disturbing and haunting novel set in Korea's southern provinces among the pansori singers where blindness is seen to be an aid to creating pure art free of sensory distraction A Song Man causes his daughter's blindness in order to keep her from following her half brother who has run away **Translation Review** ,1998 *Wandering through Guilt* Paola Di Gennaro,2015-06-18 The first comprehensive study on the pattern of guilt and wandering in literature this book examines the relationship between the two complex concepts as they appear in twentieth century novels positing its methodological premises on archetypal criticism and both close and distant reading but also drawing on psychology anthropology mythology and religion This research deciphers a common paradigm and literary representation whose archetype within Western literature is found in the biblical figure of Cain while presenting a critical framework valid for boundary crossing comparative approaches From Graham Greene's *The Power and the Glory* and Malcolm Lowry's *Under the Volcano* to Wolfgang Koeppen's *Death in Rome* and Oka Shōhei's *Fires on the Plain* this book is not merely a thematic study but an analysis of the literary phenomena that appear in those novels where the sense of guilt is controversially subjective or so collective as to be perceived as universal as is often the case with war and postwar literature Di Gennaro goes beyond the analysis of explicit rewritings of the story of Cain in order to uncover the monomyth through its rhetorical structures and mythical methods The wasteland with no religion the lost abandoned garden the classical and religiously corrupted city and the tropical cannibalistic island at war are the respective settings of these narratives where the issue is neither homelessness nor journeying but rather the desperate and futile movement toward self consciousness or self destruction After the Second World War much was silenced rather than left unsaid This study retraces those silent cries over history through the powerful literary marks of myths **The Late-Career Novelist** Hywel Dix,2017-08-10 The first scholarly study of the phenomenon of the late career novel this book explores the ways in which bestselling contemporary novelists look back and respond to their earlier successes in their subsequent writings Exploring the work of major novelists such as Angela Carter V S Naipaul Salman Rushdie Ian McEwan Julian Barnes A S Byatt and Graham Swift *The Late Career Novelist* draws for the first time on social psychology and career construction theory to examine how the dynamics of a literary career play out in the fictional worlds of our best known novelists From here Hywel Dix develops and argues for a new mode of reading contemporary writing on the contexts of current literary culture **The Wager** Machado de Assis,2005 Set in Rio de Janeiro on the eve of the abolition of slavery in 1888 this tells the poignant story of an elderly diplomat captivated by a beautiful young widow Imbued with autumnal sadness it shrewdly and ironically portrays a man coming to terms with the passing of the world he knows and with his own old age and death **Bowker's Guide to Characters in Fiction 2007** ,2008-02 [Silence](#) Shūsaku Endō,2007 A Japanese Catholic Endo tells the story of two 17th century missionaries attempting to shore up the oppressed Japanese Christian movement Father Rodrigues has come to Japan to find the truth behind unthinkable rumours that his famous teacher Ferreira has renounced his faith [American Book Publishing Record](#) ,2001 **Babel** ,1978

*The Publishers Weekly* ,1995      Christianity & Literature ,1998      *Japanese Understanding of Salvation* Martin Heiðwolf,2018-02-14 It is no secret that Christianity has been widely rejected in Japan with less than two percent of the population identifying as Christian The dominant worldview in Japan is deeply animistic with beliefs such as the Japanese mana concept ki the Japanese soul concept and the concept of God god s kami being deeply rooted in the culture and fundamentally influencing society Dr Martin Hei wolf with his years of experience in Japan critically examines Japanese animism in light of core Christian beliefs such as the concepts of peace and salvation Central to Japanese people s rejection of Christian truth is the diametric opposition of its supernatural message to the natural focus of Japanese animistic folk religion Hei wolf s meticulous study is framed squarely within missiological thought and praxis so Christians serving in Japanese contexts are better able to communicate the message of the gospel by more fully understanding Japanese people people by whom God wants to be known      **Scandal** Shūsaku Endō,2006 Suguro is an eminent Catholic novelist who is about to receive a major literary award When a drunk woman he has never met before approaches him at the award ceremony claiming she knows him well from his regular visits to Tokyo s red light district he assumes she must surely be mistaken But with a scurrilous press campaign damaging Suguro s reputation his sleazy doppelgänger appears more and more as if deliberately trying to discredit him He is sighted touring the love hotels and brothels of Shinjuku a leering portrait of him appears in an exhibition and Suguro is forced to undertake a journey into Tokyo s seedy heart in order to discover the dreadful truth      **The New York Times Book Review** ,1995-11      **The Fiction Magazine** ,1985
