conversations with the German scholar and thinker Christa Buschendorf describes Douglass as a complex man who is both the towering Black freedom fighter of the nineteenth century and a product of his time who lost sight of the fight for civil rights after the emancipation. He calls Du Bois undeniably the most important Black intellectual of the twentieth century and explores the more radical aspects of his thinking in order to understand his uncompromising critique of the United States which has been omitted from the American collective memory. West argues that our selective memory has sanitized and even Santaclausified Martin Luther King Jr rendering him less radical and has marginalized Ella Baker who embodies the grassroots organizing of the civil rights movement. The controversial Malcolm X who is often seen as a proponent of reverse racism, hatred and violence has been demonized in a false opposition with King while the appeal of his rhetoric and sincerity to students has been sidelined. Ida B Wells West argues shares Malcolm X's radical spirit and fearless speech but has often become the victim of public amnesia. By providing new insights that humanize all of these well known figures in the engrossing dialogue with Buschendorf and in his insightful introduction and powerful closing essay, Cornel West takes an important step in rekindling the Black prophetic fire.

Contemporary Asian American Activism Diane C. Fujino, Robyn Magalit Rodriguez, 2022-01-28. In the struggles for prison abolition, global anti imperialism, immigrant rights, affordable housing, environmental justice, fair labor and more, twenty first century Asian American activists are speaking out and standing up to systems of oppression. Creating emancipatory futures requires collective action and reciprocal relationships that are nurtured over time and forged through cross racial solidarity and intergenerational connections leading to a range of on the ground experiences. Bringing together grassroots organizers and scholar activists, *Contemporary Asian American Activism* presents lived experiences of the fight for transformative justice and offers lessons to ensure the longevity and sustainability of organizing. In the face of imperialism, white supremacy, racial capitalism, heteropatriarchy, ableism and more, the contributors celebrate victories and assess failures, reflect on the trials of activist life, critically examine long term movement building and inspire continued mobilization for coming generations.
