War Peace Middle East Concise:

War and Peace in the Middle East Avi Shlaim, 1995-08-01 Remarkable breathtaking in its scope and historical precision this is highly recommended volume for both public and academic libraries Library Journal Kuwait Amid War, Peace and Revolution Lori Plotkin Boghardt, 2006-10-31 This book explores Kuwaiti internal security challenges of terrorism sabotage and subversion and using untapped Kuwaiti government sources examines policy responses such as mass deportations and special security trials The study details how turmoil in neighbouring states and religious tensions threaten Kuwait's environment Britain in the Middle East Robert T. Harrison, 2016-05-05 Britain in the Middle East provides a comprehensive survey of British involvement in the Middle East exploring their mutual construction and influence across the entire historical sweep of their relationship In the 17th century Britain was establishing trade links in the Middle East using its position in India to increasingly exclude other European powers Over the coming centuries this commercial influence developed into political power and finally formal empire as the British sought to control their regional hegemony through military force Robert Harrison charts this relationship exploring how the Middle East served as the launchpad for British offensive action in the World Wars and how resentment against colonial rule in the region led ultimately to political and Islamic revolutions and Britain's demise as a global imperial power **International Relations of the Middle East** Louise L'Estrange Fawcett, 2016 Now in its fourth edition International Relations of the Middle East provides a thematic overview of the subject combining a history of the region with analysis of key themes actors and conflicts as well as topical material and perspectives Justice and Peace in the Israeli-Palestinian Conflict Yaacov Bar Siman Tov, 2014-09-19 In this book the late Prof Yaacov Bar Siman Tov argues that the failure of the Israeli Palestinian peace process so far has been mainly the result of the inability of both sides to reach an agreed formula for linking justice to peace The issues of justice and injustice are focused mainly on the outcomes of the 1947-1949 first Arab Israeli War and specifically in the creation of the Palestinian refugee problem The conflicting historical narratives of the two sides regarding the question of responsibility for the injustice done to the Palestinians turn the Israeli Palestinian conflict into a classic case of linking the issues of justice and peace Yaacov Bar Siman Tov maintains that the narratives of justice and injustice in the Israeli Palestinian conflict have proved to be formidable barriers to peace Hence he recommends that justice should be compromised for the sake of peace The link between justice and peace is an important issue requiring both sides' attention but given the wide and currently unbridgeable gap separating the two sides it should be postponed to the phase of reconciliation rather than being included in the process of conflict resolution The two state solution is endorsed as the best and practical solution and as a first step for a just peace in this conflict to be followed by reconciliation Highly topical this book is essential reading for scholars and researchers of International Relations Peace Studies and the Arab Israeli conflict **False Prophets of Peace** Tikva Honig-Parnass, 2011 The Israeli Left has long held the view that the historic Zionist Labor movement stands firmly in the humanistic democratic

and even socialist traditions These progressive credentials are routinely called forth as cause to dismiss any of Israel's leftwing critics and their charges of injustice Yet a closer examination of these claims reveals a carefully constructed mythology used to obscure a more sordid reality False Prophets of Peace unearths the central role played by the Israeli Left in laying the foundation for the colonial settler project and its campaign of dispossession Far from its professed radicalism Honig Parnass deftly exposes Left Zionism's contributions to Israel's exclusivist ideology and its participation in attempts to legitimize the apartheid treatment of Palestinians Its fervent support of a Jewish only state not only undermined the peace process from the very start but continues to serve as a barrier to reaching a just peace that recognizes the national and human rights of the Palestinian people

Strategic Air Power in Desert Storm John Andreas Olsen, 2013-11-05 In response to the Iraqi invasion of Kuwait on the second of August 1990 a small group of air power advocates in the Pentagon proposed a strategic air campaign Operation Desert Storm designed to drive the Iraqi army from Kuwait by a sustained effort against the major sources of Iraqi national power John Andreas Olsen provides a coherent and comprehensive examination of the origins evolution and implementation of this campaign His findings derive from official military and political documentation interviews with United States Air Force officers who were closely involved with the planning of the campaign and Iraqis with detailed knowledge and experience of the inner workings of the Iraqi regime

Genocide in Gaza Ahmet Davutoglu, Richard Falk, 2025-05-01 The December 2023 issuance of a Declaration of Conscience and Concern of Global Intellectuals to Stop Gaza Genocide to leading civil society activists and former governmental and UN officials throughout the world recorded 127 invited signatories and over 1500 endorsers On this basis the Declaration's originators Ahmet Davutoglu and Richard Falk invited a select number of signatories to an emergency conference in London to lend their authority to a further expression of the international community's deepest concerns in light of the continuation of the genocidal assault on the peoples of Gaza This book brings together the most valuable of the presentations delivered by conference participants It provides a coherent perspective on the extreme human catastrophe that was exposed as it unfolded in real time arousing intense responses of outrage from the peoples of the world which failed to alter the shameless and shocking levels of active complicity on the part of several leading Western liberal democracies The latter constituted a cynical embrace of moral hypocrisy and double standards paralyzing the UN and ignoring the most flagrant violations of international law on Israel's part The book assesses the Israeli response to the Hamas attack of October 7 from the perspective of international law and morality as well as providing informed accounts of the inability of the UN to implement the demands of a permanent and unconditional ceasefire in Gaza It also provides accounts of the implementation of forced evacuation induced starvation and disease efforts calculated to destroy the civilian population in whole or in part Israel's defiance of the UN the ICJ Interim Order and international humanitarian law in the course of transparent violations of the Genocide Convention At a time when neither governments nor international institutions are demonstrating either the will or the capability to act in accord with the rule of

law or the popular will of the majority of the peoples of the world who have demonstrated against the genocide in their millions these substantial essays give an overview of the extraordinary damage wrought and what can and should be done to protect Palestinian rights and construct a future that empowers Palestinians to give content to their right of self determination rather than victimized by yet another effort to impose a solution from without or enable Israel to control the day after developments when the violence stops

Decolonization, Sovereignty, and Peacekeeping

Hanny Hilmy, 2020-09-29 This book analyses three major themes decolonization sovereignty and peacekeeping Their interaction during the national liberation struggle during the Cold War culminating in the 1956 Suez War addresses the principle of national sovereignty after World War II in the framework of the UN Charter The new peacekeeping operations were used in many conflicts during which the Charter s theory and application were tested The rise of the USA as the key Western power and Israel s special role in the Middle East have created a new confrontational dynamic for the entire region The interaction between the book s main themes in the field has led to the principles of peacekeeping in international and national conflicts being reviewed in light of the discredited Capstone Doctrine The author argues that state sovereignty is sacrosanct but humanitarian interventions are equally imperative in his view Striking the right balance is crucial for managing conflicts The author offers a well informed historical account and an authoritative political analysis was exposed to UNEF deployments and termination and knows key peacekeeping actors draws on original documents memoirs and interviews includes unpublished photos and previously unavailable documentary material has experience in government and academia

International Relations of the Middle East Louise Fawcett, 2013-03-21 Leading scholars of Middle East politics and international relations present comprehensive coverage of the international politics of the Middle East a region at the forefront of international attention
