The Love Story of Creation Edward Ruetz, Ruetz Edward Ruetz, 2010 A man awakens one day in a land of brilliant light Unsure of his surroundings he sees another man woman and their child surrounded by a pure crimson energy of love He soon realizes that the Divine Beings intend to use their energy of love to give birth to new beings And so begins an expanding Universe fueled by diverse particles woven by gravity's power into a massive web The Divine Beings empower atoms to be agents of creativity The first beings Quarkie and Photie join twelve atom friends and quadrillions of other atoms who manage to create billions of suns in billions of galaxies After the Divine Beings take the atom pals on journeys back to the past to visit other atom families the atom friends living in the Milky Way Galaxy are jolted by an exploding supernova and land on planet Earth where they eventually create the first living beings During the next two billion years they engage in a crucial mission the conception of the eukaryote cell which will determine all future creativity on Earth But just as they are certain of their success a momentous catastrophe threatens to end their creative journey

Would You Baptize an Extraterrestrial? Guy Consolmagno, SJ, Paul Mueller, SJ, 2018-06-26 Witty and thought provoking two Vatican astronomers shed provocative light on some of the strange places where religion and science meet Imagine if a Martian showed up all big ears and big nose like a child's drawing and he asked to be baptized How would you react Pope Francis May 2014 Pope Francis posed that question without insisting on an answer to provoke deeper reflection about inclusiveness and diversity in the Church But it's not the first time that question has been asked Brother Guy Consolmagno and Father Paul Mueller hear questions like that all the time They're scientists at the Vatican Observatory the official astronomical research institute of the Catholic Church In *Would You Baptize an Extraterrestrial* they explore a variety of questions at the crossroads of faith and reason How do you reconcile the The Big Bang with Genesis Was the Star of Bethlehem just a pious religious story or an actual description of astronomical events What really went down between Galileo and the Catholic Church and why do the effects of that confrontation still reverberate to this day Will the Universe come to an end And could you really baptize an extraterrestrial With disarming humor Brother Guy and Father Paul explore these questions and more over the course of six days of dialogue *Would You Baptize an Extraterrestrial* will make you laugh make you think and make you reflect more
