Stygles, 2022-09-19 It can take a lifetime to eradicate a reader s shame or it can take one great teacher Shame bound readers want someone to notice them It s true But then what does a teacher do to help students Justin Stygles found fresh answers in Gershen Kaufman s seminal research on shame and applied it to his teaching The results proved to him and now us that building relationships and taking deliberate actions to alleviate shame is crucial With this remarkable book Stygles shows us how to build an interpersonal bridge with students and make vulnerability okay But make no mistake disengaged readers need to feel competent before they fully buy in and so the author packs the book with powerful instructional ideas Learn to Spot all the distress signals including withdrawal perfectionism and compliance Help students see that they are not permanently locked out of a reading life Use assessment instruments to note and celebrate incremental change Plan mini units that develop skills in concert with engagement Design small group experiences
