive works and in relation with their environments.
