We Die Alone

David Armine Howarth, Jan BAALSRUD

We Die Alone:

We Die Alone David Howarth, 2007-06-01 *We Die Alone* recounts one of the most exciting escape stories to emerge from the challenges and miseries of World War II. In March 1943 a team of expatriate Norwegian commandos sailed from northern England for Nazi occupied arctic Norway to organize and supply the Norwegian resistance. But they were betrayed and the Nazis ambushed them. Only one man survived Jan Baalsrud. This is the incredible and gripping story of his escape. Frostbitten and snowblind pursued by the Nazis he dragged himself on until he reached a small arctic village. He was near death, delirious and a virtual cripple. But the villagers at mortal risk to themselves were determined to save him and through impossible feats they did. *We Die Alone* is an astonishing true story of heroism and endurance. Like Slavomir Rawicz's *The Long Walk* it is also an unforgettable portrait of the determination of the human spirit. *We Die Alone* David

The experience of caring for a loved one through terminal illness and eventual loss can be incredibly isolating and emotionally overwhelming. *No One Has to Die Alone* teaches simple and effective ways for people to see death not as a tragedy but as an opportunity to make a positive difference to the person dying and in the lives of surviving loved ones. The first half of *No One Has to Die Alone* focuses on care giving while the second half focuses on the grieving process. Each chapter is written to stand alone allowing readers to open to any section and apply that information to their unique challenge. *No One Has to Die Alone* also includes information about how to compassionately support the unique needs of children through the grieving process. **We Die Alone** David Armine Howarth, 1962 **Summary of David Howarth's *We Die Alone***

Eight of them were the crew of the fishing boat who had sailed it safely across a thousand miles of ocean. No man's land 2 In 1943 the Norwegian coast was of extreme importance to the Germans. The Allied convoys that traveled to the Russian arctic ports passed through this narrow strip of open sea between Norway and the arctic ice 3 The expedition to northern Norway had a possible importance out of all proportion to the size of the expedition. It was hoped that the four men who were to be landed would be able to put the air base at Bardufoss out of action long enough for a convoy to have a chance of getting through undetected 4 The passengers were as varied in experience and background as any four Norwegians could have been. Their leader was a man in his middle forties named Sigurd Eskeland. He had emigrated to South America at age 20 and spent most of his adult life in the back of beyond in Argentina running a fur farm. *We Die Alone* David Armine Howarth
