

MICK HUME

TRIGGER WARNING

IS THE FEAR
OF BEING
OFFENSIVE
KILLING FREE
SPEECH?

'This is an important book, and couldn't be more timely. It's strong-minded, unafraid, determined to knock down all the various specious arguments against free speech, unapologetic about insisting on the value of free expression, and terrifically well argued. In these weak-minded times it's good to have so uncompromising a defence'

Trigger Warning Is The Fear Of Being Offensive Killing Free Speech:

Trigger Warning: Is the Fear of Being Offensive Killing Free Speech? Mick Hume, 2016-05-19 Concise and Abridged Edition In this blistering polemic veteran journalist Mick Hume presents an uncompromising defence of freedom of expression which he argues is threatened in the West not by jackbooted censorship but by a creeping culture of conformism and You Can't Say That *Microaggressions, Safe Spaces, and Trigger Warnings* Gary Wiener, 2017-12-15 Despite the name trigger warnings have nothing to do with gun control and safe spaces don't necessarily mean state of the art panic rooms Instead these terms and the phrase microaggressions relate to preserving and protecting one's emotional safety In this volume readers will learn about the increased demand for sensitivity in social settings in literature and media and on the Internet They will also encounter the opposing view that we as a society are becoming too fragile and don't need figurative bulletproof vests for every occasion **Theoterrorism v. Freedom of Speech** Paul Cliteur, 2015-10-01 The Rushdie Affair the Danish Cartoon Affair the assault on Charlie Hebdo and the earlier Carrell Affair are examples of religious fanatics extreme reactions to religious satire and criticism Perpetrators of these actions consider themselves as true believers This book aims to understand their motives by means of the concept of theoterrorism terrorism grounded in religious zealotry

Against Free Speech Anthony Leaker, 2020-07-22 This book explores the renewed and vociferous defence of free speech witnessed in relation to a number of high profile events including the Charlie Hebdo massacre the Brexit and Trump campaigns and recent campus politics Anthony Leaker argues that the defence of free speech has played a pivotal role in a resurgent right wing nationalism that it is the rallying point for a wider set of reactionary political demands a form of aggrieved liberalism at best and patriarchal white supremacy at worst aided by a complicit liberal centre By focusing on these events and situating them within the wider geopolitical context of a post democratic post truth world of austerity ongoing conflict in the Middle East Pasokification and rising fascism Leaker critiques the role that the defence of free speech has played in legitimising the scapegoating of oppressed minorities while deflecting attention from the egregious operations of power that have led to ever greater inequality injustice and capitalist destruction This powerful book shows that free speech is in fact a myth an ideological tool employed by those in power to sustain existing power relations **No Free Speech for Fascists** David Renton, 2021-06-24 No Free Speech for Fascists explores the choice of anti fascist protesters to demand that the opportunities for fascists to speak in public places are rescinded as a question of history law and politics It explains how the demand to no platform fascists emerged in 1970s Britain as a limited exception to a left wing tradition of support for free speech The book shows how no platform was intended to be applied narrowly only to a right wing politics that threatened everyone else It contrasts the rival idea of opposition to hate speech that also emerged at the same time and is now embodied in European and British anti discrimination laws Both no platform and hate speech reject the American First Amendment tradition of free speech but the ways in which they reject it are different Behind no platform is not merely a

limited range of political targets but a much greater scepticism about the role of the state The book argues for an idea of no platform which takes on the electronic channels on which so much speech now takes place It shows where a fascist element can be recognised within the much wider category of far right speech This book will be of interest to activists and to those studying and researching political history law free speech the far right and anti fascism It sets out a philosophy of anti fascism for a social media age *Trigger Warnings* Emily J. M. Knox,2017-05-23 With triggered as Google s most searched word of 2016 trigger warnings have become a prevalent yet controversial concept in American higher education and society As the debate over the value and place of triggering material continues *Trigger Warnings History Theory Context* provides the historical context and theoretical analysis of the use of trigger and content warnings in academia This important edited collection examines the history theories and ethics of trigger warnings and presents case studies from instructors and students describing instances when trigger warnings were and were not used By exploring the issue through several scholarly lenses and providing examples of when trigger warnings may or may not be used effectively *Trigger Warnings* provides rigorous analysis of the controversy *Teaching of Rights and Justice in the Law School* Stephen Hurley,Chris Monaghan,2025-03-04 This book examines the challenges of bringing cutting edge research in often controversial areas into the law syllabus and explores how academics can effectively adopt a holistic approach to research and pedagogy when teaching rights and justice The collection brings together experts from all areas of legal scholarship to discuss how they fuse often controversial aspects of rights and justice into their teaching in a way that responds to and is ultimately led by academic research As such it advances legal education through the opportunity to explore the interplay between rights and justice and how scholars both ensure that their teaching is research led whilst responding to the needs and views of students and issues such as generational differences in viewpoints on controversial issues This topical volume will appeal to academics and researchers interested in academic freedom the challenges of research led teaching and the pedagogy around the teaching of rights and justice *'I Find That Offensive!'* Claire Fox,2016-05-05 When you hear that now ubiquitous phrase I find that offensive you know you re being told to shut up While the terrible murder of the Charlie Hebdo cartoonists demonstrated that those who offend can face the most brutal form of censorship it also served only to intensify the pre existing climate that dictates we all have to walk on eggshells to avoid saying anything offensive or else Indeed competitive offence claiming is ratcheting up well beyond religious sensibilities So while Islamists and feminists may seem to have little in common they are both united in demanding retribution in the form of bans penalties and censorship of those who hurt their feelings But how did we become so thin skinned In *I Find That Offensive* Claire Fox addresses the possible causes of what is fast becoming known as Generation Snowflake head on no safe spaces here in a call to toughen up become more robust and make a virtue of the right to be offensive *Thinking of Questions* Peter Limm,2015-09-23 This is not a conventional book It is designed to stimulate and challenge all people who are curious to find out about the world they

inhabit and their place within it It does this by suggesting questions and lines of questioning on a wide range of topics The book does not provide answers or model arguments but prompts people to create their own questions and a reading log or journal To this end almost all questions have a list of books or articles to provide a starter for stimulating further reading Once you start you will be hooked Never stop questioning **I STILL Find That Offensive!** Claire Fox, 2018-08-16 NEW AND UPDATED EDITION OF THE BOOK THAT INTRODUCED THE TERM SNOWFLAKE When you hear that now ubiquitous phrase I find that offensive you know you re being told to shut up While the terrible murder of the Charlie Hebdo cartoonists demonstrated that those who offend can face the most brutal form of censorship it also served to intensify the pre existing climate that dictates we all have to walk on eggshells to avoid saying anything offensive or else Indeed competitive offence claiming is ratcheting up well beyond religious sensibilities So while Islamists and feminists may seem to have little in common they are both united in demanding retribution in the form of bans penalties and censorship of those who hurt their feelings But how did we become so thin skinned In this new and updated edition of her book I Find That Offensive Claire Fox addresses head on the possible causes of what is fast becoming known as Generation Snowflake in a call to toughen up become more robust and make a virtue of the right to be offensive
