

Undoing Border Imperialism

Harsha Walia

Preface by Andrea Smith

Undoing Border Imperialism

Reece Jones

Undoing Border Imperialism:

Undoing Border Imperialism Harsha Walia, 2013-10-14 Undoing Border Imperialism combines academic discourse lived experiences of displacement and movement based practices into an exciting new book By reformulating immigrant rights movements within a transnational analysis of capitalism labor exploitation settler colonialism state building and racialized empire it provides the alternative conceptual frameworks of border imperialism and decolonization Drawing on the author's experiences in No One Is Illegal this work offers relevant insights for all social movement organizers on effective strategies to overcome the barriers and borders within movements in order to cultivate fierce loving and sustainable communities of resistance striving toward liberation The author grounds the book in collective vision with short contributions from over twenty organizers and writers from across North America [Undoing Border Imperialism](#) Harsha Walia, 2014-02-15 Harsha Walia has played a central role in building some of North America's most innovative diverse and effective new movements That this brilliant organizer and theorist has found time to share her wisdom in this book is a tremendous gift to us all Naomi Klein author of The Shock Doctrine Undoing Border Imperialism combines academic discourse lived experiences of displacement and movement based practices into an exciting new book By reformulating immigrant rights movements within a transnational analysis of capitalism labor exploitation settler colonialism state building and racialized empire it provides the alternative conceptual frameworks of border imperialism and decolonization Drawing on the author's experiences in No One Is Illegal this work offers relevant insights for all social movement organizers on effective strategies to overcome the barriers and borders within movements in order to cultivate fierce loving and sustainable communities of resistance striving toward liberation The author grounds the book in collective vision with short contributions from over twenty organizers and writers from across North America Harsha Walia is a South Asian activist writer and popular educator rooted in emancipatory movements and communities for over a decade Praise for Undoing Border Imperialism Border imperialism is an apt conceptualization for capturing the politics of massive displacement due to capitalist neoglobalization Within the wealthy countries Canada's No One Is Illegal is one of the most effective organizations of migrants and allies Walia is an outstanding organizer who has done a lot of thinking and can write not a common combination Besides being brilliantly conceived and presented this book is the first extended work on immigration that refuses to make First Nations sovereignty invisible Roxanne Dunbar Ortiz author of Indians of the Americas and Blood on the Border Harsha Walia's Undoing Border Imperialism demonstrates that geography has certainly not ended and nor has the urge for people to stretch out our arms across borders to create our communities One of the most rewarding things about this book is its capaciousness astute insights that emerge out of careful organizing linked to the voices of a generation of strugglers trying to find their own analysis to build their own movements to make this world our own This is both a manual and a memoir a guide to the world and a guide to the organizer's heart Vijay Prashad author of The Darker Nations A People

s History of the Third World This book belongs in every wannabe revolutionary s war backpack I addictively jumped all over its contents a radical mixtape of ancestral wisdoms to present day grounded organizers theorizing about their own experiences A must for me is Walia s decision to infuse this volume s fight against border imperialism white supremacy and empire with the vulnerability of her own personal narrative This book is a breath of fresh air and offers an urgently needed movement based praxis Undoing Border Imperialism is too hot to be sitting on bookshelves it will help make the revolution Ashanti Alston Black Panther elder and former political prisoner

Border and Rule Harsha Walia,2021-02-09 In Border and Rule one of North America s foremost thinkers and immigrant rights organizers delivers an unflinching examination of migration as a pillar of global governance and gendered racial class formation Harsha Walia disrupts easy explanations for the migrant and refugee crises instead showing them to be the inevitable outcomes of the conquest capitalist globalization and climate change that are generating mass dispossession worldwide Border and Rule explores a number of seemingly disparate global geographies with shared logics of border rule that displace immobilize criminalize exploit and expel migrants and refugees With her keen ability to connect the dots Walia demonstrates how borders divide the international working class and consolidate imperial capitalist and racist nationalist rule Ambitious in scope and internationalist in orientation Border and Rule breaks through American exceptionalist and liberal responses to the migration crisis and cogently maps the lucrative connections between state violence capitalism and right wing nationalism around the world Illuminating the brutal mechanics of state formation Walia exposes US border policy as a product of violent territorial expansion settler colonialism enslavement and gendered racial ideology Further she compellingly details how Fortress Europe and White Australia are using immigration diplomacy and externalized borders to maintain a colonial present how temporary labor migration in the Arab Gulf states and Canada is central to citizenship regulation and labor control and how racial violence is escalating deadly nationalism in the US Israel India the Philippines Brazil and across Europe while producing a disaster of statelessness for millions elsewhere A must read in these difficult times of war inequality climate change and global health crisis Border and Rule is a clarion call for revolution The book includes a foreword from renowned scholar Robin D G Kelley and an afterword from acclaimed activist academic Nick Estes

Mind the Gap: Borders, Limits and Frontiers Cahir Healy,2025-05-19 How do borders define political cultural and social realms influencing identity and community Mind the Gap Borders Limits and Frontiers explores such questions and comprises two parts the first section compiles interdisciplinary essays from leading scholars to critique borders in our global yet divided world Topics include national borders such as the Northern Irish border as well as conceptual and ontological borders more generally Border issues are similarly key to the second part of the book which publishes for the first time the imprisonment memoir of Irish politician Cahir Healy 1877 1970 who was a leading figure in the protest against the Partition of Ireland His memoir offers a first hand account of the conditions faced by Healy and other border objectors who were illegally imprisoned for two years on

board the Argenta ship in Belfast Lough c 1922 1924 This book therefore goes beyond mapping border theory it addresses the real life impact of borders on those who confront them daily and is a vital read for those interested in border studies

Border Rules Kanishka Chowdhury, 2023-04-26 This book examines both border policies and oppositional narratives of the border 2011 2021 demonstrating that the term designates not merely a line of territorial control but also a set of social relations shaped by persistent racially differentiated colonial structures and more recently by neoliberal modes of accumulation These relations are shown to determine access to wealth and or resources and to enable the management of labor the extraction of surplus and the accumulation of capital Discussion in the book is informed by the history of these policies and by the critical literature on borders Various cultural texts focusing on two border zones the US Mexico and the EU Southern Mediterranean are analyzed specifically two novels two films and two murals examined in conjunction with a music video A path to a borderless future is suggested an abolitionist refusal of border rules with an insistence on the necessity of abolition

Migration Borders Freedom Harald Bauder, 2016-09-01 International borders have become deadly barriers of a proportion rivaled only by war or natural disaster Yet despite the damage created by borders most people can't or don't want to imagine a world without them What alternatives do we have to prevent the deadly results of contemporary borders In today's world national citizenship determines a person's ability to migrate across borders *Migration Borders Freedom* questions that premise Recognizing the magnitude of deaths occurring at contemporary borders worldwide the book problematizes the concept of the border and develops arguments for open borders and a world without borders It explores alternative possibilities ranging from the practical to the utopian that link migration with ideas of community citizenship and belonging The author calls into question the conventional political imagination that assumes migration and citizenship to be responsibilities of nation states rather than cities While the book draws on the theoretical work of thinkers such as Ernst Bloch David Harvey and Henry Lefebvre it also presents international empirical examples of policies and practices on migration and claims of belonging In this way the book equips the reader with the practical and conceptual tools for political action activist practice and scholarly engagement to achieve greater justice for people who are on the move The Open Access version of this book available at <https://www.taylorfrancis.com/books/9781315638300> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Routledge Handbook of Borders and Tourism Dallen J. Timothy, Alon Gelbman, 2022-12-13 The Routledge Handbook of Borders and Tourism examines the multiple and diverse relationships between global tourism and political boundaries With contributions from international leading thinkers this book offers theoretical frameworks for understanding borders and tourism and empirical examples from borderlands throughout the world This handbook provides comprehensive overview of historical and contemporary thinking about evolving national frontiers and tourism Tourism by definition entails people crossing borders of various scales and is manifested in a wide range of conceptualizations of human mobility Borders significantly influence tourism and determine

how the industry grows is managed and manifests on the ground Simultaneously tourism strongly affects borders border laws border policies and international relations This book highlights the traditional relationships between borders and tourism including borders as attractions barriers transit spaces and determiners of tourism landscapes It offers deeper insights into current thinking about space and place mobilities globalization citizenship conflict and peace trans frontier cooperation geopolitics otherness and here versus there the heritagization of borders and memory making biodiversity and bordering debordering and rebordering processes Offering an unparalleled interdisciplinary glimpse at political boundaries and tourism this handbook will be an essential resource for all students and researchers of tourism geopolitics and border studies geography anthropology sociology history international relations and global studies **India Migration Report**

2023 S Irudaya Rajan,2024-06-28 The India Migration Report 2023 Student Migration is one of the first books that attempts to comprehensively explore the various nuances of Indian international student migration factoring in multiple factors that influence the migration journey of Indian students It also looks into other migration stories including internal and international returnees various impacts of remittances and migration in the context of the pandemic This volume Inspects the factors driving the student migration from India accounting for both the historical and current happenings influencing these factors Following the pandemic the book highlights the challenges faced by Indian international students in accessing health care and other related services which goes on to push them into vulnerable situations Outlines the reasoning behind Indian students decision to emigrate and how families play an important role in influencing key migration decisions made by students and the different patterns of student migration observed in India Examines the employment challenges experienced particularly following the COVID 19 pandemic by the highly skilled Indian migrants and Indian international students Describes the role that recruitment and consultancy agencies play in international student mobility ISM and examines the intricate relationship between migrant agencies and migration facilitation Investigates the psychological economic and social challenges faced by Indian international students during their migration journey both during and after the completion of their course abroad Provides a critical overview of the conditions of both internal and international returnees to different parts of India Studies the impact of remittances on migrant households including their consumption patterns and human capital investment Analyses interstate migration networks through the prism of gender and critically assesses how gender migration patterns have altered throughout time Scholars students researchers academicians policymakers or anyone with an interest in migration migration politics economics social psychology migration policies development studies sociology social anthropology and gender studies will find this book on Indian student migration extremely informative The book is a comprehensive collection of various studies that look into the multiple aspects of student migration but also extend to other pertinent issues of Indian migration that are extremely relevant at this given point in time *Violent Borders* Reece Jones,2016-10-11 Forty thousand people died trying to cross international borders in the past decade with the high profile

deaths along the shores of Europe only accounting for half of the grisly total Reece Jones argues that these deaths are not exceptional but rather the result of state attempts to contain populations and control access to resources and opportunities We may live in an era of globalization he writes but much of the world is increasingly focused on limiting the free movement of people In Violent Borders Jones crosses the migrant trails of the world documenting the billions of dollars spent on border security projects and their dire consequences for countless millions While the poor are restricted by the lottery of birth to slum dwellings in the aftershocks of decolonization the wealthy travel without constraint exploiting pools of cheap labor and lax environmental regulations With the growth of borders and resource enclosures the deaths of migrants in search of a better life are intimately connected to climate change environmental degradation and the growth of global wealth inequality

The Case for Open Borders John Washington, 2024-02-06 A beautifully written broadly accessible and forthright argument for a solution to the migration crisis open the gates Because of restrictive borders human beings suffer and die Closed borders force migrants seeking safety and dignity to journey across seas trudge through deserts and clamber over barbed wire In the last five years alone at least 60 000 people have died or gone missing while attempting to cross a border As we deny cast out and crack down we have stripped borders of their creative potential as lines of contact catalyst and blend turning our thresholds into barricades Brilliant and provocative The Case for Open Borders deflates the mythology of national security through border lockdowns by revisiting their historical origins it counters the conspiracies of immigration s economic consequences it urgently considers the challenges of climate change beyond the boundaries of narrow national identities This book grounds its argument in the experiences and thinking of those on the frontlines of the crisis spanning the world to do so In each chapter through detailed reporting journalist and translator John Washington profiles a character impacted by borders He adds to those portraits provocative analyses of the economics and ethics of bordering concluding that if we are to seek justice or sustainability we must fight for open borders In recent years important thinkers have begun to urge a profoundly different approach to migration but no book has made the argument as accessible or as compelling Washington s case shines with the multitudinous voices of people on the move a portrait in miniature of what a world with open borders will give to our common future

Undoing Border Imperialism Book Review: Unveiling the Power of Words

In some sort of driven by information and connectivity, the energy of words has be evident than ever. They have the capacity to inspire, provoke, and ignite change. Such could be the essence of the book **Undoing Border Imperialism**, a literary masterpiece that delves deep in to the significance of words and their affect our lives.
