Trickster Magician And Grieving Man Reconnecting Men With Earth:

The Trickster, Magician & Grieving Man Glen A. Mazis, 1993 **The Masculinity Conspiracy** Joseph Gelfer, 2011-08-14 What if the biggest conspiracy in human history had gone completely unnoticed What if that conspiracy was responsible for some of the biggest problems the world faces today Wouldn't you want to know Wouldn't you want to do something about it Well guess what You can The Masculinity Conspiracy argues that nearly every assumption about masculinity in contemporary society is wrong The result is nothing short of exposing a worldwide conspiracy that has been preventing humanity from reaching its fullest potential **Merleau-Ponty, Interiority and Exteriority, Psychic Life and the World** Dorothea Olkowski, James Morley, 1999-09-09 Explores Merleau Ponty's approach of taking the phenomenon of the body out of the dualistic constraints of interior and exterior and the consequences thereof Earthbodies Glen A. Mazis, 2012-02-01 Earthbodies describes how our bodies are open circuits to a sensual magic and planetary care that when closed off leads to disastrous detours such as illness, disease and toxicity In doing so it answers a variety of questions Can we understand our bodies without understanding how they are part of a rhythmic flow with the rest of the planet How can we decide how to treat the animals around us when we fail to realize the nature of our kinship with them Without hearing the voices of the earth, rocks and ocean waves how can we dialogue with the planet or understand ourselves Why are we so fascinated with film versions of nightmarish ghouls and vampires How can celebrities impact more on our lives than our own families What kind of human connection can we expect from the Internet How is it that some of our adolescent boys shoot down their schoolmates Despite our apparent cynicism is our culture overly sentimental What kind of ethics would help us find a moral way to achieve an inclusive global community and cherish the environment The Care of Men Christie Cozad Neuger, James Newton Poling, 1997 Authors Neuger and Newton Poling explore the various crises afflicting men today Changing role expectations, gender expectations and diminishing economic opportunities force men to find new foundations for self-esteem and identity *Get 'em All! Kill 'em!* Bruce Wilshire, 2005-01-01 Why do groups become genocidal and try to incapacitate all members of an alien group even sometimes killing fetuses Prematurely alluding to evil or to the Devil blocks the possibility for further inquiry Get Em All Kill Em is the first systematic attempt to explain what up until now has seemed to be inexplicable phenomena The Good And Evil Serpent James H. Charlesworth, 2010-01-01 The serpent of ancient times was more often associated with positive attributes like healing and eternal life than it was with negative meanings This groundbreaking book explores in plentiful detail the symbol of the serpent from 40,000 BCE to the present and from diverse regions in the world In doing so it emphasizes the creativity of the biblical authors' use of symbols and argues that we must today reexamine our own archetypal conceptions with comparable creativity From publisher description Wild Hunger Bruce Wilshire, 1999-10-27 Why is it that even amidst affluence and power our culture is plagued by a variety of addiction In this pioneering book the author searches for answers by giving serious attention to our genetic legacy from our hunter

gatherer ancestors as well as to the unique ways we adapt to our environment through the practice of science addiction including drugs alcohol cigarettes and gambling suggesting that wilderness exploration in the arts myths and ceremonies can help us rediscover what it means to be human creatures Bringing together the insights of philosophy religion cultural anthropology behavioural biology and the vast socio medical literature on addiction The author ingeniously explores the limits of our adaptive capacity and the costs of depleting the natural regenerative functions of the body *Numen, Old Men* Joseph Gelfer, 2016-09-17 Since the early 1990s there have been various movements designed to encourage masculine spirituality All these movements share a concern that spirituality has become too feminine and that men's experiences of the spiritual are being marginalized The task of masculine spirituality is to promote authentic masculine characteristics within a spiritual context *Numen Old Men* examines these characteristics to argue that masculine spirituality is thinly veiled patriarchy The mythopoetic evangelical and Catholic men's movements are shown to promote a hetero patriarchal spirituality by appealing to either combative and oppressive neo Jungian archetypes or biblical models of man as the leader of the family *Numen Old Men* examines spiritualities that aim to honour and transcend both the masculine and feminine and offers gay spirituality as an example of masculine spirituality that resists patriarchy *Enduring Critical Poses* Gordon Henry Jr., Margaret Noodin, David Stirrup, 2021-02-01 *Enduring Critical Poses* examines the stories poems plays and histories centered in the Great Lakes region of North America where the Anishinaabeg live in a space Basil Johnston referred to as Maazikamikwe a maternal earth The Anishinaabeg are a confederacy of many communities including the Odawa Saulteaux Ojibwe Potawatomi Ojibwe Cree and Algonquin peoples who share cultural practices and related languages Bringing together senior scholars and new voices on the Anishinaabe intellectual landscape this volume specifically explores Ojibwe Odawa and Potawatomi culture language and literary heritage Through a tribal centric framework the contributors connect various branches of Native American literary studies and celebrate Anishinaabe narrative diversity to offer a single overarching story of Anishinaabe survival and endurance
