Kesselring, 2007-10-17 This work offers the first full length study of the only armed rebellion in Elizabethan England Addressing recent scholarship on the Reformation and popular politics it highlights the religious motivations of the rebel rank and file the rebellion's afterlife in Scotland and the deadly consequences suffered in its aftermath *Mary* Chiara Lubich, Mary has often accompanied the life and spirituality of Christian saints in both the Western and Eastern churches In this compilation you'll discover a rich spirituality of the Mother of God which will challenge inform and strengthen the reader Mary has always inspired individuals families and nations Even in a secular era like ours she is a reference point for many Indeed in recent times the understanding of Mary has been updated to emphasize not only her extraordinary sanctity but her as a member with us in the People of God and as a model of the Church Mary Her Identity Our Identity contains a collection of texts on Mary as contemplated by Chiara Lubich What Chiara told a group of young people sums up who Mary was for her and who she can be for us My vocation which is also yours more than speaking with Mary is to live Mary to be her to do as she did and above all that she should re-live in us Romantic Catholics Carol E. Harrison, 2014-02-05 In this well written and imaginatively structured book Carol E Harrison brings to life a cohort of nineteenth century French men and women who argued that a reformed Catholicism could reconcile the divisions in French culture and society that were the legacy of revolution and empire They include most prominently Charles de Montalembert Pauline Craven Amalie and Frédéric Ozanam Leopoldine Hugo Maurice de Guérin and Victorine Monriot The men and women whose stories appear in Romantic Catholics were bound together by filial love friendship and in some cases marriage Harrison draws on their diaries letters and published works to construct a portrait of a generation linked by a determination to live their faith in a modern world Rejecting both the atomizing force of revolutionary liberalism and the increasing intransigence of the church hierarchy the romantic Catholics advocated a middle way in which a revitalized Catholic faith and liberty formed the basis for modern society Harrison traces the history of nineteenth century France and in parallel the life course of these individuals as they grow up learn independence and take on the responsibilities and disappointments of adulthood Although the shared goals of the romantic Catholics were never realized in French politics and culture Harrison's work offers a significant corrective to the traditional understanding of the opposition between religion and the secular republican tradition in France **Zion's Herald**, 1907 *Eastern Europe to the French Revolution. examines the reiterative bicentenary cycle since 1815 where each new postwar period built on a design for a project for European unification He sets out the key historical events and the continuous struggle with nationalism linking them to legal political and economic thought Biographical sketches of the most prominent thinkers and actors provide the human element to this narrative Europe s Utopias of Peace presents a new perspective on the ideological legal economic and intellectual conditions that shaped Europe since the 19th century and presents this in a global context It challenges the conventional narrative on Europe s past as a progressive enlightenment heritage highlighting the ambiguities of the legacies that pervade the institutional structures of contemporary Europe Its long term historical perspective will be invaluable for students of contemporary Europe or modern European history
