WHAT PARENTS ARE SAYING Math with Confidence has made math the favorite subject in our homeschool. My kids love it and are learning the why behind every new skill they learn. As a self-proclaimed math phobic person, I feel completely supported by the teacher's guide to present the material and help my children. Stephanie E. The Instructor Guide is well thought out, extremely easy to follow, and doesn't require the instructor to be good at math; it enables you to learn alongside your student. Angela M.
