By

CHARLENE STEEN, PH.D., J.D., M.S.W.

and

BARBARA MONNETTE, M.S.W.

This volume presents a comprehensive design for outpatient community treatment of adolescent sex offenders. The authors provide a rationale for keeping the young offender in the community and stress an interdisciplinary approach whereby criminal justice and therapy agencies work together to plan and monitor treatment. Initial intervention procedures, interview forms, and assessment tools are included to assist evaluators; and such significant therapist issues as training, emotional concerns, processing, and networking are examined.
