Motivation, Educational Policy and Achievement Sam Carr,2015-12-14 Motivation Educational Policy and Achievement seeks to theorise and critique current trends in education through the lens of key ideas from motivational theory Its purpose is to argue that current educational trends on a macro level are a significant threat to the provision of classroom practices seeking to create an educational environment that motivational theorists would argue is best placed to develop motivational equality optimal motivation and wellbeing Linking major contemporary theories of motivation to wider educational and political debate this unique resource will bring about two major benefits it will vocalise and mobilise the substantial research evidence from motivational theory in order to ensure that it contributes more explicitly to a critique of current neoliberal trends and motivation researchers will be better positioned to move the theory forward in relation to what is happening in the real world of education Areas covered include developing a more critical space in relation to the field of motivational psychology and contemporary educational policy linking motivational theory to education policy and broader social and political structures the neoliberal educational landscape an overview of achievement goal theory and self determination theory Motivation Educational Policy and Achievement is a wake up call for educational practitioners and policy makers and essential reading for all advanced students and researchers in the fields of educational psychology and educational research

Gender And Work In Today's World Nancy Sacks,2018-05-04 Promoting gender equality through balanced analysis of both sexes Gender and work in Today s World A Reader explores the experiences of both men and women in the work force focussing especially on gender non traditional jobs i e men as nursed and women in the police force and non traditional work structures i e Part time temporary and odd hour work work over the life course and sexual harassment

The Green New Deal and the Future of Work Craig Calhoun,Benjamin Y. Fong,2022-08-30 Catastrophic climate change overshadows the present and the future Wrenching economic transformations have devastated workers and hollowed out communities However those fighting for jobs and those fighting for the planet have often been at odds Does the world face two separate crises environmental and economic The promise of the Green New Deal is to tackle the threat of climate change through the empowerment of working people and the strengthening of democracy In this view the crisis of nature and the crisis of work must be addressed together or they will not be addressed at all This book brings together leading experts to explore the possibilities of the Green New Deal emphasizing the future of work Together they examine transformations that are already underway and put forth bold new proposals that can provide jobs while reducing carbon consumption building a world that is sustainable both economically and ecologically Contributors also debate urgent

questions What is the value of a federal jobs program or even a jobs guarantee How do we alleviate the miseries and precarity of work In key economic sectors including energy transportation housing agriculture and care work what kind of work is needed today How does the New Deal provide guidance in addressing these questions and how can a Green New Deal revive democracy Above all this book shows the Green New Deal offers hope for a better tomorrow but only if it accounts for work s past transformations and shapes its future **Next Wave Organizing Symposium** ,2006 Race, Work, and Family in the Lives of African Americans Marlese Durr, Shirley Ann Hill, 2006 Sadly efforts to end racial segregation and discrimination have clearly not led to racial equality or a colorblind society Rather African Americans have become increasingly class polarized since the civil rights era as the persistent racialization of American society has perpetuated the wage gap between Blacks and Whites leading to increased rates of unemployment and underemployment among African Americans The significant minority of Black families historically headed by single mothers became a statistical majority during the twentieth century and the tension in the gender relations of Black men and women became a more prominent topic of debate This compelling and timely collection examines contemporary family and workforce patterns and how they are continuing to shape the quality of life for African Americans across the United States **Michigan Sociological Review** ,2005 *Working for Work in Rural Michigan* E. Brooke Kelly, 2004 **Paradise Laborers** Patricia A. Adler, Peter Adler, 2004 1 Entering paradise 2 Researching resorts 3 Trapped laborers new immigrants and locals 4 Transient laborers seekers and management 5 Transient lifestyles 6 Seasonal laborers 7 Temporal laborers 8 Stratified laborers 9 Careers in paradise short term and intermediate 10 Careers in paradise long term 11 Understanding paradise labor **Paid to Care** Karla Anne Erickson, 2004 **Employee Relations International** ,1998
