Women Entrepreneurs And The Global Environment For Growth A Research Perspective:

Women Entrepreneurs and the Global Environment for Growth Candida G. Brush, Anne de Bruin, Elizabeth J. Gatewood, Colette Henry, 2010-01-01 Women's entrepreneurship research and the understanding of factors influencing the growth of women owned business advanced significantly over the last decade Yet challenges remain Women Entrepreneurs and the Global Environment for Growth provides wide ranging insights on the challenges women entrepreneurs face growing their businesses and how these may be addressed This volume is rooted in research and considers growth challenges both contextually and firm specific provoking current thought and enriching the current literature on gender and entrepreneurship Part one highlights how contextual factors and especially social and familial settings of entrepreneurs have a differential impact on men and women Part two examines strategies constraints and enablers of growth and performance The authors aptly demonstrate that a well focused gender lens is necessary to better explain the phenomenon of women's entrepreneurship Extending previous studies about women's entrepreneurship this volume is unique in its application of research from the Diana Project a path breaking initiative dating from 1999 to study female entrepreneurial success Contributions from an international cast of authors make this a comprehensive and broadly appealing reference work

Growth-oriented Women Entrepreneurs and Their Businesses C. G. Brush, Candida G. Brush, 2006-01-01 The female entrepreneurship researchers community has to thank these women for their brilliant work in reviewing revising and selecting the best papers from the second Diana International Conference that were finally edited for this volume the book is a good compendium of female entrepreneurship circumstances in different countries that focuses specifically on the explanation as to why gender plays a role in the number of ventures started by women and why they are in general smaller and less growth oriented Manuela Pardo del Val International Entrepreneurship and Management Journal this edited text draws upon a range of international contributors to present a comparative overview of challenges facing female entrepreneurs seeking to grow their firms this is an interesting book that makes a welcome contribution to contemporary debate Susan Marlow International Small Business Journal The data and information presented in this work will be of particular interest to students and scholars of entrepreneurship or labor and women's studies Recommended General readers upper division undergraduate through professional collections E P Hoffman Choice Enterprising new firms drive economic growth and women around the world are important contributors to that growth As entrepreneurs they seize opportunities develop and deliver new goods and services and in the process create wealth for themselves their families communities and countries This volume explores the role women entrepreneurs play in this economic progress highlighting the challenges they encounter in launching and growing their businesses and providing detailed studies of how their experiences vary from country to country Statistics show that businesses owned by women tend to remain smaller than those owned by men whether measured by the number of employees or by the size of revenues Because women led firms fail to

grow as robustly the opportunities to innovate and expand are limited as are the rewards Based on recent studies that examine the links between entrepreneurial supply and demand issues this volume provides insights into how women around the world are addressing the challenges of entrepreneurial growth The first set of chapters consists of country overviews and provides discussions of the state of women growing businesses The second set of chapters describes research projects under way in different countries and explores more focused topics under the umbrella of women business owners and business growth The volume concludes with an agenda and projects for future research Academics and policymakers will gain a greater understanding of women s entrepreneurial behaviors and outcomes through this path breaking volume Those who support women through education and training policymaking or providing entrepreneurial resources will also find the volume of great practical interest

Understanding Women's Entrepreneurship in a Gendered Context Shumaila Yousafzai,Alain Fayolle,Saadat Saeed,Colette Henry,Adam Lindgreen,2021-05-13 Women entrepreneurs are indeed a formidable force of economic growth and social change though we still often question the how and why For the readers who seek to understand the spectrum of gender influences in the context of entrepreneurship Understanding Women s Entrepreneurship in a Gendered Context Influences and Restraints widens the contextual focus of women s entrepreneurship and entrepreneurship research by providing powerful insights into the influences and restraints within a diverse set of gendered contexts including social political institutional religious patriarchal cultural family and economic in which female entrepreneurs around the world operate their businesses From recognition of a seventh century businesswoman in Mecca to the construction of a gendered scientific Business Model Canvas this collection of studies will inspire readers to think differently about theory patriarchy trade systems adoption or transformation and strategies to create inclusive entrepreneurial ecosystems In doing so the contributing authors demonstrate not only the importance of studying the contexts in which women s entrepreneurial activities are shaped but also how female entrepreneurs through their endeavours modify these contexts This book will be of great value to scholars students and researchers interested in women s entrepreneurship entrepreneurial ecosystems gender hierarchy and the transition to gender equality It was originally published as a special issue of Entrepreneurship Regional Development

The Egyptian Labor Market Caroline Krafft,Ragui Assaad,2022-03-03 The Egyptian economy has faced many challenges in the decade since the 2011 Arab Spring uprisings Not only was job creation anaemic from 2012 to 2018 but new jobs were also of low quality characterized by informality and vulnerability to economic shocks These challenges pushed many in Egypt especially the most vulnerable into a more precarious labor market situation Then in the midst of economic recovery brought on by tough reform measures adopted in 2016 and 2017 the country was hit by the widespread disruption of a global pandemic This book examines the plight of Egypt s most vulnerable groups by focusing on the intersection of gender and economic vulnerability in the labor market With this emphasis on vulnerability and a lens that is

sensitive to gender differences and inequities the contributors to this volume use data from the most recent wave of a unique longitudinal survey to illuminate different aspects of Egyptians lives The aspects they explore include labor supply behavior the ability to access good quality and well paying jobs the evolution of wages and wage inequality the school to work transition of youth the decline in public sector employment international and internal migration the situation of rural women access to social protection food security vulnerability to shocks and coping mechanisms health status and access to health care services These analyses are prescient in understanding the axes of vulnerability in Egyptian society that became all too salient during the COVID 19 pandemic

Entrepreneurial Process and Social Networks Alain Fayolle, Sarah L. Jack, Wadid Lamine, Didier Chabaud, 2016-07-27 Entrepreneurship is undoubtedly a social process and creating a firm requires both the mobilization of social networks and the use of social capital This book addresses the gap that exists between the need to take these factors into consideration and the understanding of how network relationships are developed and transformed across the venturing process

Contextualizing Entrepreneurship Theory Ted Baker, Friederike Welter, 2020-02-13 As the breadth and empirical diversity of entrepreneurship research have increased rapidly during the last decade the quest to find a one size fits all general theory of entrepreneurship has given way to a growing appreciation for the importance of contexts This promises to improve both the practical relevance and the theoretical rigor of research in this field Entrepreneurship means different things to different people at different times and in different places and both its causes and its consequences likewise vary For example for some people entrepreneurship can be a glorious path to emancipation while for others it can represent the yoke tethering them to the burdens of overwork and drudgery For some communities it can drive renaissance and vibrancy while for others it allows only bare survival In this book we assess and attempt to push forward contemporary conceptualizations of contexts that matter for entrepreneurship pointing in particular to opportunities generating new insights by attending to contexts in novel or underexplored ways This book shows that the ongoing contextualization of entrepreneurship research should not simply generate a proliferation of unique theories one for every context but can instead result in better theory construction testing and understanding of boundary conditions thereby leading us to richer and more profound understanding of entrepreneurship across its many forms Contextualizing Entrepreneurship Theory will critically review the current debate and existing literature on contexts and entrepreneurship and use this to synthesize new theoretical and methodological frameworks that point to important directions for future research

Women Entrepreneurs and Strategic Decision Making in the Global Economy Tomos, Florica, Kumar, Naresh, Clifton, Nick, Hyams-Ssekasi, Denis, 2019-01-11 There has been an increase in women entrepreneurs participating in the growth of local regional national and global economies While these women showcase crucial skills for strategic leadership and strategy that can advance companies they face cultural educational social and political barriers that impede their development and participation within the global economy Women Entrepreneurs and Strategic Decision Making in the Global Economy is a pivotal reference

source that provides vital research on understanding the value of women entrepreneurs and the strategies they can use on the economy and examines gender impact on strategic management and entrepreneurship While highlighting topics such as emotional intelligence global economy and strategic leadership this book is ideally designed for managers entrepreneurs policymakers academicians and students

Handbook of Research on Entrepreneurship Policies in Central and Eastern Europe Friederike Welter, David Smallbone, 2011 This unique Handbook explores the role of government in the development of entrepreneurship in countries where twenty years ago private enterprise was illegal or barely tolerated The expert contributors reveal that government policy is one of the key influences on the external environment in which businesses develop particularly in countries where it has been necessary to redefine the role of the state in relation to business development They outline how government policy can also act as an enabling and or a constraining force with respect to entrepreneurship development particularly in relation to institutional change and the development of a market based economy This Handbook includes up to date information and analysis as to how entrepreneurship policies have evolved in the wider Europe focusing on the challenges that arise in designing and implementing entrepreneurship policy The Handbook of Research on Entrepreneurship Policies in Central and Eastern Europe excellently covers different facets of entrepreneurship policies in Central and Eastern Europe and will prove invaluable for academics students and researchers of entrepreneurship and small business as well as policy studies Policy makers will also find plenty of key insights and relevant information in this important resource

The Routledge Companion to Entrepreneurship Ted Baker, Friederike Welter, 2014-09-15 Research in entrepreneurship has been booming with perspectives from a range of disciplines and numerous developing schools of thought It can be difficult for young scholars and even long time researchers to find their way through the lush garden of ideas we see before us The purpose of this book is to map the research terrain of entrepreneurship providing the perfect starting point for new and existing researchers looking to explore Topics covered range from emerging perspective through issues at the core of the field to innovative methodologies Starting off with a preface by Bill Gartner each section of the book brings together a world class set of established leading researchers and rising stars This considered comprehensive and conclusive companion integrates the recent debates in entrepreneurship research under one cover to provide a resource which will be useful across disciplinary boundaries and for a whole range of students and researchers
