Tremendum A Theological Interpretation Of The Holocaust:

The Tremendum Arthur Allen Cohen,1993 A profound and important book the best book on the Holocaust interpreted by a theologian of Judaism Jacob Neusner The Tremendum Arthur A. Cohen,1988-01-01 Beyond Auschwitz Michael L. Morgan,2001 This book offers a comprehensive overview of post Holocaust Jewish theology quoting from and interpreting all of the significant American writings of the movement The Tremendum ,1993 **An Arthur A. Cohen Reader** Arthur Allen Cohen,1998 A collection of essays all published previously The following deal with antisemitism The Oxford Handbook of Levinas Michael L. Morgan,2019-04-10 Emmanuel Levinas 1906 1995 emerged as an influential philosophical voice in the final decades of the twentieth century and his reputation has continued to flourish and increase in our own day His central themes the primacy of the ethical and the core of ethics as our responsibility to and for others speak to readers from a host of disciplines and perspectives However his writings and thought are challenging and difficult The Oxford Handbook of Levinas contains essays that aim to clarify and engage Levinas and his writings in a number of ways Some focus on central themes of his work others on the ways in which he read and was influenced by figures from Plato Hobbes Descartes and Kant to Blanchot Husserl Heidegger and Derrida And there are essays on how his thinking has been appropriated in moral and political thought psychology film criticism and more and on the relation between his thinking and religious themes and traditions Finally several essays deal primarily with how readers have criticized him and found him wanting The volume exposes and explores both the depth of Levinas s philosophical work and the range of applications to which it has been put with special attention to clarifying why his interests in the human condition the crisis of civilization the centrality and character of ethics and morality and the very meaning of human experience should be of interest to the widest range of readers Belonging Too Well Miriam Sivan,2009-02-13 In Belonging Too Well Miriam Sivan draws on contemporary literary theory as well as traditional Jewish texts and culture to explore the question of identity in Cynthia Ozick s fiction Many critics have pointed to a split in Ozick s work between Judaic and secular culture and values Sivan suggests however that Ozick never settles for a simple either/or dichotomy between traditional Judaism and secular American culture but that her protagonists instead fashion new means of living genuinely Jewish lives within the American Diaspora Often they struggle not with not belonging to either the Old or the New Worlds but of belonging too well to both Part of a recent trend toward analyzing Jewish American literature in the context of a deep encounter with and understanding of Judaism and traditional Jewish texts Sivan s study enables readers of Ozick s fiction to penetrate the complex webs she creates among cultures time periods and characters some quite sober others fantastic all unusual

Suffering Witness James D. Hatley,2012-02-01 Drawing on the philosophy of Emmanuel Levinas James Hatley uses the prose of Primo Levi and Tadeusz Borowski as well as the poetry of Paul Celan to question why witnessing the Shoah is so pressing a responsibility for anyone living in its aftermath He argues that the witnessing of irreparable loss leaves one in an

irresoluble quandary but that the attentiveness of that witness resists the destructive legacy of annihilation In this new and sensitive synthesis of scrupulous thinking about the Holocaust beginning with scruples about the term Holocaust itself James Hatley approaches all the major questions surrounding our overwhelming inadequacy in the aftermath of the irreparable If there is anything unique in a non trivial sense about the Holocaust surely it is the imperious moral urgency that compels those who contemplate it to revise their view of what it means to be human and to bear witness to such an event **The Suffering of Love** Regis Martin,2006 The topic of the meaning of human suffering the existence of evil and making sense of it all is one of universal interest The author uses the greatest example of evil and human suffering of modern times the Holocaust to put this discussion in the most stark and concrete terms possible for modern readers **Visions of the Other** Eugene J. Fisher,1994 Fisher has gathered here in one volume significant essays by four of the most important scholar theologians in the world These scholars two Jews and two Christians critique the dialogue between the Jewish people and the Christian churches in light of 2 000 years of uneasy relations reassessing all that has gone before in a spirit of renewed hope
