Wonders Of The Desert World S For Young Explorers:

The World's Wonders as Seen by the Great Tropical and Polar Explorers James William Buel, 1884 Overview, Young Explorer's Edition Benjamin Grant, Sandra Markle, 2019-10-29 Discover Earth as you've never seen it before in this stunning and unique collection of satellite images that offer an unexpected look at our planet. A perfect gift for young National Geographic fans and atlas enthusiasts. When astronauts look down at our planet and see its vibrant surface shining against the blackness of space, they experience the Overview Effect: a sense of awe, an awareness that everything is interconnected, and an overwhelming desire to take care of our one and only home. Overview Young Explorer's Edition, newly adapted for young readers from the adult book Overview, captures this sense of wonder and shares it with readers without having to leave the ground. Extraordinary aerial photographs reveal Earth's natural beauty and show the surprising, fascinating, and destructive ways humans have impacted our environment. This eye-opening visual journey will forever change the way we see our home planet. **Appraisal**, 1982 **Blue Book of 16mm Films**, 1948 **Childrens' Catalog** H.W. Hey, Miss! You Got a Book for Me? Joanna F. Chambers, 1981 This annotated bibliography, now in its second edition, describes a model resource collection of over 350 book and audiovisual titles for a multicultural setting. While its emphasis is on Spanish language and cultural groups, a number of dual language items have been included for speakers of Chinese, French, Greek, and Vietnamese. In addition to its thorough annotations, the listing provides information on the language level, interest level, binding, and copyright status of each title. Dewey classifications are suggested as an aid to librarians. Author, subject, and publisher/distributor indexes provide multiple access to the items, and complete ordering information is included. This updated model multicultural collection reflects site evaluation by children, teachers, librarians, and parents and includes over 200 new titles available for the library or classroom.
