Universes God Chronicles Angels:

The Angel Chronicles Gd Thompson Sr, 2013-03 The time was the great rift between fallen angels as humans it was the supposed time of the great freedom when there were no rules on earth And that time was when earth wasn't even called earth It was nothing to them and something in the same moment The fallen angels almost had the same kind of planet as Aubrahtery which they gave up It was warm and lit all the time There was no darkness no coldness and no desolation Until their dark hearts took over and began to change their surroundings What the fallen angels also didn't realize was that their new home verged changing with the reality of the darkness lying in the root of their hearts The fallen angels didn't realize that darkness and negativity carried a lot more dead weight with it which is ultimately what forged the slowing planet with all the fallen angels as humans upon her surface

The Angel Chronicles the Angel Auberon, edited by Barberi P, 2002-01-07 The Angel Chronicles Books I V The Guardian Angels by the Angel Auberon The Angel Chronicles tells the romantic tale of the beginning of human life and of the angels concern for human beings that resulted in their forming an assembly of Guardian Angels If you believe in angels all the better But even if you do not believe in angels and see them only as a symbol of beauty and perfection you will want to read this book In the context of an enchanting story beautifully told you will find many insights into human psychology and the human spirit This unusual and inspiring book is a must for everyone

Hemmings P G Knight The Angel Chronicles is magic It is a small book of big believing it can change your life Micheline Renauld The Angel Chronicles Books I V The Guardian Angels by the Angel Auberon Auberon's Words of Introduction At the very beginning God asked the Angel Auberon the most noble of the Principalities to chronicle the events of all time Auberon did as he was asked In the year 2001 Auberon requested permission to come to Earth to tell his story Auberon came to us at The White Notebook R Library entrusting us with the story he wished to give to those who lived on Earth The story he left behind is one of love and of angel beneficence It is entitled The Angel Chronicles In his book Auberon describes how the world was created how human life on Earth began and how the angels forever found ways to make a meaningful contribution to human beings We at The White Notebook felt that Auberon left us with not only his words but with a greater respect for our potential as human beings with intelligent optimism and for many of us a return to hopefulness We have listed for you below the Table of Contents and synopsis related to Book I Book I The Primary Angels The Existence of Angels God Creates the Earth Silvond Names the Constellations The Twin Angels The Assignment of Guardian Angels The Guardian Angels According to Day of Birth The Angels in Guardiance of Domestic Pets The Primary Angels God decided that the time had come to create a universe of worlds In it would be a planet called Earth God sent the angels out from their home in the beyondness for He had decided that the Earth would be sung into existence by them The angels set to begin their work Their finely feathered wings carried them in flight until they reached the center of the vast space of time There they stopped They breathed their beautiful breaths as they looked about and considered what they were to accomplish The angels first sang into

existence the planets and stars and the sun and the moon They next sang their angel music until the Earth was made All things upon the Earth the angels next sang into being the mountains and rivers and also the variety of creatures God wished to inhabit the Earth In this way the entire physical world emanated from purely spiritual beings God and His angel emissaries The angels thought they might rest But Michael the Archangel came to them in a dream to remind them that they were also to sing into life the most wondrous of all creatures the human beings The angels were astonished Nonetheless they sang the most beautiful of alleluias and human beings were brought into existence When the angels saw the first human beings walk about the Earth they fell in love It was inevitable that the angels would fall in love

The Universe, Is It Guiding Our Lives? Fred Bonisch,2009-01-01 The question about whether the Universe is guiding our lives has remained a mystery throughout all the ages While scientific explorations have enabled us to venture far into space we have come to recognize a vastness that is well beyond our human imagination In spite of these enormous achievements we have not come upon other life outside our small planet Earth As the only known life supporting planet in the universe discovered thus far we should consider ourselves as unique and even special This then raises the question whether we are the creation of a divine plan and if we are meant to serve a greater purpose While we are limited to recognizing a physical world that exists around us this book looks beyond the physical and into the possibility of a spiritual existence within the universe Much of the world s population believes in a higher being a divine creator a God This very idea provides us with a spiritual foundation from which we can venture into the silent but by no means lifeless realm of the universe While we may be unaware of our purpose for being here with any degree of certainty it should not deter us from attempting to explore this issue By assuming that we each have a purpose to fulfill should we be curious to know who out there determines this for each of us How are we guided along this path and what is our connection with these unseen forces The author attempts to explore this mystery based on both past and current

practices within society By sharing from his own unique life s experiences he points to a possible spiritual intervention in our own daily lives While certainly not everyone may agree with the author s assumptions it should however leave the reader with a good deal of cause for thought

The Universes God Twe Stephens,2015-12-08 No one will ever look at Heaven the same way again It was a place of total peace and brotherhood unbelievable technology and towering cities reaching miles into the sky Then there is the smart powerful misunderstood one that sends it all crashing down as war erupts and evil is birthed Billions of years before the birth of sin THE UNIVERSES OF GOD THE CHRONICLES OF THE ANGELS weaves a rich tapestry of the heartbreaking story of the incredibly powerful beings called Angels It unfolds the catastrophic upheavals that irrevocably altered the universe billions of years before the dawn of mankind Fasten your seat belts as you crash into the lies the six fingered two thousand pound Giants the real Adam and Eve and the insidious myth that religion is the foundations of all evil Sabbath after Sabbath year after year decade after decade you sit in the pews until you die never learning anything more than after the first year of being in the system listening to the same recycled sermons you know you ve heard before If you ve known there was much more to the Bible and God s history than the milk that s constantly offered then these series written in the vein of Paradise Lost is for you Immerse yourself in the horrific war between good and evil that culminated in the death of an entire universe See the whole of Heaven surge deceived as the Elect fight against the forces of darkness and war breaks after the greatest blasphemy Heaven would ever see You are there with the Angels the good and bad in Heaven and in Hades and throughout the great expanse that s called the Spirit World Expand your mind in a fictional bible based page turner in the vein of PARADISE LOST Sabbath after Sabbath year after year decade after decade you sit in the pews until you die never learning anything more than after the first year of being in the system listening to the same recycled sermons you know you ve heard before If you ve known there s much more to the bible and God s history than the milk that s constantly offered then this novel is for you You ll find you re more than you ve ever thought older than the stars and more precious individually than all the living things of the earth combined And more importantly there s still a powerful someone out there that still loves you endlessly
