Uses of Intertextuality in Classroom and Educational Research Nora Shuart-Faris, David Bloome, 2004-11-01 **On Discourse Analysis in Classrooms** David Bloome, Stephanie Power Carter, Beth Morton Christian, Samara Madrid, Sheila Otto, Nora Shuart-Faris, Mandy Smith, 2008 This book in the NCRL Collection provides an introductory discussion of discourse analysis of language and literacy events in classrooms The authors introduce approaches to discourse analysis in a way that redefines traditional topics and provokes the imagination of researchers For those who have limited knowledge of discourse analysis this book will help generate new questions about literacy events in classrooms For those familiar with this research perspective it will map diverse new approaches Offers examples of classroom discourse with analyses that researchers and practitioners can use as the basis for pursuing their own analyses Rob Tierney Dean Faculty of Education University of British Columbia On Discourse Analysis provokes us to rethink discourse analytic approaches as generative tools that can open up new ways of seeing language and literacy events in classrooms The authors richly illustrate the complexity and potential of discourse analysis studies with cases that orient us to foreground the local with broader cultural historical and social relations in ways that make evident what it means to be human On Discourse Analysis provides a fresh approach to discourse analysis studies Kris Gutierrez University of California at Los Angeles *Children's Ways with Science and Literacy* Maria Varelas, Christine C. Pappas, 2013-05-07 Science is often a forgotten subject in early elementary grades as various mandates require teachers to focus on teaching young students to achieve specific reading and mathematical competencies This book offers specific examples and empirical evidence of how integrated science literacy curriculum and teaching in urban primary grade classrooms give students opportunities to learn science and to develop positive images of themselves as scientists The Integrated Science Literacy Enactments ISLE approach builds on multimodal multidimensional and dialogically oriented teaching and learning principles Readers see how as children engage with texts material objects dialogue ideas and symbols in their classroom community they are helped to bridge their own understandings and ways with words and images with those of science In doing so they become learners of both science and literacy The book features both researcher and teacher perspectives It explores science learning and its intersection with literacy development in schools that educate predominately children of color many of whom struggle with poverty and have been traditionally underestimated underserved and underrated in science classrooms In all these ways this volume is a significant contribution to a critically under researched area of science education Handbook of Research on Effective Electronic Gaming in Education Ferdig, Richard E., 2008-07-31 This book presents a framework for understanding games for educational purposes while providing a broader sense of current related research This creative and advanced title is a must have for those interested in expanding their knowledge of this exciting field of electronic gaming Provided by publisher *Pedagogical Applications and Social Effects of Mobile Technology Integration* Keengwe, Jared, 2013-02-28 With the rapid

development of emerging technology tools the digital nature of learning environments continues to change traditional forms of education Therefore knowledge of these changes for incorporation into classroom instruction is necessary Pedagogical Applications and Social Effects of Mobile Technology Integration analyzes possible solutions over the concerns and issues surrounding mobile technology integration into the classroom This book is an essential resource for professionals researchers and technology leaders interested in providing a direction for the future of classroom technology *Handbook of Reading Research, Volume IV* Michael L. Kamil, P. David Pearson, Elizabeth Birr Moje, Peter Afflerbach, 2011-03-17 The Handbook of Reading Research is the research Handbook for the field Each volume has come to define the field for the period of time it covers Volume IV follows in this tradition The editors extensively reviewed the reading research literature since the publication of Volume III in 2000 as portrayed in a wide array of research and practitioner based journals and books to identify the themes and topics covered As in previous volumes the focus is on reading research rather than a range of literate practices When taken as a set the four volumes provide a definitive history of reading research Volume IV brings the field authoritatively and comprehensively up to date **Exploring Technology-Infused Education in the Post-Pandemic Era** Tomei, Lawrence A., Carbonara, David D., 2024-08-05 In the aftermath of the 2020 2022 pandemic educators find themselves grappling with the decision to revert to traditional instructional methods or embrace the transformative power of 21st century technologies The swift integration of virtual classrooms videoconferencing and social media during the pandemic has left teachers navigating uncharted territory Many who once vehemently resisted technology now stand on the precipice of a digital revolution in education This dichotomy poses a pressing problem a dearth of documented research and guidance for educators seeking to measure the true value of these technologies in the post pandemic era Exploring Technology Infused Education in the Post Pandemic Era offers guidance and solutions to the challenges faced by educators As teachers stand on the brink of a pivotal decision the research community lags behind in providing the necessary insights to inform their choices The questions loom large What technologies emerged during the pandemic and have they proven effective in the classroom Can these innovations seamlessly coexist with traditional instructional methods The void in documented research leaves educators in a quandary lacking the evidence needed to make informed decisions about the integration of technology into their teaching practices This critical gap impedes progress and hinders the unleashing of the full potential of 21st century educational tools **Handbook of Research on Teaching the English Language Arts** Diane Lapp, Douglas Fisher, 2011-01-18 Now in its third edition the Handbook of Research on Teaching the English Language Arts sponsored by the International Reading Association and the National Council of Teachers of English offers an integrated perspective on the teaching of the English language arts and a comprehensive overview of research in the field Prominent scholars researchers and professional leaders provide historical and theoretical perspectives about teaching the language arts focus on bodies of research that influence decision making within the teaching

of the language arts explore the environments for language arts teaching reflect on methods and materials for instruction Reflecting important recent developments in the field the Third Edition is restructured updated and includes many new contributors More emphasis is given in this edition to the learner multiple texts learning and sharing one's knowledge A Companion Website new for this edition provides PowerPoint slides highlighting the main points of each chapter

Multiliteracies and Technology Enhanced Education: Social Practice and the Global Classroom Pullen, Darren Lee, Cole, David R., 2009-07-31 This book will help readers understand the ways in which literacy is changing around the world and to keep up to date with literacy research and reporting techniques Provided by publisher **Verbal/visual Narrative Texts in Higher Education** Martin Solly, Michelangelo Conoscenti, Sandra Campagna, 2008 This series promotes specialist language studies both in the fields of linguistic theory and applied linguistics by publishing volumes that focus on specific aspects of language use and provide valuable insights into language and communication research A cross disciplinary approach is favoured and most European languages are accepted
