Vom Kreml zur Alhambra Max Nordau, 2011 **Der Kulturkritiker und Schriftsteller Max Nordau** Petra Zudrell, 2003 **Vom Kreml zur Alhambra, Kulturstudien von Max Nordau** Max Nordau, 1880 **Sephardim and Ashkenazim** Sina Rauschenbach, 2020-11-09 Sephardic and Ashkenazic Judaism have long been studied separately Yet scholars are becoming ever more aware of the need to merge them into a single field of Jewish Studies This volume opens new perspectives and bridges traditional gaps The authors are not simply contributing to their respective fields of Sephardic or Ashkenazic Studies Rather they all include both Sephardic and Ashkenazic perspectives as they reflect on different aspects of encounters and reconsider traditional narratives Subjects range from medieval and early modern Sephardic and Ashkenazic constructions of identities influences and entanglements in the fields of religious art halakhah kabbalah messianism and charity to modern Ashkenazic Sephardism and Sephardic admiration for Ashkenazic culture For reasons of coherency the contributions all focus on European contexts between the fourteenth and the nineteenth centuries ,

Vorbild und Gegenbild Carsten Schapkow, 2011 Die im maurischen Stil erbaute Synagoge in der Oranienburger Strasse von Berlin versinnbildlichte wie kein anderer Ort in Deutschland sowohl das Selbstbewusstsein des deutschen Judentums wie auch die Vorbildfunktion der iberisch sephardischen Kultur Dieses Phanomen wird im vorliegenden Werk in all seinen Ausprägungen untersucht Dass die jüdische Geschichte auf der iberischen Halbinsel dabei nicht nur als Goldenes Zeitalter wahrgenommen wurde sondern in Abgrenzung dazu auch viele Gegenentwürfe entstanden sind die die Entwicklung einer modernen deutsch jüdischen Identität seit dem 18 Jahrhundert entscheidend geprägt haben ist die zentrale These des Buches The Universal Jewish Encyclopedia ... Isaac Landman, Simon Cohen, 1942 *New Perspectives on Jewish Cultural History* Maja Gildin Zuckerman, Jakob Egholm Feldt, 2019-08-19 This book presents original studies of how a cultural concept of Jewishness and a coherent Jewish history came to make sense in the experiences of people entangled in different historical situations Instead of searching for the inconsistencies discontinuities or ruptures of dominant grand historical narratives of Jewish cultural history this book unfolds situations and events where Jewishness and a coherent Jewish history became useful meaningful and acted upon as a site of causal explanations Inspired by classical American pragmatism and more recent French pragmatism we present a new perspective on Jewish cultural history in which the experiences problems and actions of people are at the center of reconstructions of historical causalities and projections of future horizons The book shows how boundaries between Jewish and non Jewish are not a priori given but are instead repeatedly experienced in a variety of situations and then acted upon as matters of facts In different ways and on different scales these studies show how people's experiences of Jewishness perpetually probe test and shape the boundaries between what is Jewish and non Jewish and that these boundaries shape the spatiotemporal linkages that we call history *Luzac's Oriental List and Book Review* , 1891 **Theodor Herzl** Gideon Shimoni, Robert S. Hungarian journalist and playwright arrive at his Zionist revelation in Paris in 1895 What was the connection between the pre Zionist Herzl and his subsequent meteoric career as leader of the movement for Jewish national redemption The path breaking original essays in this volume especially written by foremost Herzl scholars worldwide provide novel and at times surprising answers to these and many more questions **Sale Catalogues** American Art Association, Anderson Galleries (Firm),inc American art association Aderson galleries,1917 *Nord un Süd* ,1916 *Nord und süd* Paul Lindau,1916

History of the Moorish Empire in Europe (Complete) Samuel Parsons Scott, Few countries of the globe present to the eye of the traveller so desolate so forbidding an aspect as that vast and arid peninsula which embracing an area of more than a million square miles stretches away through twenty four degrees of latitude from the confines of the Syrian Desert to the shores of the Indian Ocean Its surface while far from possessing the monotonous character with which popular fancy is accustomed to invest it is for the greater part of its extent destitute of those physical advantages which tempt either the cupidity or the enterprise of man Its coasts are low and unhealthy Its harbors are few and unsafe Its mineral resources are to this day unexplored and unknown Its impenetrable deserts guarded by a fierce and martial population have always set at defiance the best matured plans of invasion and conquest In the principality of Yemen appropriately named The Happy the cultivation of the soil has flourished from time immemorial but in almost every other province the returns of agricultural labor are discouraging and unremunerative Illimitable wastes of sand over which sweeps the deadly blast of the simoom mountains bald craggy and volcanic whose slopes are destitute of every trace of vegetable life plains strewn with blocks of tufa and basalt valleys dotted here and there with stunted shrubs or encrusted with a saline deposit similar to that upon the shores of the Dead Sea a soil impregnated with nitre such are and have been from prehistoric times the physical features of the Arabian Peninsula No stream worthy of the name of river dispensing wealth and fertility in its winding course to the sea flows through this dreary and inhospitable land Wherever a spring was found a permanent settlement arose and the black tents of the Bedouin gave place to huts of sun dried bricks while the dignity of the sheik who now aspired to the title of prince was satisfied with a dwelling superior to those of his subjects only in point of size The oasis generally suggestive of shady groves and purling streams is often in reality nothing more than the dry bed of a mountain torrent along whose borders a little withered vegetation furnishes the hardy camel with pasture and where a scanty supply of brackish water can by laborious digging be obtained Overhead glitters a sky of brass unflecked by a single cloud and morning and evening the rays of the sun mellowed and refracted by the vapors of the earth clothe every elevation with scarlet azure and violet tints which blended in exquisite harmony rival the splendors of the rainbow developing under the effects of radiation optical illusions and charming pictures of the mirage attributed by superstitious ignorance to the influence of enchantment The

unbroken stillness of the Desert the wide expanse of uninhabited territory produce a sense of mental depression accompanied by an apprehension of danger from the convulsions of nature and the violence of man which no experience seems able to remove affecting even the sturdy camel driver familiar with these solitudes from childhood who shudders as he urges his string of panting beasts over the drifted sand heaps and through the mountain fastness the reputed haunt of evil genii and the vantage ground from whence the murderous banditti oft beset the caravan So deeply rooted and tenacious is this feeling that the Arab regards a journey successfully performed as just cause for congratulation and indeed not inferior to a triumph as is indicated by his familiar proverb Travel is a victory **New International Encyclopedia** ,1916 *The New International Encyclopædia* Frank Moore Colby,Talcott Williams,1917 *The New International Encyclopaedia* Frank Moore Colby,Talcott Williams,1929
