make learning Lightroom easy and fun Scott doesn't just show you which sliders do what every Lightroom book will do that. Instead by using the following three simple yet brilliant techniques that make it just an incredible learning tool this book shows you how to create your own photography workflow using Lightroom. Throughout the book Scott shares his own personal settings and studio-tested techniques. Each year he trains thousands of Lightroom users at his live seminars and through that he's learned what really works what doesn't and he tells you flat out which techniques work best which to avoid and why. The entire book is laid out in a real workflow order with everything step by step so you can begin using Lightroom like a pro from the start. What really sets this book apart is the last chapter. This is where Scott dramatically answers his 1 most asked Lightroom question which is Exactly what order am I supposed to do things in and where does Photoshop fit in. You'll see Scott's entire start to finish Lightroom 5 workflow and learn how to incorporate it into your own workflow. Plus this book includes a downloadable collection of some of the hottest Lightroom Develop module presets to give you a bunch of amazing effects with just one click. Scott knows first hand the challenges today's digital photographers are facing and what they want to learn next to make their workflow faster easier and more fun. He has incorporated all of that into this major update for Lightroom 5. It's the first and only book to bring the whole process together in such a clear concise and visual way. Plus the book includes a special chapter on integrating Adobe Photoshop seamlessly right into your workflow and you'll also learn some of Scott's latest Photoshop portrait retouching techniques and special effects which take this book to a whole new level. There is no faster more straight to the point or more fun way to learn Lightroom than with this groundbreaking book.
