

A SIMPLE CHECKLIST TO HELP YOU EVALUATE YOUR WEBSITE

1. PURPOSE

Do you have clearly defined goals for your website? For example, I want people to:

- Buy my products
- Be inspired or educated
- Donate
- Get involved

Have you defined the stakeholders your website is servicing and identified their needs?

2. HOME PAGE

-- When visitors arrive at your website are they immediately aware of what your business is and does?

-- Is there a call to action to lead visitors to take the next step?

3. USER EXPERIENCE & USER INTERFACE

Is your website:

- A pleasure to use
- Accessible
- Easy to navigate
- Responsive
- Logical

4. BRANDING

Is your website branding consistent with your company branding and other digital assets?

5. CALLS TO ACTION

Does your website contain calls to action in line with your website purpose?

- Donate now
- Download information
- Buy now
- Sign up

6. LINKS

Do you:

- Have internal links?
- Test your links periodically?
- Link to Social Media?

7. ANALYTICS

Are you monitoring your website traffic to determine performance?

Measures like bounce rate and behaviour will provide crucial insights into how your site is (or isn't) working.

8. STAKEHOLDERS

Does your website cater to all your defined stakeholders?

- Partners
- Customers
- Clients
- Volunteers
- Grant makers
- Donors

9. SEO

Do you know what terms people are searching for to find your products or services?

- Is your content optimised for these search terms?
- Do you have a traffic plan?

10. DESIGN

Does your design help your user experience or hinder it?

- Is your website responsive?
- Is your design engaging?

11. CONTENT

Is your content relevant, engaging and written to web standards?

Tip: Avoid long passages of text. Readability is very important.

12. IMAGES

Are your images optimised for the web?

Hot tip: tinypng.com is a free resource to help reduce your image size without losing quality.

Paternò**

Web Evaluation Guidelines:

Automated Web Site Evaluation M.Y. Ivory, 2013-06-29 Among all information systems that are nowadays available web sites are definitely the ones having the widest potential audience and the most significant impact on the everyday life of people Web sites contribute largely to the information society they provide visitors with a large array of services and information and allow them to perform various tasks without prior assumptions about their computer literacy Web sites are assumed to be accessible and usable to the widest possible audience Consequently usability has been recognized as a critical success factor for web sites of every kind Beyond this universal recognition usability still remains a notion that is hard to grasp Summative evaluation methods have been introduced to identify potential usability problems to assess the quality of web sites However summative evaluation remains limited in impact as it does not necessarily deliver constructive comments to web site designers and developers on how to solve the usability problems Formative evaluation methods have been introduced to address this issue Evaluation remains a process that is hard to drive and perform while its potential impact is probably maximal for the benefit of the final user This complexity is exacerbated when web sites are very large potentially up to several hundreds of thousands of pages thus leading to a situation where evaluating the web site is almost impossible to conduct manually Therefore many attempts have been made to support evaluation with Models that capture some characteristics of the web site of interest Evaluation Guide (Windows) for MicroStrategy 9.5 MicroStrategy Product Manuals, MicroStrategy, 2015-02-01 The Evaluation Guide includes instructions for installing configuring and using the MicroStrategy Evaluation Edition This guide also includes a detailed step by step evaluation process of MicroStrategy features where you perform reporting with the MicroStrategy Tutorial project and its sample business data Evaluation Guide (Windows) for MicroStrategy 9.3 MicroStrategy Product Manuals, MicroStrategy, 2012-09-30 Evaluation Guide (Windows) for MicroStrategy Analytics Enterprise MicroStrategy Product Manuals, MicroStrategy, 2013-10-31 The Evaluation Guide includes instructions for installing configuring and using the MicroStrategy Evaluation Edition This guide also includes a detailed step by step evaluation process of MicroStrategy features where you perform reporting with the MicroStrategy Tutorial project and its sample business data Evaluation Guide (Windows) for MicroStrategy 9.3.1 MicroStrategy Product Manuals, MicroStrategy, 2013-04-30 Evaluation Guide: Introduction to MicroStrategy 10 MicroStrategy Product Manuals, 2015-06-04 **Human-Computer Interaction - INTERACT 2005** Maria Francesca Costabile, Fabio Paternò, 2005-09-05 We will be sooner or later not only handling personal computers but also multipurpose cellular phones complex personal digital assistants devices that will be context aware and even wearable computers stitched to our clothes we would like these personal systems to become transparent to the tasks they will be performing In fact the best interface is an invisible one one giving the user natural and fast access to the application he or she intends to be executed The working group that organized this conference the last of a long row tried to combine a powerful scientific program with drastic

refereeing with an entertaining cultural program so as to make your stay in Rome the most pleasant one all round I do hope that this expectation becomes true July 2005 Stefano Levialdi IEEE Life Fellow INTERACT 2005 General Chairman 1 Peter J Denning ACM Communications April 2005 vol 48 N 4 pp 27 31 Editors Preface INTERACT is one of the most important conferences in the area of Human Computer Interaction at the world wide level We believe that this edition which for the first time takes place in a Southern European country will strengthen this role and that Rome with its history and beautiful setting provides a very congenial atmosphere for this conference The theme of INTERACT 2005 is Communicating Naturally with Computers **Usability Evaluation and Interface Design** Michael J. Smith, Richard John Koubek, Gavriel Salvendy, Don Harris, 2001-08-01 This three volume set provides the complete proceedings of the Ninth International

Conference on Human Computer Interaction held August 2001 in New Orleans A total of 2 738 individuals from industry academia research institutes and governmental agencies from 37 countries submitted their work for presentation at the conference The papers address the latest research and application in the human aspects of design and use of computing systems Those accepted for presentation thoroughly cover the entire field of human computer interaction including the cognitive social ergonomic and health aspects of work with computers The papers also address major advances in knowledge and effective use of computers in a variety of diversified application areas including offices financial institutions manufacturing electronic publishing construction and health care Library Services in The Knowledge Web K.

Engineering Interactive Systems Jan Gulliksen, Morten Borup Harning, Philippe Palanque, Gerrit C. van der Veer, Janet Wesson, 2008-12-23 Engineering Interactive Systems 2007 is an IFIP working conference that brings together researchers and practitioners interested in strengthening the scientific foundations of user interface design examining the relationship between software engineering SE and human computer interaction HCI and on how user centered design UCD could be strengthened as an essential part of the software engineering process Engineering Interactive Systems 2007 was created by merging three conferences HCSE 2007 Human Centered Software Engineering held for the first time The HCSE Working Conference is a multidisciplinary conference entirely dedicated to advancing the basic science and theory of human centered software systems engineering It is organized by IFIP WG 13 2 on Methodologies for User Centered Systems Design EHCI 2007 Engineering Human Computer Interaction was held for the tenth time EHCI aims to investigate the nature concepts and construction of user interfaces for software systems It is organized by IFIP WG 13 4 2 7 on User Interface Engineering DSV IS 2007 Design Specification and Verification of Interactive Systems was held for the 13th time DSV IS provides a forum where researchers working on model based techniques and tools for the design and development of interactive systems can come together with practitioners and with those working on HCI models and theories **Software Technologies**

Hans-Georg Fill, Marten van Sinderen, Leszek A. Maciaszek, 2022-07-17 This book constitutes the refereed proceedings of the

16th International Conference on Software Technologies ICSOFT 2021 Virtual Event July 6-8 2021 The conference was held virtually due to the COVID 19 crisis The 10 full papers included in this book were carefully reviewed and selected from 117 submissions

The Persuasion Handbook James Price Dillard, 2002 Vienna 1909 When the celebrated actor Eugen Bischoff is found dead in his garden pavilion suspicion falls immediately on Baron von Yosch a well to do army officer who was once the lover of the dead man's wife By all appearances the door was locked from the inside when the two shots rang out the actor took his own life but someone or something drove him to it The baron sets out to learn all he can about the actor's death in order to clear his name Meanwhile within a few days similar apparent suicides are reported What started out as a straightforward quest to establish Bischoff's last deeds and discover the truth of his death becomes a search through the ages for an invisible enemy identified only by the actor's dying breath when he whispered the Day of Judgment Leo Perutz combines his hallmark blend of suspense and the fantastic in this spine tingling mystery

HCI International 2017 - Posters' Extended Abstracts Constantine Stephanidis, 2017-05-11 The two volume set CCIS 713 and CCIS 714 contains the extended abstracts of the posters presented during the 19th International Conference on Human Computer Interaction HCI International 2017 held in Vancouver BC Canada in July 2017 HCII 2017 received a total of 4340 submissions of which 1228 papers were accepted for publication after a careful reviewing process The 177 papers presented in these two volumes were organized in topical sections as follows Part I Design and evaluation methods tools and practices novel interaction techniques and devices psychophysiological measuring and monitoring perception cognition and emotion in HCI data analysis and data mining in social media and communication ergonomics and models in work and training support Part II Interaction in virtual and augmented reality learning games and gamification health well being and comfort smart environments mobile interaction visual design and visualization social issues and security in HCI

Universal Access in Human-Computer Interaction. Applications and Services Constantine Stephanidis, 2009-07-14 The 13th International Conference on Human Computer Interaction HCI International 2009 was held in San Diego California USA July 19-24 2009 jointly with the Symposium on Human Interface Japan 2009 the 8th International Conference on Engineering Psychology and Cognitive Ergonomics the 5th International Conference on Universal Access in Human Computer Interaction the Third International Conference on Virtual and Mixed Reality the Third International Conference on Internationalization Design and Global Development the Third International Conference on Online Communities and Social Computing the 5th International Conference on Augmented Cognition the Second International Conference on Digital Human Modeling and the First International Conference on Human Centered Design A total of 4 348 individuals from academia research institutes industry and governmental agencies from 73 countries submitted contributions and 1 397 papers that were judged to be of high scientific quality were included in the program These papers dress the latest research and development efforts and highlight the human aspects of the design and use of computing systems The papers accepted for presentation thoroughly cover the

entire field of human computer interaction addressing major advances in knowledge and effective use of computers in a variety of application areas Women's Health on the Internet Janet M Coggan, 2023-05-31 Share the results of 45 years of front line medical research This valuable book covers varied organ pathology in a wide range of syndromes induced by viral infection and toxin exposure Enteroviral and Toxin Mediated Myalgic Encephalomyelitis Chronic Fatigue Syndrome and Other Organ Pathologies discusses such lethal problems as cardiomyopathy liver failure pancreatic cancer brain tumors and renal disease as well as the debilitating disorders of myalgic encephalomyelitis chronic fatigue syndrome and other post viral syndromes This essential text is profusely illustrated with photographs photomicrographs charts EKGs X rays and graphic depictions of other medical test results With case studies of individual patients and whole families Enteroviral and Toxin Mediated Myalgic Encephalomyelitis Chronic Fatigue Syndrome and Other Organ Pathologies brings you the benefit of seeing the patients and their illnesses in the context of their lifestyles work histories and family medical history Not a retrospective survey using medical records alone this unique book is the result of Dr Richardson s more than 45 years doing research with the prestigious Newcastle Research Group while engaged in General Family Practice The scope of this book includes the complex relationship between host and virus the aftereffects of viral illnesses on various systems including the cardiovascular nervous and endocrine discussions of varied effects of viral syndromes on different family members consideration of viral effects on mother and fetus during pregnancy ideas for treatment and further research Enteroviral and Toxin Mediated Myalgic Encephalomyelitis Chronic Fatigue Syndrome and Other Organ Pathologies provides both powerful case studies and exciting theoretical considerations based on research It is an essential tool for family physicians as well as researchers into post viral syndromes and the effects of toxin exposure **A Practical Guide to Information Literacy Assessment for Academic Librarians** Carolyn Radcliff, Mary L. Jensen, Joseph A. Salem, Jr., Kenneth J. Burhanna, Julie A. Gedeon, 2007-06-30 Information literacy assessment applies to a number of contexts in the higher education arena institutional curricula information literacy programs information literacy courses course integrated information literacy instruction and stand alone information literacy workshops and online tutorials This practical guide provides an overview of the assessment process planning selection and development of tools and analysis and reporting of data An assessment decision chart helps readers match appropriate assessment tools and strategies with learning outcomes and instructional settings Assessment tools organized by type are accompanied by case studies Various information literacy standards are referenced with emphasis given to ACRL s Information Literacy Competency Standards for Higher Education Universal Access in Human-Computer Interaction. Design Methods and User Experience Margherita Antona, Constantine Stephanidis, 2021-07-03 This two volume set constitutes the refereed proceedings of the 15th International Conference on Universal Access in Human Computer Interaction UAHCI 2021 held as part of the 23rd International Conference HCI International 2021 held as a virtual event in July 2021 The total of 1276 papers and 241 posters included in the 39 HCII 2021

proceedings volumes was carefully reviewed and selected from 5222 submissions UAHCI 2021 includes a total of 84 papers they focus on topics related to universal access methods techniques and practices studies on accessibility design for all usability UX and technology acceptance emotion and behavior recognition for universal access accessible media access to learning and education as well universal access to virtual and intelligent assistive environments

Human and Ecological Risk Assessment Dennis J. Paustenbach, 2024-04-15 Understand the fundamentals of human risk assessment with this introduction and reference Human risk assessments are a precondition for virtually all industrial action or environmental regulation all the more essential in a world where chemical and environmental hazards are becoming more abundant These documents catalog potential environmental toxicological ecological or other harms resulting from a particular hazard from chemical spills to construction projects to dangerous workplaces They turn on a number of variables of which the most significant is the degree of human exposure to the hazardous agent or process Human and Ecological Risk Assessment combines the virtues of a textbook and reference work to introduce and analyze these vital documents Beginning with the foundational theory of human health risk assessment it then supplies case studies and detailed analysis illustrating the practice of producing risk assessment documents Fully updated and authored by leading authorities in the field the result is an indispensable work Readers of the second edition of Human and Ecological Risk Assessment will also find Over 40 entirely new case studies reflecting the latest in risk assessment practice Detailed discussion of hazards including air emissions contaminated food and soil hazardous waste sites and many more Case studies from multiple countries to reflect diverse international standards Human and Ecological Risk Assessment is ideal for professionals and advanced graduate students in toxicology industrial hygiene occupational medicine environmental science and all related subjects

Foundations of Augmented Cognition Dylan D. Schmorrow, 2005-11-01 Bringing together a comprehensive and diverse collection of research theory and thought this volume builds a foundation for the new field of Augmented Cognition research and development The first section introduces general Augmented Cognition methods and techniques including physiological and neurophysiological measures such as EEG and fNIR a

Universal Design 2016: Learning from the Past, Designing for the Future Jenny Darzentas, Tanja Walsh, David Swallow, Leonardo Sandoval, Andrew Lewis, Christopher Power, 2016-09-15 Universal Design is the term used to describe the design of products and environments which can be used by all people to the greatest extent possible without the need for adaptation or specialized design It is not a euphemism for designs for people with a disability but really is about designing to include all people regardless of their age ability cultural background or status in life However it remains the case that many designers and developers fail to understand the need for universal design and lack the skills needed to implement it This book presents papers from the 3rd International Conference on Universal Design UD 2016 held in York UK in August 2016 The theme of the conference was learning from the past designing for the future and it aimed to bring together policymakers practitioners and researchers interested in the different

strands of universal design to exchange ideas and best practice review some of the developments in universal design from the last 20 years and formulate strategies for taking the concept of universal design forward into the future The book is divided into two sections Section 1 About Universal Design and Section 2 Universal Design In Practice The book will be of interest to all those whose work involves design from the built environment and tangible products to communication services and systems

The Enigmatic Realm of **Web Evaluation Guidelines**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing short of extraordinary. Within the captivating pages of **Web Evaluation Guidelines** a literary masterpiece penned by way of a renowned author, readers set about a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting effect on the hearts and minds of those who partake in its reading experience.
