We Are Doomed Reclaiming Conservative Pessimism

Charles Alan Grubb

We Are Doomed Reclaiming Conservative Pessimism:

We Are Doomed John Derbyshire, 2009-09-29 To his fellow conservatives John Derbyshire makes a plea Don't be seduced by this nonsense about the politics of hope Skepticism pessimism and suspicion of happy talk are the true characteristics of an authentically conservative temperament And from Hobbes and Burke through Lord Salisbury and Calvin Coolidge up to Pat Buchanan and Mark Steyn in our own time these beliefs have kept the human race from blindly chasing its utopian dreams right off a cliff Recently though various comforting yet fundamentally idiotic notions of political correctness and wishful thinking have taken root beyond the Kumbaya singing we're all one crowd These ideas have now infected conservatives the very people who really should know better The Republican Party has been derailed by legions of fools and poseurs wearing smiley face masks Think rescuing the economy by condemning our descendants to lives of spirit crushing debt Think nation building abroad while we slowly disintegrate at home Think education and No Child Left Behind But don't think about it too much because if you do you'll quickly come to the logical conclusion We are doomed Need more convincing Dwell on the cheerful promises of the diversity cult and the undeniable reality of the oncoming demographic disaster Contemplate the feminization of everything or take a good look at what passes for art these days Witness the rise of culturism and the death of religion Bow down before your new master the federal apparatchik Finally ask yourself How certain am I that the United States of America will survive in any recognizable form until say 2022 A scathing mordantly funny romp through today's dismal and dimmer political and cultural scene We Are Doomed provides a long overdue dose of reality revealing just how the GOP has been led astray in recent years and showing that had conservatives held on to their fittingly pessimistic outlook America's future would be far brighter Ladies and gentlemen it's time to embrace the Audacity of Hopelessness

America's Public Philosopher John Dewey, 2021-01-12 John Dewey was America's greatest public philosopher His work stands out for its remarkable breadth and his deep commitment to democracy led him to courageous progressive stances on issues such as war civil liberties and racial class and gender inequalities This book collects the clearest and most powerful of his public writings and shows how they continue to speak to the challenges we face today An introductory essay and short introductions to each of the texts discuss the current relevance and significance of Dewey's work and legacy The book includes forty-six essays on topics such as democracy in the United States political power education economic justice science and society and philosophy and culture These essays inspire optimism for the possibility of a more humane public and political culture in which citizens share in the pursuit of lifelong education through participation in democratic life The essays in America's Public Philosopher reveal John Dewey as a powerful example for anyone seeking to address a wider audience and a much needed voice for all readers in search of intellectual and moral leadership

Small Men on the Wrong Side of History Ed West, 2020-03-19 An entertaining wide ranging defence and explanation of the conservative way of seeing the world suffused with generosity and wit Catholic Herald Brought up by

eccentric intellectuals Ed West experienced what he believed was a fairly normal childhood of political pamphlets as bedtime reading family holidays to East Germany and a father who was one political step away from advocating the return of serfdom In his mid twenties West found himself embracing a mindset usually acquired alongside a realisation that all music post 1955 is garbage agreeing with everything said in the Telegraph and all the other bad things people get in middle age This is his journey to becoming a real life Tory boy Forgoing the typically tedious and shouty tone of the Right West provides that rare gem of a conservative book one that people of any political alignment can read if only to laugh at West s gallows humour and dry wit Crammed with self deprecating anecdotes and enlightening political insights Tory Boy discloses a life shaped by politics and the realisation that perhaps this obsession does more harm than good Anyone liberal conservative whatever would enjoy this book It is full of the most fascinating facts all mixed in with Ed s inimitable displays of self mockery Tom Holland A self deprecating and often hilarious memoir of a born conservative watching the world go wrong Sprinkled with gallows humour like a political version of Nick Hornby s Fever Pitch The Critic *Suicide of a Superpower* Patrick J.

Buchanan,2024-07-02 The New York Times bestselling conservative author explains why he believes certain social trends will lead to the downfall of the United States America is disintegrating The one Nation under God indivisible of the Pledge of Allegiance is passing away In a few decades that America will be gone forever In its place will arise a country unrecognizable to our parents This is the thrust of Pat Buchanan s *Suicide of a Superpower* his most controversial and thought provoking book to date Buchanan traces the disintegration to three historic changes America s loss of her cradle faith Christianity the moral social and cultural collapse that have followed from that loss and the slow death of the people who created and ruled the nation And as our nation disintegrates our government is failing in its fundamental duties unable to defend our borders balance our budgets or win our wars How Americans are killing the country they profess to love and the fate that awaits us if we do not turn around is what *Suicide of a Superpower* is all about Praise for *Suicide of a Superpower* *Suicide of a Superpower* traces the changes in governance and culture in America that foreshadow a decline of epic proportions Buchanan is no stranger to controversy Nor is he prone to exaggerate The crises he describes are real and he is not afraid to say they may prove too much for our democracy to cope with Jack Kenny The New American Magazine Progressives may recoil at these assertions as well as his positions on immigration affirmative action and morality though they may share his sentiments regarding war and America s unnecessary military presence around the world Not to disappoint his loyal followers Buchanan reveals the essence of conservative thought and its origins with clarity and precision Publishers Weekly

A Murder of Crows Charles E. Crockett,2012-07-18 BACK COVER Detailing the far right s attempts to alter the American political and economic landscape to satisfy its national ambitions A MURDER OF CROWS identifies over 100 people and organizations who would seek to turn back America to a time of little governmental participation lower tax rates for the wealthy and a closely held corporate and personal control of society s functions and finances It exposes the real

desires and naked zeal of those who would place property rights over the rights and the needs of the average American citizen The text is well documented and provides a scathing indictment of those on the right who would wish to alter America's future to serve only a very prosperous few *I'd Much Rather Laugh! Preferisco Ridere!* Vincent Licitra, 2013-02-28 Do not read this book if you are weak scared or otherwise indifferent to the world around you Put this book down if you could care less about America and Americans or if you tire easily are distracted quickly and would rather be superficially entertained while consuming a large bucket of popcorn Stay away if you are content with your lot in life or do not believe in the power of love or the ability of the underdog to overcome hatred and evil intent on pressing down on the lives of your fellow man Don't pick this book up because it can impact your world in ways you may not be prepared to experience This is a story of my life as I've lived it and as I've come to see all things including struggle envy scorn individualism prejudice and politics The future must be confronted for it is always but one second removed from the present Prepare to face your destiny and live a little If you are still in possession of this written material let me thank you for being at least willing to think outside the box for examining the possibility of being willing to live outside the box and perhaps for participating in a movement to utterly destroy the box we've all been placed in which in its current set up permits not the realization of American democracy God Speed *The Economist*, 2009 *Time*, 2009 **New York**, 2009-07 *The Essential John Derbyshire* John Derbyshire, 2025-12-02 The Essential John Derbyshire collects more than two decades of sometimes controversial and always incisive essays from one of the Right's most independent voices This anthology charts the evolution of a writer who like many of his generation moved steadily away from mainstream conservatism toward a franker more empirically grounded assessment of America and The West's most pressing questions around race immigration cultural decay and the durability of our civilization Derbyshire's signature wit and analytical fearlessness runs through every essay From his now infamous Talk Non Black Version to meditations on IQ and demographic change Derbyshire confronts the topics that polite society insists be left untouched Just as striking however are his reflections on the bureaucratic sclerosis of liberalism and the fraying of Anglo American institutions under the pressure of mass democracy Moreover his essays on classical music pop culture and mathematics reveal the broader intellectual landscape of a cultivated and curious mind Unapologetically honest and often ahead of his time Derbyshire speaks to readers who are weary of ideological conformity and the polite fictions such conformity so often requires However unfashionable its conclusions The Essential John Derbyshire lives as both a record of cultural dissent in the age of conservative retreat and a model of moral and intellectual courage It captures the full range of a writer unafraid to say what others merely think one who has never mistaken social respectability for truth *A Thing of Beauty Is...* Michael Petry, 1997-06-12 With contributions from a host of artists and writers including Orlan Barbara Bloom Michael Craig Martin and Per Barclay this profile explores beauty as a cultural construct looking at its historical associations and how it relates to art today *A Thing of Beauty is ...*, 1997 *The politics of pessimism* Charles Alan Grubb, 1972

We're Doomed. Now What? Roy Scranton, 2018-07-17 An American Orwell for the age of Trump Roy Scranton faces the unpleasant facts of our day with fierce insight and honesty *We re Doomed Now What* penetrates to the very heart of our time Our moment is one of alarming and bewildering change the breakup of the post 1945 global order a multispecies mass extinction and the beginning of the end of civilization as we know it Not one of us is innocent not one of us is safe Now what *We re Doomed Now What* addresses the crisis that is our time through a series of brilliant moving and original essays on climate change war literature and loss from one of the most provocative and iconoclastic minds of his generation Whether writing about sailing through the melting Arctic preparing for Houston s next big storm watching *Star Wars* or going back to the streets of Baghdad he once patrolled as a soldier Roy Scranton handles his subjects with the same electric philosophical demotic touch that he brought to his groundbreaking New York Times essay *Learning How to Die in the Anthropocene*
