West Bloc Dissident A Cold War Political Memoir

Dale M. Brumfield

West Bloc Dissident A Cold War Political Memoir:

West-Bloc Dissident William Blum, 2002-03-11 In the 1960s after four years with IBM and two more with the U S State Department William Blum became a radical dissident As an insider in two worlds he is well suited to assess the people events and ideology of both the bourgeois and radical cultures In *West Bloc Dissident* Blum brings unexpected wit and insight to his portrayals of both sides of the ideological fence He draws unsparing portraits of his movement comrades Jerry Rubin Allen Ginsberg Norman Mailer and others An anti war activist he takes on the CIA FBI State Department and police Also included are firsthand accounts of everything from the underground press to Salvador Allende s Chile *Covertaction* Ellen Ray, William H. Schaap, 2003 An expose of Washington s dirty tricks campaigns and the consequent blowback

Independent Press in D.C. and Virginia Dale M. Brumfield, 2015-04-20 The nation s capital and the state of Virginia were a hotbed of political and social turmoil that marked the 1960s and 1970s The area saw anti Vietnam War protests civil rights marches and students clamoring for a cultural revolution Underground publications in D C and Virginia sprang up to document the radical change and question the straight media *Off Our Backs* led the charge for women s equality *The Gay Blade* fought for the rights of homosexuals Even the FBI began infiltrating the underground press movement by planting informants and creating fake magazines to attract suspicious radicals Join author and former underground editor Dale Brumfield as he traces the history of alternative press in the Commonwealth and the District *Devastating Society* Bernd Hamm, 2005-02-20 United in their opposition to the neo conservatism underpinning America s current political strategies the contributors offer a grounded critique of the real impact that these policies make at home and abroad Starting with a close analysis of the Bush administration and the neo conservative hold on power in Washington they move on to a broader historical analysis They set today s topical issues in the context of what they see as a gradual shift towards the right in American politics and the creeping corporatisation of American society The contributors show that September 11 was used by the Bush administration to clamp down on civil liberties at home and to step up an aggressive line in foreign policy The impact on American society and societies elsewhere has been deeply damaging Ranging over this and other topics including the US economy corporate crime and anti environmentalism this book is ideal for anyone who wants a critical introduction to current affairs issues set within the broader context of America s history of foreign interventions and global capitalism

Smoking Typewriters John McMillian, 2014-08-13 What caused the New Left rebellion of the 1960s In *Smoking Typewriters* historian John McMillian argues that the underground press contributed to the New Left s growth and cultural organization in crucial overlooked ways Guerrilla Networks Michael Goddard, 2025-10-01 The radical youth movements of the 1960s and 70s gave rise to both militant political groups ranging from urban guerrilla groups to autonomist counterculture as well as radical media including radio music film video and television This book is concerned with both of those tendencies considered as bifurcations of radical media ecologies in the 1970s While some of the forms of media

creativity and invention mapped here such as militant film and video pirate radio and guerrilla television fit within conventional definitions of media others such as urban guerrilla groups and autonomous movements do not Nevertheless what was at stake in all these ventures was the use of available means of expression in order to produce transformative effects and they were all in different ways responding to ideas and practices of guerrilla struggle and specifically of guerrilla media This book examines these radical media ecologies as guerrilla networks emphasising the proximity and inseparability of radical media and political practices

Azerbaijan as a Regional Economic Driver Sehlare Makgetlaneng, 2016-10-15 The political economy of Azerbaijan has been interlinked in the internal and external relations of the country This is exit for energy policy It explains the qualitative socio historical and political leap forward referring to the efforts of President Heydar Aliyev who signed the PSA with transnational energy corporations in 1994 According to this publication the construction of multiple oil and gas pipelines represents the success of Azerbaijan s independent energy policy Azerbaijan as a Regional Economic Driver Opportunities and Challenges emphasises leading sectors of Azerbaijan s economy such as transport construction agriculture information and communications technology tourism and banking It is noteworthy that the book refers to Azerbaijan 2020 when explaining the country s policy to transform itself from an energy based economy to a knowledge based one This publication serves to recognise Azerbaijan as a reliable partner in international relations It also scrutinises advantages and disadvantages of trade off between strategic choices oriented to the European Union and or the Eurasian Union
