Understanding Gods First Earth:

Understanding God's First Earth Howard W. Hall, 2011-08 Readers of Understanding God's First Earth believers and non believers alike will feel Howard W Hall's unconstrained child like faith God commands of His children as this impassioned and devoted veteran Sunday School teacher of more than thirty years explains his studied understanding of the Creation as recorded in the Holy Bible's first eight chapters in easily understood layman's words Whether you agree or disagree with any or every aspect of Mr Hall's heartfelt conclusions Understanding God's First Earth encourages each of us to reevaluate the so called scientific evidence presented as fact by the vast majority of contemporary science and academia today In humankind's anxious pursuit of divine wisdom through science and technology Mr Hall contends much of the basis for our higher understanding is built upon supposition Ultimately Mr Hall most readily concedes only God can answer the many questions of how why and when we were created posed by humanity's innate curiosity But Understanding God's First Earth is one man's reflective insightful verse by verse interpretation of the first eight chapters of Genesis that will most surely aid your understanding of Creation as written in the Holy Bible

You Can Understand the Book of Genesis Skip Heitzig, 2018-06-05 In the Beginning A Good Place to Start Genesis is chock full of some of the Bible's most exciting stories. From Adam and Eve in the Garden of Eden to Joseph's reunion with his family. Do you ever wonder if God really did create the world in seven days? What's the deal with Cain and Abel anyway? And just how big was that boat Noah built? Start at the beginning with Pastor Skip Heitzig and the accounts on which the rest of Scripture is built: the creation of the world, the fall of mankind, and God's establishment of the history of the nation of Israel. Follow along and learn not just the origins of man but also the origins of God's plan for redemption. Understanding the book of Genesis is crucial to understanding the rest of the Bible. And it all starts in the beginning.

What Is God Up To? - Why Earth? - Why Eternity? Oliver E. Summers, 2008-10 This book has been a life time quest to understand why God created man and what God is after. It all started in March 1946 when I accepted Jesus Christ as LORD of my life. For sixty two years I have diligently studied the Bible and sought to find out and to understand What Is God Up To. In December 2004 the LORD awakened me in the night and gave me the outline for the book GOD HAS A PLAN AND A PURPOSE FOR YOUR LIFE which was published in February 2006. On the morning of May 31 2006 while in prayer the LORD gave me the outline for this book that endeavors to answer the questions WHAT IS GOD UP TO WHY EARTH WHY ETERNITY. I was to prepare a comprehensive study of the Biblical prophets and to correlate all they prophesied in a chronological order that would be related to Earth's history and eternity. Oliver E. Summers received a call to the ministry in 1946 when he was a young teenager. His ministerial training began in 1950 when he attended Southern California Bible College (name changed to Vanguard University of Southern California) and graduated with a B.A. degree in New Testament. He attended seminary at Berkeley Baptist Divinity School (name changed to American Baptist Seminary of the West) and graduated with a M.A. degree in New Testament. He also attended University of California at Los Angeles and completed many courses in business administration. His pastoral ministry included pastorates in Oregon, Texas, and California. He has served in the Methodist Church, American Baptist Church, Assemblies of God Churches, and several non denominational churches. He also spent time in the financial industry and served as President and Chief

Earth analyzes the Bible's treatment of nature and intersperses this analysis with the author's own reflections on experiences in nature. Organized in sections touching on the four elements, the book engages with the multifaceted relationship between the Bible and nature through various media including art, theology, the natural sciences, history, and lived experience.
