Tracing the threads Kelly J.D. Waldron, 2009-01-01 This text is a postmodern historical analysis that seeks to trouble the distinction between the private and the public that is traditionally drawn in educational history and theory by examining the histories of public schools and independent schools around the topics of identity politics accountability and globalization This work is unique in its focus on the histories of independent schoolings as being in dialogue with those of public schooling Through a historical and theoretical examination of the dialogical space in

between the private public divide in education around these three interrelated topics this work seeks to troubles the private public distinction exploring the possibilities and futurities for curriculum work and education in the postmodern space in between public schools and independent schools It raises questions regarding what defines the structures of schooling in the United States as well as how contrasts between public and private spaces question traditional notions of democratic education

Understanding Race and Crime Colin Webster, 2007-07-16 Why are some ethnic minorities associated with higher levels of offending How can racist violence be explained Are the police and criminal justice system racist Are the reasons for offending and victimization among ethnic minorities different from those among ethnic majorities Understanding Race and Crime provides a comprehensive and critical introduction to the debates and controversies about race crime and criminal justice While focusing on Britain and America it also takes a broader international perspective with case studies including the historical legacy of lynching in the United States and racist state crime in the Nazi and Rwandan genocides The book provides a conceptual framework in which racism race and crime might be better understood It traces the historical origins of how thinking about crime came to be associated with racism and how fears and anxieties about race and crime become rooted in places destabilized by rapid social change The book questions whether race and ethnicity alone are significant enough factors to explain differing offending and victimization patterns between ethnic groups Issues examined include Contact conflict with the police Public disorder Involvement with the criminal justice system Understanding Race and Crime is essential reading for students from a range of social science disciplines and for a variety of crime related courses It is also useful to practitioners in the criminal justice field and those interested in understanding the issues behind debates on race and crime

Understanding Individual Experiences of COVID-19 to Inform Policy and Practice in Higher Education Amy Aldous Bergerson, Shawn R. Coon, 2022-01-10 Utilizing findings from more than 200 interviews with students staff and faculty at a US university this volume explores the immediate and real life impacts of COVID 19 on individuals to inform higher education policy and practice in times of crisis Documenting the profound impacts that COVID 19 had on university operations and teaching this text foregrounds a range of participant perspectives on key topics such as institutional leadership and loss of community managing motivation and the move to online teaching and learning and coping with the adverse mental health effects caused by the pandemic Far from dwelling on the negative the volume frames the lived experiences and implications of COVID 19 for higher education through a positive progressive lens and considers how institutions can best support individual and collective thriving during times of crisis This text will benefit researchers academics and educators in higher education with an interest in the sociology of education higher education management and eLearning more broadly Those specifically interested in student affairs practice as well as the administration of higher education will also benefit from this book

Two Languages at Work Tara Goldstein, 2011-08-25 CONTRIBUTIONS TO THE SOCIOLOGY OF LANGUAGE brings to students researchers and practitioners in all of the social and language related

sciences carefully selected book length publications dealing with sociolinguistic theory methods findings and applications It approaches the study of language in society in its broadest sense as a truly international and interdisciplinary field in which various approaches theoretical and empirical supplement and complement each other The series invites the attention of linguists language teachers of all interests sociologists political scientists anthropologists historians etc to the development of the sociology of language

Race in Another America Edward E. Telles, 2014-04-24 This is the most comprehensive and up to date book on the increasingly important and controversial subject of race relations in Brazil North American scholars of race relations frequently turn to Brazil for comparisons since its history has many key similarities to that of the United States Brazilians have commonly compared themselves with North Americans and have traditionally argued that race relations in Brazil are far more harmonious because the country encourages race mixture rather than formal or informal segregation More recently however scholars have challenged this national myth seeking to show that race relations are characterized by exclusion not inclusion and that fair skinned Brazilians continue to be privileged and hold a disproportionate share of wealth and power In this sociological and demographic study Edward Telles seeks to understand the reality of race in Brazil and how well it squares with these traditional and revisionist views of race relations He shows that both schools have it partly right that there is far more miscegenation in Brazil than in the United States but that exclusion remains a serious problem He blends his demographic analysis with ethnographic fieldwork history and political theory to try to understand the enigma of Brazilian race relations how inclusiveness can coexist with exclusiveness The book also seeks to understand some of the political pathologies of buying too readily into unexamined ideas about race relations In the end Telles contends the traditional myth that Brazil had harmonious race relations compared with the United States encouraged the government to do almost nothing to address its shortcomings

Encyclopedia of Race, Ethnicity, and Society Richard T. Schaefer, 2008-03-20 This encyclopedia offers a comprehensive look at the roles race and ethnicity play in society and in our daily lives Over 100 racial and ethnic groups are described with additional thematic essays offering insight into broad topics that cut across group boundaries and which impact on society

Understanding Race Relations Ina Corinne Brown, 1972 Overview of race relations and racial conflict in the USA analyses various social structures and attitudes historically associated with racial discrimination against Blacks Bibliography pp 261 to 272 and references
