Printed Textiles Linda Eaton, 2014-09-23 The Winterthur Museum s richly illustrated history of British and American fabrics made or used

from 1700 1850 is a visual reference for designers and a definitive contribution to textile studies From slipcovers that belonged to George Washington to bedhangings described by Harriet Beecher Stowe Delaware s Winterthur Museum holds some of the finest cotton and linen textiles made or used in America and Britain between 1700 and 1850 One of the fastest growing and potentially most lucrative trades in the eighteenth and early nineteenth centuries on the forefront of developments in science and engineering chemistry and technology the textile industry is a fascinating lens into international trade relations and cultural exchange over nearly two centuries Printed Textiles is a major update to the classic text published by Winterthur in 1970 a sourcebook compiled by celebrated curator Florence Montgomery that detailed all aspects of the fabrics lifespan from their design and method of manufacture to their use and exchange value Linda Eaton Director of Collections and Senior Curator of Textiles updates the classic with a particular focus on furnishing fabrics referred to as furnitures Building on research that has come to light since 1970 and benefiting from the technical and scientific expertise of the conservators and scientists at Winterthur Eaton presents a thorough and sweeping study enriched by the diverse approaches to material culture today With hundreds of beautifully photographed samples engagingly contextualized with iconic figures in American history including Betsy Ross and Benjamin Franklin this significant addition to textile scholarship allows for a full appreciation of these fascinating fabrics Printed Textiles is destined to become an essential reference for interior designers fashion and textile design students conservators collectors and anyone with an interest in the textile industry

Turkey Red Julie Wertz, 2024-01-25 This multi disciplinary study examines the exceptional Turkey red textile dyeing process and product Prized for its brilliant colour and durability yet notoriously difficult to produce the textile was consumed locally and exported around the world Considered one of the first instances of industrial espionage the expansion of the Turkey red industry is closely linked to the Industrial Revolution and the emergence of a new global economy Significant technological advances in chemistry and dyeing were motivated by the demands of Turkey red dyers and printers who were located primarily in the west of Scotland the north of England and around Mulhouse Switzerland This book explores the arc of the Turkey red industry the evolution of the process through key producers and technical developments the complicated printing process and finishes with an examination of significant Turkey red collections and a selection of object case studies The chemistry of the process is described in an accessible contextual manner highlighting the significance of the distinctive technique that yielded the best red attainable on cotton Drawing on both historical and contemporary study Turkey Red presents significant new research on the material characterisation of this fascinating eye catching textile and offers an in depth historical example of the global effect of textile consumption

The Pocket Barbara Burman, Ariane Fennetaux, 2020-04-24 A New York Times Best Art Book of 2019 A riveting book few stones are left unturned Roberta Smith s Top Art Books of 2019 The New York Times This fascinating and enlightening study of the tie on pocket combines materiality and gender to provide new insight into the social history of women s everyday lives from duchesses and

country gentry to prostitutes and washerwomen and to explore their consumption practices sociability mobility privacy and identity A wealth of evidence reveals unexpected facets of the past bringing women s stories into intimate focus What particularly interests Burman and Fennetaux is the way in which women of all classes have historically used these tie on pockets as a supplementary body part to help them negotiate their way through a world that was not built to suit them Kathryn Hughes The Guardian A brilliant book Ulinka Rublack Times Literary Supplement
