War States And Contention A Comparative Historical Study

Didier Bigo, Emma Mc Cluskey, Félix Tréguer

War States And Contention A Comparative Historical Study:

War, States, and Contention Sidney Tarrow, 2015-05-21 For the last two decades Sidney Tarrow has explored contentious politics disruptions of the settled political order caused by social movements These disruptions range from strikes and street protests to riots and civil disobedience to revolution In *War States and Contention* Tarrow shows how such movements sometimes trigger and guide the course of war and how they sometimes rise during war and in war's wake to change regimes or even overthrow states Tarrow draws on evidence from historical and contemporary cases including revolutionary France the United States from the Civil War to the anti Vietnam War movement Italy after World War I and the United States during the decade following 9 11 In the twenty first century movements are becoming transnational and globalization and internationalization are moving war beyond conflict between states The radically new phenomenon is not that movements make war against states but that states make war against movements Tarrow finds this an especially troublesome development in recent U S history He argues that the United States is in danger of abandoning the devotion to rights it had expanded through two centuries of struggle and that Americans are now institutionalizing as a new normal the abuse of rights in the name of national security He expands this hypothesis to the global level through what he calls the international state of emergency

Human Rights and America's War on Terror Satvinder S. Juss, 2018-10-25 This volume examines the success of the 9 11 attacks in undermining the cherished principles of Western democracy free speech and tolerance which were central to US values It is argued that this has led to the USA fighting disastrous wars in Afghanistan and Iraq and to sanctioning the use of torture and imprisonment without trial in Guantanamo Bay extraordinary rendition surveillance and drone attacks At home it has resulted in restrictions of civil liberties and the growth of an ill affordable military and security apparatus In this collection the authors note the irony that the shocking destruction of the World Trade Center on 9 11 should become the justification for the relentless expansion of security agencies Yet this is a salutary illustration of how the security agencies in the USA have adopted faulty preconceptions which have become too embedded within the institution to be abandoned without loss of credibility and prestige The book presents a timely assessment of both the human rights costs of the war on terror and the methods used to wage and relentlessly continue that war It will be of interest to researchers academics practitioners and students in the fields of human rights law criminal justice criminology politics and international studies

The Spatiality of Violence in Post-war Cities Emma Elfvérsson, Ivan Gusic, Kristine Höglund, 2020-05-21 *The Spatiality of Violence in Post war Cities* analyses violence in post war cities from different perspectives and in different parts of the world with a shared attention to space and how it affects violent dynamics The world is urbanising rapidly and cities are increasingly held as the most important arenas for sustainable development Cities emerging from war are no exception but across the globe many post war cities are ravaged by residual or renewed violence which threatens progress towards peace and stability This volume addresses why such violence happens where and how it

manifests and how it can be prevented It includes contributions that are informed by both post war logics and urban particularities that take intra city dynamics into account and that adopt a spatial analysis of the city They focus on cases around the world including Medell n Colombia Johannesburg South Africa and Mitrovica Kosovo The volume makes a threefold contribution to the research agenda on violence in post war cities First the contributions nuance our understanding of the causes and forms of the uneven spatial distribution of violence insecurities and trauma within and across post war cities Second the collection demonstrates how urban planning and the built environment shape and generate different forms of violence in post war cities Third the contributions explore the challenges opportunities and potential unintended consequences of conflict resolution in violent urban settings Providing novel insights into the causes and dynamics of violence in post war cities and challenges and opportunities for violence reduction The Spatiality of Violence in Post war Cities will be of great interest to scholars of peace violence conflict and its resolution urban studies built environment and planning The chapters were originally published as a special issue of Third World Thematics Theorizing Cultures of Political Violence in Times of Austerity Joanna Rak,2018-06-13 After the multidimensional financial crisis of 2008 the member states of the Eurozone imposed a set of economic policies to save their economies Socially unpopular cuts contributed to the occurrence of violent movements that both opposed austerity policies and created animosity towards the politicians who implemented them Combining qualitative and quantitative comparative analyses from anti austerity movements in 14 Eurozone states from 2007 to 2015 Joanna Rak develops an original typology of patterns of a culture of political violence to explain why some anti austerity movements turned to violence and others did not despite having shared goals and political values She uncovers the very nature of the differences and similarities between cultures of political violence identifies their sources and determines their differing results Simultaneously she opens a discussion on the exploratory and explanatory utility of the category of a culture of political violence in the Social Sciences Theorizing Cultures of Political Violence in Times of Austerity casts new light on the scholarly debate on cultures of political violence and anti austerity violent behavior making it a compelling read for scholars of political sociology political behavior comparative politics European politics and sociology War, Armed Force, and the People Walter C. Opello Jr.,2016-10-18 Throughout history innovations in military technology have transformed warfare which in turn affected state formation This interplay between warfare military technology and state formation is the focus of this text Theoretically grounded in the bellicist approach to the study of war and state which posits that war is a normal part of human experience the book argues that the threat of war by powerful predatory neighbors has been until relatively recently the prime mover of state formation Using a historical approach it explains how advances in military technology have transformed war and how new modes of war in turn have transformed forms of politico military rule especially with regard to the relationship between the state armed force and the people Collective Violence, Contentious Politics, and Social Change Ernesto Castañeda,Cathy Schneider,2017-05-08 Charles Tilly

is among the most influential American sociologists of the last century For the first time his pathbreaking work on a wide array of topics is available in one comprehensive reader This manageable and readable volume brings together many highlights of Tilly's large and important oeuvre covering his contribution to the following areas revolutions and social change war state making and organized crime democratization durable inequality political violence migration race and ethnicity narratives and explanations The book connects Tilly's work on large scale social processes such as nation building and war to his work on micro processes such as racial and gender discrimination It includes selections from some of Tilly's earliest influential and out of print writings including *The Vend e Coercion Capital and European States* the classic *War Making and State Making as Organized Crime* and his more recent and lesser known work including that on durable inequality democracy poverty economic development and migration Together the collection reveals Tilly's complex compelling and distinctive vision and helps place the contentious politics approach Tilly pioneered with Sidney Tarrow and Doug McAdam into broader context The editors abridge key texts and in their introductory essay situate them within Tilly's larger opus and contemporary intellectual debates The chapters serve as guideposts for those who wish to study his work in greater depth or use his methodology to examine the pressing issues of our time Read together they provide a road map of Tilly's work and his contribution to the fields of sociology political science history and international studies This book belongs in the classroom and in the library of social scientists political analysts cultural critics and activists

Intelligence Oversight in Times of Transnational Impunity Didier Bigo, Emma Mc Cluskey, Félix Tréguer, 2023-11-24 This book adopts a critical lens to look at the workings of Western intelligence and intelligence oversight over time and space Largely confined to the sub field of intelligence studies scholarly engagements with intelligence oversight have typically downplayed the violence carried out by secretive agencies These studies have often served to justify weak oversight structures and promoted only marginal adaptations of policy frameworks in the wake of intelligence scandals The essays gathered in this volume challenge the prevailing doxa in the academic field adopting a critical lens to look at the workings of intelligence oversight in Europe and North America Through chapters spanning across multiple disciplines political sociology history and law the book aims to recast intelligence oversight as acting in symbiosis with the legitimisation of the state's secret violence and the enactment of impunity showing how intelligence actors practically navigate the legal and political constraints created by oversight frameworks and practices for instance by developing transnational networks of interdependence The book also explores inventive legal steps and human rights mechanisms aimed at bridging some of the most serious gaps in existing frameworks drawing inspiration from recent policy developments in the international struggle against torture This book will be of much interest to students of intelligence studies sociology security studies and international relations The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Democratic Crisis and Global Constitutional Law Christopher

Thornhill,2021-01-28 Explains the current weakness of democratic polities by addressing paradoxes in constitutional democracy and its theoretical foundations The USA and The World 2024-2025 David M. Keithly,2024-10-01 The World Today Series USA and The World describes not only what happened but puts events in the context of the past and criticizes policy actions as appropriate The result goes deeper than most of what appears in current publications Updated annually and part of the renowned World Today Series USA and the World presents an unusually penetrating look into America and its relationship to the rest of the world The combination of factual accuracy and up to date detail along with its informed projections make this an outstanding resource for researchers practitioners in international development media professionals government officials potential investors and students Now in its 19th edition the content is thorough yet perfect for a one semester introductory course or general library reference **Thinking of Questions** Peter Limm,2015-09-23 This is not a conventional book It is designed to stimulate and challenge all people who are curious to find out about the world they inhabit and their place within it It does this by suggesting questions and lines of questioning on a wide range of topics The book does not provide answers or model arguments but prompts people to create their own questions and a reading log or journal To this end almost all questions have a list of books or articles to provide a starter for stimulating further reading Once you start you will be hooked Never stop questioning

Thank you for reading **War States And Contention A Comparative Historical Study**. Maybe you have knowledge that, people have look numerous times for their chosen readings like this War States And Contention A Comparative Historical Study, but end up in infectious downloads.

Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of War States And Contention A Comparative Historical Study eBooks, including some popular titles.

FAQs About War States And Contention A Comparative Historical Study Books

What is a War States And Contention A Comparative Historical Study PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a War States And Contention A Comparative Historical Study PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a War States And Contention A Comparative Historical Study PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a War States And Contention A Comparative Historical Study PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a War States And Contention A Comparative Historical Study PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files

without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
