Escape from Bellevue Christopher John Campion, 2009-03-19 Read Christopher John Campion's posts on the Penguin Blog Indie rock raconteur Chris Campion one of the few patients ever to escape from Bellevue's locked ward recalls his band's tumultuous ride his plummet into addiction and the strange road back to sobriety Chronicling more than twenty years in the life of a Long Island kid who became a hardcore fixture of Manhattan's indie rock scene Escape from Bellevue is a coming of age tale like no other As the lead singer of New York based indie rock band Knockout Drops Campion got a taste of fame but alas no fortune on a wild ride that lasted from the early 1980s through the 1990s Escape from Bellevue puts the spotlight on the collective psychosis of twenty years spent in a rolling bacchanal Just as the Knockout Drops reached the height of their success Campion began his downward spiral After finally coming to grips with his addictions Campion molded his songs and stories into a sold out off Broadway musical Now presenting these tales in a memoir of madness and redemption Campion once again proves to possess the creative genius of a die hard front man

Theater of the Void Teresa Kovacs, 2025-06-15 Theater of the Void explores contemporary German theater in the aftermath of the technology of the atomic bomb Informed by threats of total annihilation whether through nuclear technology or more recently global warming German language theater since the late 1970s encounters the void not as empty space or nothingness but as the possibility of radical transformation Theater of the Void investigates theatrical forms that transform fundamental categories of time space and causality in light of the ontological and epistemological shifts of the nuclear age Teresa Kovacs focuses on four directors and playwrights whose works offer insights into the theater of the void Heiner Müller Elfriede Jelinek Christoph Schlingensiefel and Ren Pollesch Kovacs shows that contemporary German theater has not turned away from the sciences after Hiroshima and Nagasaki but has remained entangled with scientific thinking about quantum physics biology and the environment Investigating these entanglements Theater of the Void finds in the works of these German theater makers a grammar of the

void that speaks to the possibilities of a transformed theater in the Anthropocene

Judaism Adam Afterman offers an extensive study of mystical union and embodiment in Judaism Afterman argues that Philo was the first to articulate the notion of unio mystica in Judaism and is the source of the hen sis mysticism in the later Neoplatonic tradition The study provides a detailed analysis of the Jewish medieval trends that developed different forms of mystical union and mystical embodiment through the divine name and spirit The book argues that the development of unitive mysticism in Judaism is the fruit of the creative synthesis of rabbinic Judaism and Hellenistic and Arab philosophy and a natural outcome of the theological articulation of the idea of monotheism itself
