Union in Truth James B. North, 2019-02-27 This history of the Restoration Movement looks at why it exists where it has succeeded and why it has sometimes failed to accomplish the goal of Christian union and the goal of biblical authority

*The Encyclopedia of the Stone-Campbell Movement* Douglas A. Foster, 2004 Over ten years in the making The Encyclopedia of the Stone Campbell Movement offers for the first time a sweeping historical and theological treatment of this complex vibrant global communion Written by more than 300 contributors this major reference work contains over 700 original articles covering all of the significant individuals events places and theological tenets that have shaped the Movement Much more than simply a historical dictionary this volume also constitutes an interpretive work reflecting historical consensus among Stone Campbell scholars even as it attempts to present a fair representative picture of the rich heritage that is the Stone Campbell Movement **BOOK JACKET** *The Disciples—Second Edition* D. Duane

Cummins, 2023-07-14 This new second edition refined updated and revised contains the story of those 15 years along with revisions in how a humble gathering evolved over two centuries into the Christian Church Disciples of Christ a modern denomination of international stature The Disciples A Struggle for Reformation Revised Edition discusses how Disciples progressed from congregationalism to Covenant how they survived the tumult of Civil War how they developed a ministry of missions on a global scale and how they met the brutal challenge of 21st century COVID The Stone-Campbell Movement D. Newell Williams, Douglas Allen Foster, Paul M. Blowers, 2013-03-30 The Stone Campbell Movement A Global History tells the story of Christians from around the globe and across time who have sought to witness faithfully to the gospel of reconciliation Transcending theological differences by drawing from all the major streams of the movement this foundational book documents the movement's humble beginnings on the American frontier and growth into international churches of the twenty first century **Encyclopedia of Protestantism** Hans J. Hillerbrand, 2004-08-02 For more information including

sample entries full contents listing and more visit the Encyclopedia of Protestantism web site Routledge is proud to announce the publication of a new major reference work from world renowned scholar Hans J Hillerbrand The Encyclopedia of Protestantism is the definitive reference to the history and beliefs that continue to exert a profound influence on Western thought Featuring entries written by an international team of specialists and scholars the encyclopedia traces the course of Protestantism from its beginnings prior to 1517 when Martin Luther nailed his 95 Theses to the door of Wittenberg Cathedral to the vital and diverse international scene of the present day *American Originals* Paul K. Conkin, 2000-11-09 In a work of striking breadth and clarity Paul Conkin offers an even handed and in depth look at the major American made forms of Christianity a diverse group of religious traditions each of which reflects a significant break from western Christian orthodoxy Identifying six distinctive types Conkin examines the major denominations representative of each original variety of American Christianity restoration Churches of Christ Disciples of Christ humanistic Unitarians Universalists apocalyptic

Adventists Jehovah's Witnesses Mormon Church of Jesus Christ of Latter-day Saints spiritual Christian Science Unity and ecstatic Holiness and Pentecostal denominations Focusing on the early years and maturation of these groups he discusses their founders and leaders origins and Old World roots and essential doctrines and practices Conkin closes each chapter with a guide to further reading The first comprehensive survey of these American originals this book will serve as a valuable resource on a number of religious traditions whose members not only comprise a significant percentage of the American population but also make up an increasing proportion of Christian converts worldwide *The Myth of the Stone-Campbell Movement* Jim Cook, 2019-09-09 The Stone Campbell Movement was created in 1832 when Barton Stone's Christians from the West merged with Alexander Campbell's Reforming Baptists By the beginning of the Civil War it was the sixth largest religious movement in the United States and in the twentieth century the movement split into the three main branches that exist today In recent years scholars from these branches have worked to better understand their nineteenth century roots creating the historical sub-field restoration history in which historians and other scholars debate the influence of Stone and Campbell on specific characteristics of the existing branches Bringing new insight into that debate Jim Cook uses the writings of both Stone and Campbell to show that Stone was not a viable leader of the movement after 1832 and that his ideas were not part of what influenced the twentieth century branches of the movement This study demonstrates that the debates going on between restoration historians are thus predicated on the false assumption that Stone influenced people within his movements and proves that Stone was an outsider in the movement that bears his name **The Disciples: A Struggle for Reformation (Paperback)** D. Duane Cummins, 2009 **Encyclopedia of Religion in the South** Samuel S. Hill, Charles H. Lippy, Charles Reagan Wilson, 2005 The publication of the Encyclopedia of Religion in the South in 1984 signaled the rise in the scholarly interest in the study of Religion in the South Religion has always been part of the cultural heritage of that region but scholarly investigation had been sporadic Since the original publication of the ERS however the South has changed significantly in that Christianity is no longer the primary religion observed Other religions like Judaism Buddhism and Hinduism have begun to have very important voices in Southern life This one volume reference the only one of its kind takes this expansion into consideration by updating older relevant articles and by adding new ones After more than 20 years the only reference book in the field of the Religion in the South has been totally revised and updated Each article has been updated and bibliography has been expanded The ERS has also been expanded to include more than sixty new articles on Religion in the South New articles have been added on such topics as Elvis Presley Appalachian Music Buddhism Bill Clinton Jerry Falwell Fannie Lou Hamer Zora Neale Hurston Stonewall Jackson Popular Religion Pat Robertson the PTL Sports and Religion in the South theme parks and much more This is an indispensable resource for anyone interested in the South religion or cultural history Renewing the World Gary Holloway, Douglas A. Foster, 2015-09 Barton Stone Thomas Campbell and Alexander Campbell organized a nineteenth century Christian renewal movement that later coalesced into

three distinct church bodies in the United States Churches of Christ the Christian Church Disciples of Christ and Christian Churches and Churches of Christ What is less known is that from these humble origins the Stone Campbell Movement has grown globally now with churches in more than 199 countries This book tells the story from the movement s beginnings all the way to its international expansion into Europe Africa Asia and Australia Complete with a study guide and personal reflection questions this book is ideal for longtime members new members and those unfamiliar with the Stone Campbell heritage
