Vom Umsturz der Werte

Vom Umsturz Werte Max Scheler

Josef Seifert

Vom Umsturz Werte Max Scheler:

Subject Without Nation Stefan Jonsson, 2000 Jonsson analyzes how Musil explains the foundation of modern theories of subjectivity

The Mind of Max Scheler Manfred S. Frings, 1997 This book is designed to fill a long standing gap in the general literature of 20th century philosophy in that it offers a comprehensive view of the philosophy of Max Scheler 1874 1928 and opens up substantial discussions that have hitherto been largely overlooked The book is solely based on the original texts of the German Collected Edition as well as posthumous and untranslated materials References to English translations have been made whenever available The Mind of Max Scheler familiarizes the reader with strains of European thought that are rapidly gaining interest in the Americas Asia and Europe itself Already the pivotal questions Who are we What is a human being reveal the relevance Scheler's thought has to the self questioning stance that appears to mark this century's philosophy as a whole He also presents us with a cosmic view of what it means to be human and one is amazed at the scope of his approach that goes beyond his better known European contemporaries Heidegger Husserl Ortega or philosophers of our present time He addresses spurious value patterns that suffuse the age of capitalism and provides answers among them the gleanings of historical textures that are emerging toward the future and through which a lingering awareness of the eternal will eventually surface from the depths of human existence

Max Scheler in Dialogue Susan Gottlöber, 2022-05-18 This volume explores Max Scheler's role within the philosophical and sociological debates of his time into the 21st century Scheler was an interpreter a transmitter of and respondent to the philosophical and sociological tradition He was an interlocutor for his contemporaries and an inspiration for subsequent and current debates in philosophy psychology and political thought Both young and established scholars shed light on central and less investigated aspects of Scheler's thought such as the question of moral facts personal individuality cosmopolitanism and opportunities for intercultural understanding The contributors delve into Scheler's influence on thinkers such as Tischner or Løgstrup as well as his role as a key figure within Catholic thought The book appeals to students and researchers while exploring how engaging with Scheler can benefit contemporary debates on embodiment psychopathology and value pluralism

[Max Scheler's Acting Persons](#), 2021-12-13 This book gathers six trenchant new analyses of the idea of the person as raised by the German philosopher and social theorist Max Scheler 1874 1928 The issues raised in the volume are both timely and perennial from considerations of postmodernity phenomenology and metaphysics to sharp edged comparisons with other thinkers including Immanuel Kant Martin Heidegger Emmanuel Levinas Eric Voegelin Richard Rorty and Hannah Arendt

Guardian of Dialogue Michael Barber, 1993-07 This book shows how on the basis of a phenomenological account of knowledge values and intersubjectivity Max Scheler defends the objective structure of being and value and the distinctiveness of the Other against mechanistic attempts to deny them

The Palgrave Handbook of German Idealism and Phenomenology Cynthia D. Coe, 2021-06-23 This volume examines the complex dialogue between German Idealism and phenomenology two of the most

important movements in Western philosophy Twenty four newly authored chapters by an international group of well known scholars examine the shared concerns of these two movements explore how phenomenologists engage with challenge and critique central concepts in German Idealism and argue for the continuing significance of these ideas in contemporary philosophy and other disciplines Chapters cover not only the work of major figures such as Husserl Heidegger and Merleau Ponty but a wide range of philosophers who build on the phenomenological tradition including Fanon Gadamer and Levinas These essays highlight key themes of the nature of subjectivity the role of intersubjectivity the implications for ethics and aesthetics the impact of time and history and our capacities for knowledge and understanding Key features Critically engages two of the major philosophical movements of the last 250 years Draws on the insights of those movements to address contemporary issues in ethics theory of knowledge and political philosophy Expands the range of idealist and phenomenological themes by considering them in the context of gender postcolonial theory and environmental concerns as well as their global reach Includes new contributions from prominent international scholars in these fields This Handbook is essential reading for all scholars and advanced students of phenomenology and German Idealism With chapters on Beauvoir Sartre Scheler Schutz Stein and Ricoeur The Palgrave Handbook of German Idealism and Phenomenology is also ideal for scholars researching these important figures in the history of philosophy

Islamic Philosophy and Occidental Phenomenology on the Perennial Issue of Microcosm and Macrocosm Anna-Teresa Tymieniecka, 2006-09-22 By proposing the Microcosm and Macrocosm analogy for dialogue between Islamic Philosophy and Occidental Phenomenology the authors of this volume are reviving the perennial positioning of the human condition in the play of forces within and without the human being This theme has run from Plato through the Middle Ages Renaissance and Modernity and has been ignored by contemporaries It now acquires a new pertinence and striking significance due to the scientific discoveries into the infinitely small in life on the one hand and the prodigious technological discoveries of the infinitely great on the other Both open up undreamt of prospects for the continuing conquest of cosmic forces The human person thrown into turmoil by the new approaches to life and needing to acquire new habits of mind having lost security of all beliefs desperately seeks a new clarification of the Human Condition within the unity of everything there is of cosmic forces and of his destiny The dialogue between Islamic Philosophy and phenomenology of life can show the way Papers by Gholam Reza A awani Mehdi Aminrazavi Roza Davari Ardakani Mohammad Azadpur Gary Backhaus Marina Banchetti Robino William Chittick Seyed Mostafa Muhaghghegh Damad Golamhossein Ebrahimi Dinani Nader El Bizri Kathleen Haney Salahaddin Khalilov Sayyid Mohammad Khamenei Mahmoud Khatami Mieczyslaw Pawel Migon Nikolay Milkov Sachiko Murata Anna Teresa Tymieniecka Daniela Verducci

The Philosophical Diseases of Medicine and their Cure Josef Seifert, 2012-11-02 At all times physicians were bound to pursue not only medical tasks but to reflect also on the many anthropological and metaphysical aspects of their discipline such as on the nature of life and death of health and sickness and above all on the vital ethical dimensions of their

practice For centuries almost for two millennia how ever those who practiced medicine lived in a relatively clearly defined ethical and implicitly philosophical or religious world order within which they could safely turn to medical practice knowing right from wrong or at least being told what to do and what not to do Today however the situation has radically changed mainly due to three quite different reasons First and most obviously physicians today are faced with a tremendous development of new possibilities and techniques which allow previously unheard of medical interventions such as cloning cryo conservation ge netic interference etc which call out for ethical reflection and wise judgment but regarding which there is no legal and medical ethical tradition Traditional medical education did not prepare physicians for coping with this new brave world of mod em medicine Secondly there are the deep philosophical crises and the philosophical diseases of medicine mentioned in the preface that lead to a break down of firm and formative legal and ethical norms for medical actions

Historical Destiny and National Socialism in Heidegger's Being and Time Johannes Fritsche,2023-04-28 There has been much debate over the relationship of Heidegger s philosophy in particular his book Being and Time to his practical involvement with National Socialism Yet the question has never been addressed through a comparison of Being and Time with other texts on history and politics written at the time Johannes Fritsche does this providing a detailed interpretation of the relevant passages in Being and Time especially sections 72 77 on fate community and society He analyzes for comparison two other authors who explicitly regarded themselves as rightists Adolf Hitler Mein Kampf and Max Scheler Formalism in Ethics and other writings and two authors on the left Georg Luk cs History and Class Consciousness and Paul Tillich The Socialist Decision Fritsche concludes that Being and Time is a brilliant summary of right wing politics in general which proposes the destruction of liberal society in order to regenerate an idealized community In addition Heidegger rejects positions on the right such as Scheler s that enabled their authors to distance themselves from the most extreme political rightists and thus he paves the way for National Socialism Being and Time Fritsche demonstrates must be seen as a clear case for the National Socialists and their project of revitalization of the Volksgemeinschaft the community of the people This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1999 There has been much debate over the relationship of Heidegger s philosophy in particular his book Being and Time to his practical involvement with National Socialism Yet the question has never been addressed through a comparison of Being and Time

The Routledge Handbook of Political Phenomenology Steffen Herrmann, Gerhard Thonhauser, Sophie Loidolt, Tobias Matzner, Nils Baratella,2024-06-12 Phenomenology has primarily been concerned with conceptual questions about knowledge and ontology However in recent years the rise of interest and research in applied phenomenology has seen the study of political phenomenology move to a central place in the study of phenomenology

generally The Routledge Handbook of Political Phenomenology is the first major collection on this important topic. Comprising 35 chapters by an international team of expert contributors, the handbook is organized into six clear parts, each with its own introduction by the editors. Founders of Phenomenology: Existentialist Phenomenology, Phenomenology of the Social and Political World, Phenomenology of Alterity, Phenomenology in Debate, Contemporary Developments. Full attention is given to central figures in the phenomenological movement, including Husserl, Heidegger, Sartre, Merleau-Ponty, and Levinas, as well as those whose contribution to political phenomenology is more distinctive, such as Arendt, De Beauvoir, and Fanon. Also included are chapters on gender, race, and intersectionality, disability, and technology. Ideal for those studying phenomenology, continental philosophy, and political theory.

The Routledge Handbook of Political Phenomenology bridges an important gap between a major philosophical movement and contemporary political issues and concepts. Phenomenology and Mind 25 AA.VV., 2024-01-18. PR SENTATION Olivier Agard, Sylvain Josset, Matthias Schloberger, Max Scheler et l'Europe.

FREE CONTRIBUTIONS Oleksiy Stovba Is law possible during the war Specificity of the corporeal experience Elia Gonnella Are Sounds Events Materiality in Auditory Perception *Phenomenology of Sociality* Thomas Szanto, Dermot Moran, 2015-11-19.

Phenomenological accounts of sociality in Husserl, Heidegger, Merleau-Ponty, Sartre, Scheler, Sch tz, Stein, and many others offer powerful lines of arguments to recast current predominantly analytic discussions on collective intentionality and social cognition. Against this background, the aim of this volume is to reevaluate critically and in contemporary terms the rich phenomenological resources regarding social reality, the interpersonal, collective, and communal aspects of the life-world (Lebenswelt). Specifically, the book pursues three interrelated objectives: it aims 1) to systematically explore the key phenomenological aspects of social reality, 2) to offer novel state-of-the-art assessments of both central and

lesser known proponents of the phenomenology of sociality Gurwitsch L with von Hildebrand or Walther and 3 to contextualize this elaborate body of work in light of contemporary social cognition research the growing literature in analytic social ontology and current trends in moral psychology moral phenomenology and social and political philosophy The collection brings together original articles by a host of prominent scholars and upcoming young talents to provide a comprehensive and up to date treatment of the topic It will be essential reading for those studying phenomenological accounts of intersubjectivity empathy and community including analytic social moral and political philosophers and will also be of interest for social scientists and social psychologists Phenomenology 2010. Volume 5: Selected Essays from North America, Part 1: Phenomenology within Philosophy Barber, Michael, Embree, Lester, Nenon, Thomas, 2010-01-01

Methodology of the Social Sciences, Ethics, and Economics in the Newer Historical School Peter Koslowski, 2012-12-06 The volume at hand gives an exposition of the tradition of the Historical School of Economics and of the Geisteswissenschaften or human sciences the latter in their development within the Historical School as well as in Neo Kantianism and the sociology of knowledge It continues the discussion started in the year 1994 on the Older Historical School of Economics and the 19th century German contribution to an ethical theory of economics with the Newer Historical School of the 20th century Economists social scientists and philosophers examine the contribution of this tradition and its impact for present theory The schools of thought and their approaches to economics as well as to the cultural and social sciences are examined here not as much for their historical interest as for their potential systematic contribution to the contemporary debates on economic ethics economics sociology and philosophy The volume at hand contains the proceedings of the Fourth Annual SEEP Conference on Economic Ethics and Philosophy in 1996 Economics and Ethics in the Historical School Part B Max Weber Heinrich Rickert Max Scheler Werner Sombart Arthur Spiethoff John Commons Alfred Marshall and Others held at Marienrode Monastery near Hannover Germany on March 27 30th 1996 together with several additional invited papers Social Action and Human Nature Axel Honneth, Hans Joas, 1988 **Phenomenology and Mysticism**

Anthony J. Steinbock, 2009-12-22 Exploring the first person narratives of three figures from the Christian Jewish and Islamic mystical traditions St Teresa of Avila Rabbi Dov Baer and R zhih n Baql Anthony J Steinbock provides a complete phenomenology of mysticism based in the Abrahamic religious traditions He relates a broad range of religious experiences or verticality to philosophical problems of evidence selfhood and otherness From this philosophical description of vertical experience Steinbock develops a social and cultural critique in terms of idolatry as pride secularism and fundamentalism and suggests that contemporary understandings of human experience must come from a fuller more open view of religious experience Essentialism Garth L. Hallett, 1991-01-01 After tracing the recent decline in explicitly essentialistic theories Hallett Dean of the College of Philosophy and letters St Louis U critically surveys the essentialism still strongly operative in much philosophical reasoning then undertakes a fuller inquiry into the sources of essentialism than has previously been

attempted Paper edition unseen 16 95 Annotation copyrighted by Book News Inc Portland OR Limit-Phenomena and Phenomenology in Husserl Anthony J. Steinbock, 2017-08-18 Recent discussions around limit problems namely the questions concerning what can appear in phenomenological reflection as well as what phenomenology as philosophical reflection can handle call for a concerted treatment of the problem of limit phenomena In this important new book Anthony J Steinbock a leading voice in contemporary phenomenology explores that question in the context of an interrelated series of problems in Husserl's phenomenology Representing a continued struggle with these insights and problems the first section sketches out the problem of limit phenomena and addresses generally that rich estuary of liminal experience that commanded Husserl's attention in his research manuscripts The book goes on to offer a correlative reflection on the issue of method and finally explores a specific set of what have been called recently limit problems within phenomenology relating to the problem of individuation and on a more personal level vocation This rich and timely volume offers an excellent demonstration of phenomenology in practice

Martin Heidegger Rüdiger Safranski, 1998 The story of Heidegger's life and philosophy a quintessentially German story in which good and evil brilliance and blindness are inextricably entwined and the passions and disasters of a whole century come into play is told in this brilliant biography

Phenomenology of Intersubjectivity Nam-In Lee, 2022-05-25 Dieser Band beleuchtet die mannigfaltigen Aspekte von Intersubjektivität und bringt verschiedene Philosophen miteinander in einen fachlichen Dialog Der Autor setzt sich mit den verschiedenen Ebenen und Dimensionen von Husserls Phänomenologie der Intersubjektivität auseinander und vergleicht diese mit Ideen von Scheler Heidegger Merleau Ponty Schutz Buber und Habermas Einen direkten Bezug stellt Nam in Lee zwischen den Positionen von Husserl und Levinas zur Phänomenologie der Intersubjektivität her und bringt sie in einen fruchtbaren Austausch miteinander Darüber hinaus regt der Band auch einen interkulturellen philosophischen Dialog zwischen Philosophen an deren Denken vorrangig westlich beziehungsweise fernöstlich geprägt ist wie etwa Husserl und Konfuzius Scheler und Mencius oder Hutcheson und Chong Yak Yong
