Using Documents In Social Research Introducing Qualitative Methods Series

Paul ten Have

Using Documents In Social Research Introducing Qualitative Methods Series:

Using Documents in Social Research Lindsay Prior, 2003-02-26 Using Documents in Social Research offers a comprehensive yet concise introduction to the use of documents as tools within social science research. The book argues that documents stand in a dual relation to human activity and therefore by transmitting ideas and influencing the course and nature of human activity they are integral to the research process. Key features of the book include Alerts students to the diversity of social scientific research documents. Outlines the various strategies and debates that need to be considered in order to integrate the study of documents into a research project. Offers a number of examples where documents have been used within a variety of research contexts. The book is written in an easy and engaging style which makes it accessible to undergraduates and postgraduate students. It will be essential reading for students and researchers across a range of social science disciplines.

Using Documents in Social Research Lindsay Prior, 2003-06-16 A comprehensive yet concise introduction to the use of documents as tools within social science research.

Using Diaries for Social Research Andy Alaszewski, 2006-01-24 The book has no competitor; it summarises the development of the method, follows through all stages of research from accessing subjects through design to analysing diary information as data, and considers how the method can best be exploited and used. No other book comes remotely near doing this. I for one shall be using it gratefully as the single best text for diary research. Professor Anthony P. Macmillan, Honorary Professorial Fellow, University of Edinburgh. In this accessible and lucid introductory text, Andy Alaszewski considers the analysis of diaries as a distinctive research technique in its own right. Nothing has previously covered this area in single volume format, but the timely emergence of *Using Diaries for Social Research* recognizes the increased interest in and relevance of diary methodology within social research teaching. Effectively combining theory, history, and methodology, Alaszewski begins by discussing how diary keeping has developed, outlining the key features of the medium and examining the ways in which diaries have been and can be used for social research. He describes how suitable diaries and diarists can be identified by the researcher and once found how these diaries can be structured to generate research material. Finally, the researcher is taken through the analysis stage, examining statistical techniques, content analysis, and structure analysis as effective methods of investigating diary texts. This introductory student guide is an essential text for anyone involved in the area of social or historical research and for those working in the narrative tradition.

A Companion to Qualitative Research Uwe Flick, Ernst von Kardoff, Ines Steinke, 2004-05-25 *A Companion to Qualitative Research* draws on the work of an array of leading scholars from Europe, Britain, and North America to present a summary of every aspect of the qualitative research process, from nuts and bolts methods and research styles to examinations of methodological theory and epistemology. It is one of the few surveys of qualitative research to adopt a genuinely international voice.

Narratives in Social Science Research Barbara Czarniawska-Joerges, 2004-03-27 Provides an historical overview of the development of the narrative approach, a guide to

how narrative methods can be applied in fieldwork how to incorporate a narrative approach within a field project guidelines for interpreting collected or produced narratives and useful guides for further reading Doing Conversation Analysis Paul ten Have, 2007-09-25 This is the book for introducing and getting to grips with conversation analysis Accessible comprehensive and very applied Steven Wright Lancaster University A clearly written book It puts CA into perspective by presenting exemplary studies and differentiating CA from other approaches to discourse It is full of advice concerning the technicalities of recording transcription and analysis It will be most useful to my students Spiros Moschonas University of Athens The Second Edition of Paul ten Have's classic text Doing Conversation Analysis has been substantially revised to bring the book up to date with the many changes that have occurred in conversation analysis over recent years The book has a dual purpose to introduce the reader to conversation analysis CA as a specific research approach in the human sciences and to provide students and novice researchers with methodological and practical suggestions for actually doing CA research The first part of the book sets out the core theoretical concepts that underpin CA and relates these to other approaches to qualitative analysis The second and third parts detail the specifics of CA in its production of data recordings and transcripts and its analytic strategies The final part discusses ways in which CA can be applied in the study of specific institutional settings and for practical or critical purposes Doing Research in Cultural Studies Paula Saukko, 2003-11-03 Paula Saukko outlines the key methodological approaches to the study of lived experience texts and social contexts within the field of cultural studies Gender and Qualitative Methods Helmi Järviluoma, Pirkko Moisala, Anni Vilkkö, 2003-09-30 The book will be of particular value to those wishing to understand and review the importance of gender within their research studies It provides a clear and critical view of some of the social theories concerning gender society and experience Nurse Researcher Gender and Qualitative Methods outlines the practical and philosophical issues of gender in qualitative research Taking a social constructionist approach to gender the authors emphasize that the task of the researcher is to investigate how gender is defined negotiated and performed by people themselves within specific situations and locations Each chapter begins with an introduction to a specific method and or research subject and then goes on to discuss gender as an analytical category in relation to it Areas covered include field work life story membership categorisation analysis and analysis of gender in sound and vision Written in a clear and accessible way each chapter contains practical exercises that will teach the student methods to observe and analyze the effects of gender in various texts and contexts The book is also packed with examples taken from women and men's studies as well as from feminist and other gender studies Criminological Research Lesley Noaks, Emma Wincup, 2004-05-24 Criminological Research offers a comprehensive guide to both the theory and practice of qualitative criminological research Through a detailed yet concise explanation the reader is shown how a variety of methods and approaches work and how their outcomes may be interpreted Qualitative Methods for Health Research Judith Green, Nicki Thorogood, 2004-05-25 Using examples from health research projects in a wide range of settings

this book introduces public health health services research nursing and health promotion professionals and students to the key debates in qualitative methodology issues in designing ethical and feasible projects the main methods of collecting and analyzing qualitative data and ways of reading and writing qualitative research
