Voor Vaderland En Vrijheid De Revolutie Van De Patriotten:

Power and Urban Space in Pre-Modern Holland Clé Lesger, 2024-02-22 Cities and urban societies have many faces In this study the pre modern cities of Holland are presented as arenas where power relations between social classes are expressed in a more or less permanent appropriation of physical space and through discursive strategies The continuity of the power relations in the cities of Holland spanning centuries makes it urgent to look not only at the assumption of urban space as an expression of power relations within society but also at the contribution of this appropriation to the acceptance and continuity of the existing power relations in pre modern Holland Within this broad area extensive attention is paid to the very prominent and enduring appropriation of urban space in the field of housing the less permanent but violent appropriation of urban space during the public execution of scaffold punishments the maintenance of public order by civic militias and appropriation during riots and revolts In addition city descriptions maps and pictures of the pre modern cities of Holland are scrutinised for what they can reveal about the appropriation of urban spaces These themes each have an extensive historiography but they have never been brought together in an interpretative framework that fits in with Pierre Bourdieu s model of society and the work of especially John Allen on power until now

A History of the Netherlands Friso Wielenga, 2024-01-25 Friso Wielenga s detailed history of the Netherlands traces its political development from independence to today incorporating significant explorations of culture economics international relations colonisation and decolonisation in the process It provides a thorough and well balanced overview of the key moments in and vital aspects of Dutch history since 1500 Challenging incorrect assumptions concerning political consensus and religious toleration in the country A History of the Netherlands offers a masterful analysis of domestic politics and the nation s international involvements This new edition includes Enhanced and expanded examinations of 21st century developments to the present Greater coverage of the Dutch role in the slave trade the Atlantic trade and the Glorious Revolution More material on multiculturalism and integration politics and the World War Two deportation and extermination of the Dutch Jewry Historiographical updates throughout The book is vital reading for anyone looking for a rich understanding of the Netherlands and its past

The Working Papers of Hugo Grotius Martine Julia van Ittersum, 2024-05-27 The Working Papers of Hugo Grotius is the first full length study of the handwritten documents initially used by the author of *Mare Liberum* 1609 and *De Jure Belli ac Pacis* 1625 in his day to day activities as a scholar lawyer and politician but subsequently incorporated into his own or other archives Martine van Ittersum reconstructs a process of transmission dispersal and loss that started during Grotius lifetime and ended with the papers auction in 1864 This is also a study of archival afterlives Our understanding of Grotius life and work is shaped by the conscious decisions of previous generations to retain or discard documents frequently for the sake of individual lives and careers family honour and or larger political and religious ends

Fifty Years Later, 1995-01-01 The Dutch slave trade slavery and abolitionism have long remained unduly neglected issues in the burgeoning international debate on capitalism

modernity and antislavery Fifty Years Later now offers a thorough and wide ranging discussion of antislavery in the Netherlands and in the Dutch colonial world and also provides a fresh contribution to the ongoing debate on the relationship between abolitionism and economic political and cultural modernization in the Western world at large The contributors to this volume are Seymour Drescher Pieter C Emmer Stanley L Engerman Edwin Horlings Gerrit J Knaap Maarten Kuitenbrouwer Gert Oostindie Robert Ross Angelie Sens and Alex van Stipriaan

The History of the Book in the West: 1700-1800 Eleanor F. Shevlin, 2017-03-02 Influenced by Enlightenment principles and commercial transformations the history of the book in the eighteenth century witnessed not only the final decades of the hand press era but also developments and practices that pointed to its future the foundations of modern copyright a rapid growth in the publication circulation and reading of periodicals the promotion of niche marketing alterations to distribution networks and the emergence of the publisher as a central figure in the book trade to name a few The pace and extent of these changes varied greatly within the different sociopolitical contexts across the western world The volume's twenty four articles many of which proffer broader theoretical implications beyond their specific focus highlight the era's range of developments Complementing these articles the introductory essay provides an overview of the eighteenth century book and milestones in its history during this period while simultaneously identifying potential directions for new scholarship

History of the Low Countries J. C. H. Blom, E. Lamberts, 2006-06-01 The history of the smaller European countries is rather neglected in the teaching of European history at university level We are therefore pleased to announce the publication of the first comprehensive history of the Low Countries in English from Roman Times to the present Remaining politically and culturally fragmented with its inhabitants speaking Dutch French Frisian and German the Low Countries offer a fascinating picture of European history en miniature For historical reasons parts of northern France and western Germany also have to be included in the Low Countries a term that must remain both broad and fluid a convenient label for a region which has seldom if ever composed a unified whole In earlier ages it was even more difficult to set parameters again reflecting Europe as a whole when tribes and kingdoms stretched across expanses not limited to the present states of Belgium Luxembourg and the Netherlands Nevertheless its parts did demonstrate many common traits and similar developments that differentiated them from surrounding countries and lent them a distinct character Internationally the region often served both as a mediator for and a buffer to the surrounding great powers France Britain and Germany an important role still played today as Belgium and the Netherlands have increasingly become involved in the broader process of European integration in which they often share the same interest and follow parallel policies This highly illustrated volume serves as an ideal introduction to the rich history of the Low Countries for students and the generally interested reader alike

Church, Change and Revolution Jan van den Berg, Paul G. Hoftijzer, 2023-08-14 In 1988 the year of the commemoration of the Glorious Revolution it was fitting that the fourth Anglo Dutch Church History colloquium should have as its central theme the Church and Revolution and be held at the

University of Exeter In the course of its almost two thousands year s history the Church has been no stranger to reformation political change and revolution Set in the world it could not but be affected by the world nor could it itself given its nature fail to exert a variety of influences on social and political as well as on ecclesiastical events Its life has been profoundly affected and the course of its history directed all of the great revolutions in the Western world while the Church has itself brought to bear on every period of change its own distinctive and often determinative contribution Aspects of these twin features blend together in the essays that make up this record of Anglo Dutch academic exchange and cooperation

The House of Orange in Revolution and War Jeroen Koch,Dik van der Meulen,Jeroen van Zanten,2022-06-06 An epic account of the House of Orange Nassau over one hundred and fifty years of European history Three rulers from the House of Orange Nassau reigned over the Netherlands from 1813 to 1890 King William I from 1813 to 1840 King William II from 1840 to 1849 and King William III from 1849 to 1890 Theirs is an epic tale of joy and tragedy progress and catastrophe disappointment and glory all set against the backdrop of a Europe plagued by war and revolution The House of Orange in Revolution and War relates one and a half centuries of House of Orange history in a gripping narrative leading the reader from the last stadholders of the Dutch Republic to the modern monarchy of the early twentieth century from the French Revolution and the Napoleonic wars to World War I and the European Revolutions that came after it

Masculinities in Politics and War Stefan Dudink,Karen Hagemann,John Tosh,2004-07-23 Politics and war are crucial to the history of masculinity yet have been neglected in the emergent historiography of masculinity This book opens up new avenues in gender history by mapping masculinity s part in making revolution waging war building nations and constructing welfare states Preceded by extensive historical and theoretical introductions the volume is clearly divided into sections on revolution nation politics and subjectivity An innovative collection with contributions from an international group of eminent historians who are recognised experts in their fields with essays on Europe the United States Latin America Australia Africa and Asia Written in a highly accessible style targeted at both students professional historians and the interested general reader

Publishing Policies and Family Strategies Arianne Baggerman,2013-10-14 This study analyses the development of the Dutch publishers and booksellers firm Bluss in connection with the history of the Bluss family between 1745 and 1830 The book offers new insight in the organization of the book trade the theory and practice of copyright competition and cooperation among publishers book prices and print runs including advertising and marketing The history of the company is linked with that of the family using letters and other autobiographical writings Education marriage policies reading practices are among the subjects studied Within the context of cultural developments the influence of the Enlightenment and the political upheavals in the period in the Netherlands this book is both a detailed book history and a broadly based study of cultural change in the late 18th and early 19th centuries

Passion and Control: Dutch Architectural Culture of the Eighteenth Century Freek Schmidt,2017-07-28 Passion and Control explores Dutch architectural culture of the eighteenth century revealing the central

importance of architecture to society in this period and redefining long established paradigms of early modern architectural history Architecture was a passion for many of the men and women in this book wealthy patrons burgomasters princes and scientists were all in turn infected with architectural mania It was a passion shared with artists architects and builders and a vast cast of Dutch society who contributed to a complex web of architectural discourse and who influenced building practice The author presents a rich tapestry of sources to reconstruct the cultural context and meaning of these buildings as they were perceived by contemporaries including representations in texts drawings and prints and builds on recent research by cultural historians on consumerism material culture and luxury print culture and the public sphere and the history of ideas and mentalities

Lettering Young Readers in the Dutch Enlightenment Feike Dietz, 2021-05-22 This book presents a rigorous hugely informative analysis of the early history of Dutch children's literature pedagogical developments and emerging family formations Thoroughly researched Dietz's study will be essential for historians of eighteenth century childhood education and children's books both in the Dutch context and more widely Matthew Grenby Newcastle University UK A rich informative well documented and effectively illustrated discussion of the ways Dutch eighteenth century educators tried to transform youth into responsible readers It does so in a wide international context and masterfully connects this process to the radical politicization and de politicization of Dutch society in the revolutionary period Wijnand W Mijnhart formerly of Utrecht University the Netherlands and the University of California at Los Angeles USA This book explores how children's literature and literacy could at once regulate and empower young people in the eighteenth century Dutch Republic Rather than presenting the history of childhood as a linear story of increasing agency it suggests that we view it as a continuous struggle with the impossibility of full agency for young people This volume demonstrates how this struggle informed the production of books in a historical context in which the development of independent youths was high on the political agenda In close interaction with international children's literature markets Dutch authors developed new strategies to make the members of young generations into capable readers and writers equipped to organize their own minds and

bodies properly and to support a supposedly declining fatherland

Toleration in Enlightenment Europe Ole Peter Grell, Roy Porter, 2000 This 1999 book is a systematic pan European survey of the theory practice and very real limits to toleration in eighteenth century Europe

War, Public Opinion and Policy in Britain, France and the Netherlands, 1785-1815 Graeme Callister, 2017-04-03 This book offers a detailed investigation of the influence of public opinion and national identity on the foreign policies of France Britain and the Netherlands in the late eighteenth and early nineteenth centuries The quarter century of upheaval and warfare in Europe between the outbreak of the French Revolution and fall of Napoleon saw important developments in understandings of nation public and popular sovereignty which spilled over into how people viewed their governments and how governments viewed their people By investigating the ideas and impulses behind Dutch French and British foreign policy in a comparative context across a range of royal revolutionary and republican regimes this book offers new insights into the importance of public opinion and national identities to international relations at the end of the long eighteenth century

Imagining Global Amsterdam Marco de Waard, 2012-01-01 Imagining Global Amsterdam gaat over het beeld van Amsterdam in film literatuur visuele kunst en in het moderne stedelijke discours in het bijzonder in de context van de mondialisering De essays gaan onder andere dieper in op Amsterdam als een lieu de m moire van de vroeg moderne wereldhandel Wat betekent deze herinnering in de hedendaagse cultuur Waarom verwijzen zo veel contemporaine films en romans naar dit verleden terug Ook het inter nationale imago van Amsterdam als een multicultureel en ultra tolerant %x global village %x komt aan bod Waarom is dit beeld zo persistent en hoe heeft het zich in de loop van de laatste decennia ontwikkeld Tot slot wordt ingegaan op de vraag hoe mondialiseringsprocessen ingrijpen in de stadscultuur zoals in het prostitutiegebied op de Wallen en via de erfgoedindustrie Hoe manifesteert de mondialisering zich in de stad en welke rol speelt beeldvorming daarbij Deze bundel vormt een rijk geschakeerd onderzoek naar de relatie tussen Amsterdam mondialisering en stedelijke beeldvorming Marco de Waard is als docent literatuurwetenschap verbonden aan het Amsterdam University College

The Pure Language of the Heart Annemieke Meijer, 2023-07-10 This is the first book length study of Sentimentalism in the Netherlands Taking for its starting point the polemic between Rhijnvis Feith the champion of the Dutch Sentimental vogue and his chief opponent Willem Emmery de Perponcher a polemic that lasted from 1786 to 1789 the author places the Dutch debate over Sentimentalism in a wider socio cultural context The Dutch had their own version of Sentimentalism Its specific nature and the themes that were touched upon in the debate which it evoked are here described and analysed against the European background of English Sensibility and German Empfindsamkeit The Pure Language of the Heart also discusses authors such as Elisabeth Maria Post and Jacob Eduard de Witte It traces the vocabulary of eighteenth century Dutch sentimental discourse and contains an extensive bibliography of contemporary material relating to the Sentimental

De ontdekking van de Nederlander Eveline Koolhaas-Grosfeld, 2010-01-01 Als Nederlanders ooit een reden hadden om zich af te vragen wie zij waren dan was het wel rond 1800 De staatsvorm was in

korte tijd drie keer gewijzigd en in Europa was hun artistieke politieke en economische rol al eerder uitgespeeld Voor het gebrek aan nationaliteitsbesef en saamhorigheidsgevoel zou betere kennis van ons vaderlands verleden de oplossing zijn hoopte men toen ook al In de daarop volgende beweging voor culturele natievorming speelde de Amsterdamse prent en boekuitgever Evert Maaskamp 1769 1834 een unieke rol Zijn belangrijkste uitgave een serie klederdrachtprenten bezorgde de Nederlandse prentkunst weer een goede reputatie en gaf de Nederlanders die volgens Maaskamp de grootste etnisch culturele verscheidenheid ter wereld bezaten een nieuw gezicht

Republicans Wyger Velema, 2007-10-31 The notion of being freeborn republicans bound the eighteenth century Dutch together and constituted a significant part of their sense of national identity Yet beneath this general label many fundamental differences existed Republicanism could stand for anti monarchism but it could also be a moral doctrine emphasizing the importance of the exercise of virtue or refer to a certain way of life During the revolutionary years of the late eighteenth century it came to mean the permanent and active sovereignty of the people This book explores the many varieties of eighteenth century Dutch republicanism from a number of different methodological perspectives It thereby significantly contributes to our understanding of a crucial period in the development of Dutch political thought
