Une Histoire Mecque Naissance Dabraham:

Histoire de La Mecque Ziauddin Sardar, 2017-08-16 T00:00:00+02:00 Ce livre exceptionnel fait apparaître toute la profondeur et toute la richesse de l'un des sites religieux majeurs de notre planète La Mecque Ville où le prophète Mohamed est né et direction vers laquelle tous les musulmans se tournent pour prier Ziauddin Sardar retrace depuis les origines de la ville et le voyage d'Abraham quatorze siècles d'une histoire parfois agitée Car la Ville Sainte n'est pas seulement un lieu spirituel En drainant chaque année trois millions de croyants elle est un centre véritable un enjeu de pouvoir économique politique et culturel qui façonne les esprits et exerce une influence considérable sur les événements du monde **Le Cycle de 'Abd al-Muṭṭalib** Aomar Hannouz, 2024-02-06 This book aims to demonstrate that the accounts that feature Muhammad's grandfather in Ibn Isq's Sira are the product of narrative engineering Through a narrative sequence in which Abd al Mu alib is the hero several intriguing episodes follow one another in a causal manner and lead to the birth of a future prophet Articulated with a historical anthropology the narrative analysis reveals that the Sira is the heir to the royal literature of the ancient Near East Using motifs and themes from the culture of the Fertile Crescent the Sira makes Abd al Mu alib a royal figure in the service of legitimising the Abbasid dynasty heir par excellence to Ishmael and restorer of the Abrahamic covenant Cet ouvrage entend démontrer que les récits qui mettent en scène le grand père de Muhammad dans la Sira d'Ibn Isq sont le produit d'une ingénierie narrative travers une séquence narrative dont Abd al Mu alib est le héros plusieurs épisodes intrigants s'enchaînent d'une manière causale et aboutissent à la naissance d'un futur prophète Articulé une anthropologie historique l'analyse narrative révèle que la Sira est l'héritière de la littérature royale du Proche Orient ancien partir de motifs et de thématiques issus de la culture du croissant fertile la Sira fait de Abd al Mu alib une figure royale au service de la légitimation de la dynastie abbasside héritier par excellence d'Ismaël et restaurateur de l'alliance abrahamique **The Politics of the Hajj from a Comparative Perspective** Muriel Gomez-Perez, Cédric Jourde, Marie Brossier, 2025-02-28 This book analyzes the contemporary politics of the Hajj in countries of Africa the Near East and Southeast Asia States must organize the mobility of approximately two million pilgrims every year States also manage the flow of vast amounts of financial resources related to the Hajj as well as the transmission of religious and political ideas about how the world ought to be governed The contributions in this volume investigate how states attempt to manage the Hajj and the power relations they develop with pilgrims religious leaders and entrepreneurs of various types They also examine the Hajj organization from the viewpoint of pilgrims how they make sense of the bureaucratic apparatus they encounter how they navigate the constraints imposed upon them and how they seize opportunities to fulfill their religious economic and social aspirations The Politics of the Hajj from a Comparative Perspective closely analyzes political interactions between states pilgrims religious actors and entrepreneurs and the extent to which they have evolved over time **Black Wave** Kim Ghattas, 2020-01-28 A New York Times Notable Book of 2020 A sweeping and authoritative history The New York Times Book Review Black Wave is

an unprecedented and ambitious examination of how the modern Middle East unraveled and why it started with the pivotal year of 1979 Kim Ghattas seamlessly weaves together history geopolitics and culture to deliver a gripping read of the largely unexplored story of the rivalry between Saudi Arabia and Iran born from the sparks of the 1979 Iranian revolution and fueled by American policy With vivid story telling extensive historical research and on the ground reporting Ghattas dispels accepted truths about a region she calls home She explores how Sunni Saudi Arabia and Shia Iran once allies and twin pillars of US strategy in the region became mortal enemies after 1979 She shows how they used and distorted religion in a competition that went well beyond geopolitics Feeding intolerance suppressing cultural expression and encouraging sectarian violence from Egypt to Pakistan the war for cultural supremacy led to Iran s fatwa against author Salman Rushdie the assassination of countless intellectuals the birth of groups like Hezbollah in Lebanon the September 11th terrorist attacks and the rise of ISIS Ghattas introduces us to a riveting cast of characters whose lives were upended by the geopolitical drama over four decades from the Pakistani television anchor who defied her country s dictator to the Egyptian novelist thrown in jail for indecent writings all the way to the murder of journalist Jamal Khashoggi in the Saudi consulate in Istanbul in 2018 *Black Wave* is both an intimate and sweeping history of the region and will significantly alter perceptions of the Middle East

La condition humaine à l'épreuve de la science Chems Eddine Chitour, 2022-10-12 L'homme quel que soit son questionnement vis vis du mystère de la vie et de la mort est inquiet Au delà de l'athéisme voire du nihilisme qui ne laisse pas pour autant l'individu indemne d'interrogations la désaffection pour le religieux résulte d'une fascination de l'impression de victoire technologique de la matière de la société de consommation matérialiste et athée Les avancées de la science ont fragilisé les religions en les rendant moins mystérieuses Dans les prochaines décennies toutes les anomalies relevées dans les textes sacrés et qui seront en contradiction flagrante avec la science vont faire perdre de la crédibilité aux religions indépendamment de la foi Le point de singularité est celui où l'intelligence artificielle dépassera en performance celle de l'homme Lentement mais sûrement la science repousse les frontières de l'inconnu C'est ce sujet fondamental pour le devenir de l'humanité que le professeur Chems Eddine Chitour propose d'instruire dans son livre Paraphrasant l'auteur nous disons que la quête du bonheur de l'humanité va de pair avec les conquêtes positives de la science Il n'en demeure pas moins comme il le souligne que la science ne peut pas apaiser les angoisses de l'homme la lancinante question de la destinée humaine et du trépas de la vie Seules les religions les grandes spiritualités et la sagesse peuvent rassurer cette angoisse métaphysique de l'homme Le professeur Chitour met en garde les adeptes des traditions religieuses en leur indiquant la voie salvifique suivre Si les religions veulent réellement servir de guide une humanité désemparée ballotée dans tous les sens victime du moneythisme il leur faudra une lecture plus saine des saintes écritures et surtout plus poussée La sobriété et le renoncement la culture de l'homme sont nées en point douter les chemins du salut Docteur Ghaleb Benchikh El Hocine PROPOS DE L'AUTEUR Chems Eddine Chitour est professeur de raffinage et de chimie pétrolière Il est l'auteur d'une dizaine de

publications caractéristiques scientifiques et de plusieurs essais sur l'Algérie l'énergie la culture l'histoire et le fait religieux face à la science

The Saudi Terror Machine Pierre Conesa, 2018-09-25 The religious diplomacy of Saudi Arabia constitutes a strange black hole in the analysis of radicalism that affects Islam and the Middle East today Why has Salafism the most intolerant and sectarian movement of Islam become so prevalent Of all the religious radicalisms that rot the planet it is the only one to enjoy the constant support of a country endowed with immense means the Saudi kingdom This study whose collaborators wanted to remain anonymous reveals how the two sides of the kingdom the conciliatory one of the Saud dynasty and the more aggressive Salafism propagandist of jihad has for decades developed a religious strategy to conquer the Muslim community and the West without appearing as an enemy One of the most striking examples is the absence of sanctions or even accusations by George W Bush towards Saudi Arabia in the aftermath of the September 11th attacks even with fifteen identified Saudis among the terrorists The kingdom's influence is largely unknown but undoubtedly acts as a key player throughout the Muslim world through their financing of conservative Koranic schools universities and mosques as well as other international public and private organizations But after years of financing radical Islamists in foreign lands Saudi Arabia now finds itself threatened in their own territory the monster they have given birth to turned against them
