What Johnny Shouldnt Read Textbook Censorship In America:

What Johnny Shouldn't Read Joan DelFattore,1992-01-01 Offers a behind the scenes view of the ways in which special interest groups influence the content of textbooks used in public and private schools throughout America This book describes six cases resulting from attempts to suppress information on evolution gun control and pacifism Whose America?

Jonathan Zimmerman,2022-08-26 In this expanded edition of his 2002 book Zimmerman surveys how battles over public education have become conflicts at the heart of American national identity Critical Race Theory The 1619 Project Mask mandates As the headlines remind us American public education is still wracked by culture wars But these conflicts have shifted sharply over the past two decades from religious issues to national ones marking larger changes in the ways that Americans imagine themselves From the Scopes Trial over evolution in the 1920s through battles over school prayer in the 80s and 90s the twentieth century s bitterest school battles were tied to questions of faith By contrast America forged truces over history instruction by adding new groups to a shared patriotic story of freedom and progress Jonathan Zimmerman forecast as much in his 2002 book *Whose America* Twenty years later though Zimmerman has reconsidered arguments over what American history is what it means and how it is taught have exploded with special force in recent years whether over Confederate monuments the naming of buildings and institutions or the very definition of patriotism In this substantially expanded new edition Zimmerman meditates on the history of the culture wars in the classroom and on what our inability to find common ground might mean for our future *Literature Suppressed on Religious Grounds* Margaret Bald,2014-05-14

Literature Suppressed on Religious Grounds Revised Edition profiles the censorship of many such essential works of literature The entries new to this edition include extensive coverage of the Harry Potter series which has been frequently banned in the United States on the grounds that it promotes witchcraft as well as entries on two popular textbook series *The Witches* by Roald Dahl *Women Without Men* A Novel of Modern Iran and more Also included are updates to such entries as *The Satanic Verses* by Salman Rushdie and *On the Origin of Species* by Charles Darwin *Schools and Society* Jeanne H. Ballantine,Joan Z. Spade,Jenny M. Stuber,2017-10-25 This comprehensive anthology features classical readings on the Sociology of Education as well as current original essays by notable contemporary scholars Assigned as a main text or a supplement this fully updated Sixth Edition uses the open systems approach to provide readers with a framework for understanding and analyzing the book s range of topics Jeanne H Ballantine Joan Z Spade and new co editor Jenny M Stuber all experienced instructors in this subject have chosen articles that are highly readable and that represent the field s major theoretical perspectives methods and issues The Sixth Edition includes twenty new selections and five revisions of original readings and features new perspectives on some of the most contested issues in the field today such as school funding gender issues in schools parent and neighborhood influences on learning growing inequality in schools and charter schools

Confronting Our Canons Joan Lipman Brown,2010 The contents of this book cover what a Canon is and why it matters

the Canon backstory modern Canons factors that make a work Canonical the literary Canon and much more

The Patchwork of World History in Texas High Schools Stephen Jackson, 2022-11-30 This book traces the historical development of the World History course as it has been taught in high school classrooms in Texas a populous and nationally influential state over the last hundred years Arguing that the course is a result of a patchwork of competing groups and ideas that have intersected over the past century with each new framework patched over but never completely erased or replaced the author crucially examines themes of imperialism Eurocentrism and nationalism in both textbooks and the curriculum more broadly The first part of the book presents an overview of the World History course supported by numerical analysis of textbook content and public documents while the second focuses on the depiction of non Western peoples and persistent narratives of Eurocentrism and nationalism It ultimately offers that a more global accurate and balanced curriculum is possible despite the tension between the ideas of professional world historians who often de center the nation state in their quest for a truly global approach to the subject and the historical core rationale of state sponsored education in the United States to produce loyal citizens Offering a new conceptual understanding of how colonial themes in World History curriculum have been dealt with in the past and are now engaged with in contemporary times it provides essential context for scholars and educators with interests in the history of education curriculum studies and the teaching of World History in the United States

The Language Police Diane Ravitch, 2007-12-18 If you re an actress or a coed just trying to do a man size job a yes man who turns a deaf ear to some sob sister an heiress aboard her yacht or a bookworm enjoying a boy s night out Diane Ravitch s internationally acclaimed *The Language Police* has bad news for you Erase those words from your vocabulary Textbook publishers and state education agencies have sought to root out racist sexist and elitist language in classroom and library materials But according to Diane Ravitch a leading historian of education what began with the best of intentions has veered toward bizarre extremes At a time when we celebrate and encourage diversity young readers are fed bowdlerized texts devoid of the references that give these works their meaning and vitality With forceful arguments and sensible solutions for rescuing American education from the pressure groups that have made classrooms bland and uninspiring *The Language Police* offers a powerful corrective to a cultural scandal

Literature Suppressed on Religious Grounds, Fourth Edition Margaret Bald, 2019-08-01 Censorship of religious and philosophical speculation is as old as history and as current as today s headlines Many of the world s major religious texts including the Bible the Talmud the Koran and others have been suppressed condemned or proscribed at some time Works of secular literature that touch upon religious beliefs or reflect dissenting views have also been suppressed *Literature Suppressed on Religious Grounds Fourth Edition* profiles the censorship of many of these works These include the frequently challenged Harry Potter series which critics accuse of promoting witchcraft and anti family themes as well as Philip Pullman s *His Dark Materials* trilogy and Dan Brown s *The Da Vinci Code* Entries include *The Age of Reason* Thomas Paine *The Analects* Confucius *The Battle for God* Karen Armstrong *The*
