A Bibliography of the Works of Robert Louis Stevenson (Classic Reprint) W. F. Prideaux, 2017-12-09 Excerpt from A Bibliography of the Works of Robert Louis Stevenson Stevenson possessed a singularly healthy mind and a temperament which enabled him to face the ills of life with unflinching courage Constant ill health the frequent apprehension of poverty and a series of discouragements which far exceeded the ordinary allowance of humanity were met at one time with the humorous acquiescence of a Thomas More at another with a deeper fortitude which threw an answering glove into the face of Destiny Courage with him was the virtue which all the others presuppose and it requires little reflection to perceive that superiority to weakness or vice cannot exist without it It is this quality which runs like a golden thread through his life and work and which is the secret of his charm No writer has ever thrown more of himself into his works no one has illumined his surroundings more vividly with the rays of his individuality and it would be possible to arrange his essays in an order which would portray his inward and outward life from childhood to middle age About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

The Works of Robert Louis Stevenson, Vol. 9 (Classic Reprint) Robert Louis Stevenson, 2015-07-12 Excerpt from The Works of Robert Louis Stevenson Vol 9 Nearly thirty years have passed since Stevenson began to attract a circle of appreciative readers From the first it was clear that the literary appreciation coincided with a personal attraction As his fame extended the admiration of readers remotest in the flesh had a tinge of friendship while the inner circle could not distinguish between their enthusiastic affection for the man and their cordial enjoyment of his genius So far as the biographer is concerned the identity of the two sentiments is a clear gain Affection though not a sufficient is an almost necessary qualification for a good biography It may be doubted however whether a man's friends are his best critics The keen eye of the candid outsider has detected a tacit conspiracy in this case The circle of friends looks unpleasantly like a clique trying to gain a reflex glory from the fame of its hero or to make a boast of its superior insight The connection it is true has other dangers The tie may be broken and the rupture it appears cancels all obligations to reticence No one can then lay on the lash like the old friend who knows the weak places and has or fancies that he has an injury to resent The bitterness may be intelligible and therefore perhaps we should excuse a man for relieving his feelings after this peculiar fashion I cannot say that I think the result edifying but I make no further comment I would rather observe that fidelity to old ties is not necessarily blinding No one can read Mr Colvin's notes upon his friend's letters without admitting that his friendship has sharpened his insight
