Working Stiffs Manifesto A Memoir:

A Working Stiff's Manifesto Iain Levison, 2003-04-08 All Iain Levison really wants is a steady paycheck cable television and the possibility of a date on Saturday night But after blowing 40 000 on an English degree he can't find the first can't afford the second and can't even imagine what woman would consent to the third So he embarks on a time honored American tradition scoring a few dead end jobs until something better comes along The problem is it never does **A Working Stiff's Manifesto** is a laugh out loud memoir of one man's quest to stay afloat From the North Carolina piedmont to the Alaskan waters Levison's odyssey takes him on a cross country tour of wage labor gofer oil deliveryman mover fish cutter restaurant manager cable thief each job more mind numbing than the last **A Working Stiff's Manifesto** will resonate with anyone who has ever suffered a demeaning job worn a name badge or felt the tyranny of the time clock

A Working Stiff's Manifesto Iain Levison, 2003-07-01 A bracing hilarious and dead on account of a college graduate's chronic underemployment The New York Times Book Review In ten years Iain Levison has lived in six states and worked at forty two jobs from fish cutter in Alaska to furniture mover in North Carolina film set gofer oil deliveryman truck driver and crab fisherman He quit thirty of them got fired from nine and has difficulty remembering the other three Whatever could go wrong often did hilariously **A Working Stiff's Manifesto** is a funny book about the not so funny experience of dead end jobs the real thing written not by a high priced journalist disguised as a counter clerk but by a genuine wage dependent hand to mouth working stiff too well off for welfare yet too broke to fit a consumer demographic He works to keep his car running to get back and forth from work He works to get by and get back to square one for the next day's labors And in this book he finally gets some use out of the forty thousand he blew on his English degree providing an entertaining unusual mix of autobiography and social commentary from a sharp eyed impassioned critic of the American workplace Publishers Weekly

Exposés and Excess Cecelia Tichi, 2013-03-01 From robber barons to titanic CEOs from the labor unrest of the 1880s to the mass layoffs of the 1990s two American Gilded Ages one in the early 1900s another in the final years of the twentieth century mirror each other in their laissez faire excess and rampant social crises Both eras have ignited the civic passions of investigative writers who have drafted diagnostic blueprints for urgently needed change The compelling narratives of the muckrakers Upton Sinclair Ida Tarbell Lincoln Steffens and Ray Stannard Baker among them became bestsellers and prizewinners a hundred years ago today Cecelia Tichi notes they have found their worthy successors in writers such as Barbara Ehrenreich Eric Schlosser and Naomi Klein In **Exposés and Excess** Tichi explores the two Gilded Ages through the lens of their muckrakers Drawing from her considerable and wide ranging work in American studies Tichi details how the writers of the first muckraking generation used fact based narratives in magazines such as McClure's to rouse the U S public to civic action in an era of unbridled industrial capitalism and fear of the immigrant dangerous classes Offering a damning cultural analysis of the new Gilded Age Tichi depicts a booming insecure fortress America of bulked up baby strollers McMansion housing and an obsession with

money as lifeline in an era of deregulation yawning income gaps and idolatry of the market and its rock star CEOs No one has captured this period of corrosive boom more acutely than the group of nonfiction writers who burst on the scene in the late 1990s with their exposés of the fast food industry the world of low wage work inadequate health care corporate branding and the multibillion dollar prison industry And nowhere have these authors Ehrenreich Schlosser Klein Laurie Garrett and Joseph Hallinan revealed more about their emergence as writers and the connections between journalism and literary narrative than in the rich and insightful interviews that round out the book With passion and wit Exposés and Excess brings a literary genre up to date at a moment when America has gone back to the future **The Poetry of Class** Patrick

Eiden-Offe, 2023-09-25 In the early 19th century a new social collective emerged out of impoverished artisans urban rabble wandering rural lower classes bankrupt aristocrats and precarious intellectuals one that would soon be called the proletariat But this did not yet exist as a unified homogeneous class with affiliated political parties The motley appearance the dreams and longings of these figures torn from all economic certainties found new forms of narration in romantic novellas reportages social statistical studies and monthly bulletins But soon enough these disorderly violent nostalgic errant and utopian figures were denigrated as reactionary and anarchic by the heads of the labour movement since they did not fit into their grand linear vision of progress In this book Patrick Eiden Offe tells their story tracing the making of the proletariat in V rmarz Germany 1815 1848 through the writings of figures like Ludwig Tieck Moses Hess Wilhelm Weitling Georg Weerth Friedrich Engels Louise Otto Peters Ernst Willkomm and Georg B chner and in so doing revealing a striking similarity to the disorderly classes of today **What Is Authentic Educational Reform?** Helen L. Johnson, Arthur Salz, 2017-09-25 In response to the

nationwide attacks on education in the name of educational reform packaged in No Child Left Behind general analyses and local accounts of these attacks as well as arguments on behalf of authentic educational reform are badly needed This volume offers a useful combination of specific case studies theory and policy Gerald Coles educational psychologist US Challenging the compassionate conservative agenda for educational reform an agenda which seeks to improve American education through a business model focused on scripted lessons lock step approaches to teaching high stakes testing and rigid accountability measures this book critiques the assumptions of this agenda examines the problems that have riddled its implementation in schools and suggests constructive alternatives Educational theorists and researchers including Joel Spring Sonia Nieto Bill Ayers and Susan Ohanian classroom teachers and parents offer a mix of perspectives on the social and political contexts of current educational reform initiatives the impact of the compassionate conservative agenda on educational policies and practices the ways in which children and teachers are affected by this agenda and its policies and approaches that hold out hope for implementing authentic education reform Intended for education professionals students and scholars What Is Authentic Educational Reform poses more questions than it answers but taken together these questions constitute a foundation for a more informed and thoughtful public conversation about how to refocus reform efforts in a

direction that will truly strengthen American public education for all children and their families **My Job Sucks and I Can't Take It Anymore! Help!** John L. White, 2007-07 The Real Story Sarah Statz Cords, Robert Burgin, 2006-03-30 Here is your road map to the vast and previously uncharted terrain of recreational nonfiction After defining the genre and discussing its unique characteristics and appeals the author describes more than 500 popular nonfiction titles and organizes them according to genre Everything from true adventure true crime and travel narratives to investigative nonfiction environmental writing and life stories Genres are subdivided into subgenres and popular themes such as micro histories deep science and humorous memoirs Focus is on the best titles published within the last decade with key classics and benchmark titles also cited For each title you'll find a short list of nonfiction read-alikes and fiction read-alikes are listed for each genre
