*Revival: Economics and Ethics (1923)* John Arthur Ransome Marriot, 2018-05-08 The argument of this book is addressed to those who desire to order their daily lives in the home in the shop in the factory or on the farm in conformity with the highest ethical standards or in more familiar words to live according to the will of God and to them only They constitute I hope a large proportion of mankind but be that as it may I know that there are at present among them many who are sorely perplexed in mind and gravely disturbed in conscience by the apparent contradiction between the precepts of ethics and the laws of economics It is my earnest hope that in this book they may find some help towards the solution of their difficulties
